

Recording the Blackfeet Culture on the Film

It will be only a short time until the old chiefs of the Blackfeet Indian tribes will have disappeared from the earth. In view of this fact the government has decided to make a permanent record of what remains of their peculiar type of civilization. For the past two months a camera crew has been working in Glacier National park, filming the Indians in their home life, their dances, their tribal gatherings, their sacred medicine ceremonies and other forms of their work and play. The film will be preserved for educational and historical purposes.

NEVER FOR SALE

Three Things Which Are Not Put on the Market.

Health, Happiness and Love Impossible to Acquire for a Price—Error Some Men Make.

"Don't cry, Anne," he said; he isn't worth it. You are too kind and generous to him. Thus did a lover endeavor to soothe her Gaiety, who had just been "thrown over" by the man on whom she had spent the greater part of her earnings during ten of the fourteen months they had been engaged. The circumstances which led up to her giving like things were exceptional, but Anne's cry means the only overloving she has foolishly thought she could find a genuine lover, a contributor to the eastern periodical writes.

When the girl in question first asked the girl to be his wife, he thought she was a little girl, who could earn a living, as he had a soft job himself, Director of a home and wife seemed to be alluring. But, by carelessness, he lost his position. After a week of doing nothing, he hinted that it was not fair to hold her to the engagement. If she had fallen with his suggestion and taken her freedom, in all probability he would soon have got some fresh work more than lose her. But the poor, fooling girl generally agreed to let him in necessities till he got a job.

The average man might have been stirred himself to repay this kindness, but even the demoralized men are apt to value at nothing that which they get for nothing. The girl who gives freely of her affection, and throws in money with the bargain, is usually regarded as a fool.

Not only so, but supplying a man with money also robs him of the best part of his mind, and very often he turns against her just because she has so helped him. There are, of course, some circumstances in which a man may wisely offer a little pecuniary assistance to her sweetheart, but even then, instead of buying an extra supply of affection from him, she runs the risk of being forced to receive imitations of love instead of the genuine article.

Take the true case of a young girl who was not particularly pretty or attractive, but who had plenty of men to take her out, but never once did she become engaged. Her friends could not understand why, until it came out that she had always paid some for her share of the expenses, not only with cigarettes, but with other things dear to the sex of men.

She was trying to be a lover, but in reality was only being heavy installments as a money lender. Real men don't want the frail shoulders of a woman in order to climb life's ladder of success. They glory in feeling that they have done it all themselves. They don't want a girl who will shake when a big first offer them money, but who of it is, unfortunately, a girl that is soon acquired and very hard to break.

How often do we hear of lovers swindling their girls out of quite large sums of money and then leaving them in the lurch? It is no wonder how on the girl's side, as a foolish as to find her money, she need not wonder, once she knows the trick.

The man swindler who is out to get money generally has some in hand, which he is ready to use. He will take a girl out, if he has she has any capital, and he begins to splash his dollar in her shoes, and, without actually saying so, gives the impression that he is plenty.

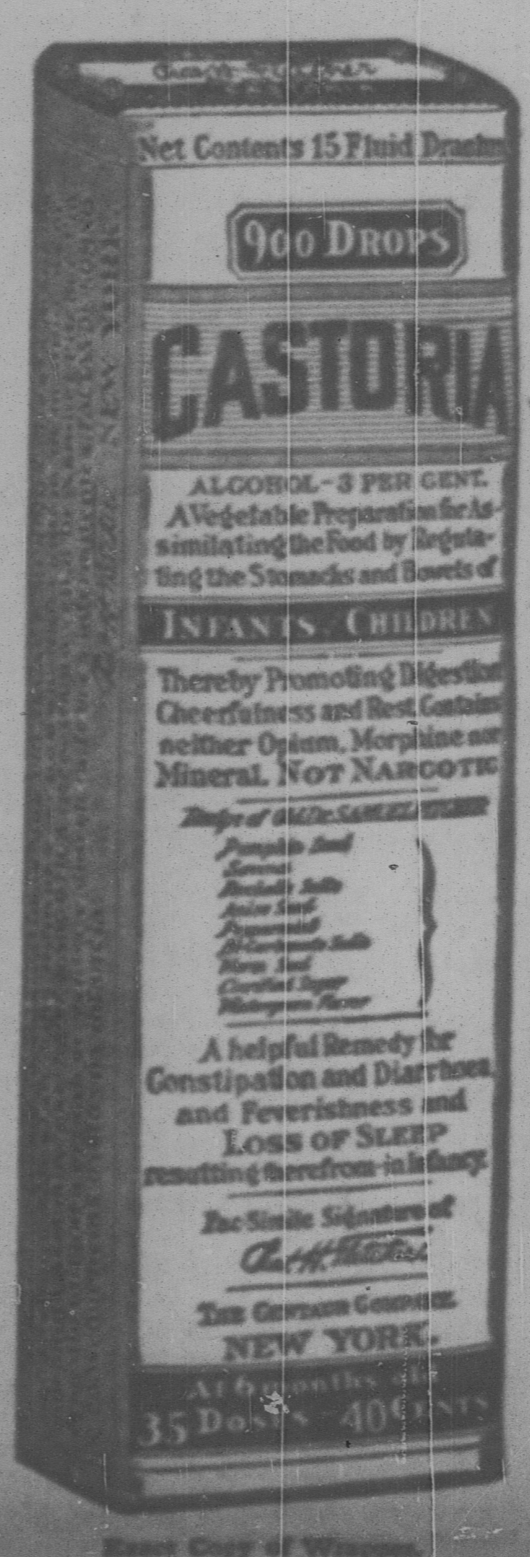

Some More Truths.

WOULD you use a steam shovel to move a pebble? Certainly not. Implements are built according to the work they have to do.

Would you use a grown-up's remedy for your baby's ills? Certainly not. Remedies are prepared according to the work THEY have to do.

All this is preliminary to reminding you that Fletcher's Castoria was sought out, found and is prepared solely as a remedy for Infants and Children. And let this be a warning against Substitutes, Counterfeits and the Just-as-good stuff that may be all right for you in all your strength, but dangerous for the little babe.

All the mother-love that lies within your heart cries out to you: Be true to Baby. And being true to Baby you will keep in the house remedies specially prepared for babies as you would a baby's food, hairbrush, toothbrush or sponge.

Children Cry For Fletcher's CASTORIA

Are You Prepared? A doctor in the house all the time would be a good idea. Yet you can't afford to keep a doctor in the family to keep baby well or prevent sickness. But you can do almost the same thing by having at hand a bottle of Fletcher's Castoria, because it is a wonderful remedy for indigestion, colic, feverishness, fretfulness and all the other disorders that result from common ailments that babies have. Fletcher's Castoria is perfectly safe to use. It is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrups. Children cry for Fletcher's Castoria, and mothers recommend it because they have found it a comfort to children and a mother's friend. If you love your baby, you know how sweet it is to be able to help baby when trouble comes. You cannot always call upon a doctor. But doctors have nothing but good to say of Fletcher's Castoria, because they know that it can only do good—that it can't do any harm—and they wouldn't want you to use for baby a remedy that you would use for yourself.

BROTHERS SHOULD READ THE BROCKET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA. GENUINE CASTORIA ALWAYS Bears the Signature of C. H. Fletcher.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of appetite, nervousness, are often times symptoms of kidney trouble. Dr. Kilmear's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle immediately from any drug store.

However, if you wish just to test this most potent remedy send 30c cents to Dr. Kilmear & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.
