**Legion To Hold "Poppy Day"**  
INDIANAPOLIS—The memory of the heroic dead, maimed and disabled of the World War will be marked on May 30, by "Poppy Day" to be held by the American Legion, a movement which will be joined by several thousand posts of the organization throughout the country.

Bellies of the flower which covers the fields of Flanders, where the blood of many American soldiers was shed, will be sold through the agency of the local posts and Auxiliary units, and the returns from the sale of the poppies will be used for the relief of sick and needy veterans, and for the decoration of graves of the heroic dead who lie on foreign shores.

Many posts will take this method in raising their quota of the permanent endowment fund of \$100,000 which is now being subscribed through the Legion in order that the resting places of the 32,100 American dead in Europe will be decorated on each May 30.

The sale of poppies will open a day or two prior to May 30, in most localities, so that there will be a poppy on the breast of every American on Memorial Day.

Grain Moving Briskly

ERIE—Preparations are being made by the Pennsylvania Railroad Company and the Export Grain Corporation for the largest movement of grain ever handled through this port, surpassing even the mark set for the present season. Nearly 6,000,000 bushels are still afloat here and will be sent to the seaboard within the next two or three weeks. More than 18,000,000 bushels were shipped through Erie harbor during the fall and winter and it is believed that this will be almost doubled during the coming year.

FRANKLIN—From 7 o'clock Saturday morning until 11 o'clock Tuesday night a farmer, assisting the mired cars out of the ruts on the detour of the Pittsburgh road at Pearl 14 miles from here, with his team, made \$73. **Fifteen Miners Jailed**  
SOMERSET—Fifteen striking coal miners who last week surrendered to Sheriff Griffith and asked to be placed in jail after having been held in contempt of court for violating an injunction granted to non-union mine operators, were arrested and placed in jail here after they declined to furnish bail. When the miners appeared at the jail last week Sheriff Griffith refused to admit them because they had been given five days in which to arrange bail. The injunction which they are accused of violating prohibits non-union miners from interfering with non-union miners working in mines in the Acosta district, near here. The hearing has been set for next Monday.

**Mine Tipples Damaged**  
WINCHESTER—Two tipples owned by the Herwind-White Coal Mining Company, one at Mine No. 36 and the other at Mine No. 25, both situated near here, were dynamited at an early hour Saturday morning. Damage to the tipples is estimated at about \$3,000. The police are working on the case, but no arrests have been made yet. Lights in the vicinity of the two tipples were thrown out of commission for several hours and this is believed to have been the work of the dynamiters, as the darkness made means of escape more effective for the perpetrators.
