Miss Galloway's Message To Citizens And Voters. 1. Every citizen should be industrious, self-supporting; should pay taxes to maintain the government; should obey laws, and assist in maintaining order; should cultivate a patriotic spirit; should sacrifice personal advantage to public good; should study

the history of our country; should observe, investigate and participate in current events.
2. For twenty years the women of the United States worked to secure the right to vote, confident that when they gained it, they would have power to advance the good of their country and humanity.
3. Two years have passed since Suffrage was granted to women and it is now time for every one of us to ask some searching questions:
a. "Have I performed every duty required of a citizen?"
b. "Have I voted at every election?"
c. "Have I taken my full share of responsibility in the selection of candidates who will maintain high standards for State and community?"
d. "Have I given of my time to serve on civic and political committees, that better government may prevail in my country, my State, my Country, my Community?"
e. "Am I doing my part in supporting good candidates for common welfare?"

HERE IT IS! CONVINCING EVIDENCE Mahaffey, R. D. & Pa. Sept. 2, 1922. This is to certify that I am 78 years old and have been troubled with indigestion and constipation for over 30 years and had high blood pressure so dizzy headed I could hardly walk at all, and headaches. There was one H. J. DeVries, a Chiropodist; I had no faith in his doctrine whatever, but I did take six adjustments and those troubles I speak of are now all gone. Respectfully, DAN F. FISHELL. If in doubt, kindly investigate. H. J. DeVRIES, CHIROPRACTOR, Patton, Pa., office next to Swedish Lutheran Church, Monday, Wednesday and Friday, 1 p. m. to 3 p. m. Think it Over! Think for Yourself!
