Water Consumers Notified. EBENSBURG—By order of the water superintendent, the water consumers of Ebensburg have been notified that the use of water for sprinkling lawns, etc., and washing automobiles or for any purpose that can possibly be avoided is prohibited until further notice is given. The dry spell has so reduced the water supply that, although the compressors have been kept running 23 hours a day, there is now only four feet of water in the dams and if a fire were to break out, this condition would prove dangerous. After this year it is not expected to have this trouble, as the new Laurel Glen dam of the borough in Moore's hollow will contain a three-month supply in reserve at all times, and will be available in case of need.

Only Four Bids Received. EBENSBURG—Bids were opened Monday by the county commissioners on three roads as follows: gravel for

The Penn. Contracting Co. was the only other bidder, its figure being \$72,000.

by John Horrath, of Somerset County, who charged the defendants with conducting a house of prostitution and disorder within the city limits, the court acquitted the defendants, the Commonwealth failing to produce sufficient testimony to warrant a conviction. This case grew out of an appeal taken to the court following a hearing held before Mayor Joseph Cuffel, of Johnstown, at which time the defendants were fined \$100 each and costs.

Martin Banic, of Johnstown, who was arrested May 28 on the corner of Front and Broad streets, Johnstown, by Officer Edwards, of the Camlria Steel Company force, and fined \$100 and costs by Mayor Cuffel, on a charge of disorderly conduct, was sentenced by the court to pay a fine of \$10 and the costs of prosecution.
