Announcing the 1924 Oakland 6

It's Brand New—and True Blue

This True Blue Oakland was deliberately planned to be the most perfectly balanced, the most accurately engineered and the finest built light six in the world.

Two years have been devoted to its design, manufacture and test. Two years—plus the wealth of Oakland experience gained through many other years of exclusive light-six manufacture and the limitless resources of General Motors.

From axle to axle—it's new! It embodies features of mechanical superiority—of beauty and comfort

and performance—heretofore unheard of in cars of its price! Every single part—from the new engine to the new bodies—was designed and built to fit and function in perfect harmony with every other part.

And because it has been so carefully designed, so soundly built and so thoroughly tested—Oakland places upon it, without hesitation, the same written 15,000 mile engine performance guarantee and the same Mileage-Basis gauge of value that have proved the quality and the value and the excellence of Oakland cars for years!

Four-Wheel Brakes—New Engine—New Bodies!
Special Showing All Week—You Are Invited!

Come in and see this True Blue Oakland—built to be the finest light-six! Study its exclusive features and you will marvel at the value built into this car at its new low price.

Test its four-wheel brakes—an outstanding safety achievement on a car of Oakland's price! Note how simple they are; learn why they require so

Roadster Touring Car Sport Roadster Sport Touring Business Coupe 4-Passenger Coupe Sedan

much less attention than conventional two-wheel brakes. Inspect the brand new engine—smoother, quieter and more powerful than even its highly successful predecessor, the Six-44.

See the new blue bodies built by Fisher. The top is permanent with new side curtains comparing in snug-

ness and utility to the doors of a closed car. Controls are centralized on the steering wheel. Disc steel wheels are standard at no added cost.

See this new Oakland at our special showing this week! Don't miss the first public exhibition of this True Blue car—the latest and finest achievement of the Oakland Division of General Motors.

A Nation-Wide Demonstration

"True Blue Travelers"—of which the 1924 Oaklands are exact counter parts—have started on a remarkable tour! They are part of Oakland's fleet of test cars, some of which have traveled fifty thousand miles. Traveling the routes indicated on this map, they are demonstrating not only the high quality of Oakland construction, but also the remarkably efficient performance buyers may expect from their True Blue Oaklands after months of the hardest service.

The Lowest INSTALLED Price ever announced for a Farm Electric Light and Power Plant

The DELCO-LIGHT Man is ready NOW to install your DELCO-LIGHT Plant COMPLETE—only

\$529⁵⁰

for the most popular farm size plant

UNEQUALLED installation facilities, including a nation-wide organization of over 4,000 installation men, make it possible for Delco-Light with their quantity production to set the lowest price ever announced for an electric light plant completely installed.

And—it is highly important, in purchasing any lighting plant that you know the installed price.

The installed price for the most popular size Delco-Light plant includes not only the plant itself—it includes the freight; it includes the actual installa-

tion of that plant; it includes the standard Delco-Light Exide Battery composed of sixteen large capacity cells, built for long life, with extra thick plates and heavy glass jars; the wiring of your house for ten lights to be located anywhere you wish; one power outlet wherever you may want it; a standard set of ten drop lights with sockets and the installation of these lights; and ten standard electric light bulbs—the complete installation ready for you to turn on the lights.

This is the way to buy your electric light and power plant.

Terms So Easy You Cannot Afford To Be Without One

To make it easy for you to get your Delco-Light Plant we have set a very low first payment and made the terms very easy. The local Delco-Light man will explain these terms to you. A liberal discount allowed for cash.

BISHOP McCORT

Dedicates New Building of SS. Peter and Paul Congregation in Woodvale.

At impressive ceremonies at Woodvale Sunday afternoon, the Rt. Rev. J. J. McCort, D. D., Bishop of Altoona, dedicated the new school of the SS. Peter and Paul (Slovak Catholic

congregation. The Bishop was assisted at the services by the pastor of the church, the Rev. Father Novak, and a number of priests from Slovak churches in the diocese. Bishop McCort, in an address to the large crowd assembled at the dedication congratulated the members of the congregation on the progress they had made commending them on the deferring of the construction of a new church until they had built a school.

The new six-room school building was completed Friday and was opened Tuesday morning, with Father Novak in charge. There will be an instructional staff of six nuns of the Sisters of the Incarnate Word, whose mother home is in Texas, as teachers. The building will accommodate 250 pupils, and will be attended by Slovak children, who formerly attended the Woodvale public school, and St. Joseph's parochial schools.
