**Cockpits in Seaplanes.**  
 Stories of liners for heroes of the  
 air show us that there are cockpits in  
 seaplanes, and so the word has ac-  
 quired a new meaning. Shakespeare,  
 sneering at his own tribe, the  
 asked, "Can this cockpit hold the vasty  
 fields of France?" Later, the word  
 grew to mean a place where nations  
 fight, so that poor Belgium has long  
 been the cockpit of Europe, while in  
 board ship it was a place on the lower  
 deck peculiar to the surgeon and the  
 purser. On the seaplane it is peculiar  
 to the pilot or observer.

**History of Freedom of Speech.**  
 The issue of free speech is really  
 modern, and emerged chiefly as a de-  
 fensible proposition only with Milton's  
 Areopagitica, to be followed by the  
 widely divergent reasoning of Jeremy  
 Taylor and Joseph Glanville, and by  
 Locke's classical first "Letter on Toler-  
 ation" (1689), which says almost the  
 last word on the matter so far as re-  
 ligious differences are concerned.

**Eggs of Bees.**

 tive objects. In the shape of a round

 pale-colored or white and resemble  
 those of birds in shape.

In the long run, the  
 only way any tire  
 manufacturer can  
 afford to give a "spe-  
 cial discount" is to  
 price the tire above  
 its worth in the first  
 place, or take the  
 discount out of the  
 quality. Either way,  
 the customer pays.  
 Better buy Good-

**Twenty-five Million Dollars' worth of New  
 Equipment will be added to the Bell  
 System in Pennsylvania this year**

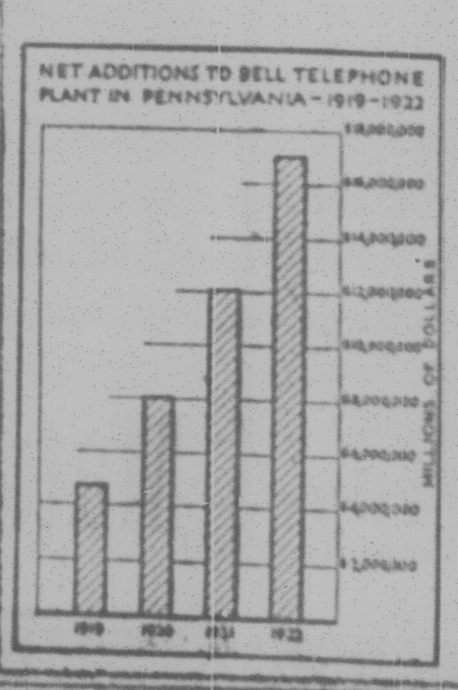

HALF a million miles of new wire, thirty-  
 five new building operations, seventy  
 thousand new telephones, ten million  
 dollars' worth of central office equipment  
 — such is our program for 1923.

And all this in addition to the tremen-  
 dous amounts of new plant added in the  
 last three years, which was more than in  
 any six previous years in Pennsylvania's  
 telephone history.

There is an enormous demand for tele-  
 phone service. Twenty-five million dol-  
 lars in one year is our effort to meet  
 this demand.

 there are many refinements in  
 chassis construction.

"How I Cleared the Mill of Rats" By  
 J. Tucker, R. I.

"As night watchman believe I have  
 seen more rats than any man. Dogs  
 wouldn't dare go near them. Got  
 \$1.25 pkg. of RAT-SNAP, inside of  
 2 weeks cleared them all out. Killed  
 them by the score every night. Guess  
 the best were gnawed away. I'll never  
 be without RAT-SNAP." Three stars.  
 30c, 65c, \$1.25. Sold and guaranteed  
 by C. J. Cordell's Hardware and the  
 Miner's Co-Operative Store.
