with smart black-tipped nibs in plain black.

Come try the fountain pen of the Chinese-Red. It is the most beautiful fountain pen in the world. It is the most beautiful fountain pen in the world. It is the most beautiful fountain pen in the world.

Most people are loath to lend their fountain pens because the other man's style of writing is apt to foul the point. Not so with the classic pen of Duofold. It is made nearly twice the size of ordinary pens. Hand-some—like gold.

Come see it, try it and take one on 30 days' trial.
