SEVENTY THOUSAND NEW TELEPHONES WILL BE ADDED TO THE BELL SYSTEM IN PENNSYLVANIA THIS YEAR

At the beginning of the year there were more than three-quarters of a million Bell telephones in the state.

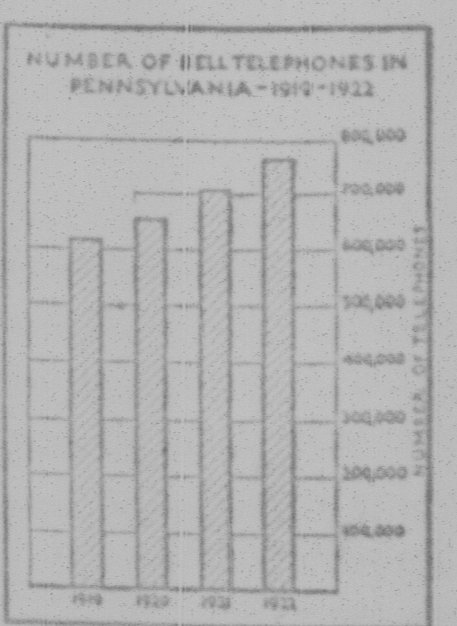

Every new telephone added requires new wire, new central office equipment, new switchboard facilities.

And new efforts on the part of the twenty thousand Bell Telephone people, who build, maintain, and operate the system.

Seventy thousand new telephones in one year is the essential part of our program to keep pace with Pennsylvania's telephone needs.
