"PIGNIC" DURING the early years of the post century it was customary for those who were invited to an outdoor entertain + ment to bring their own refreshments. A list of what was considered necessary would be made out and passed around among the guests, and each person would agree to furnish a certain portion of the repast, the name of each article being then crossed, or nicked, off the list. For this reason, this form of what the French refer to as fete champetre became known as a "pick-and-nick," referring to the selection or picking of the varioos articles and the crossing them, off upon the card, and, through the sual contraction. the central and was dropped and the term mortened to "pic-
