COLLEGE HAS NEW HOME STUDY BUSINESS COURSE

Store clerks, future business leaders and office employees will soon be receiving the benefits of a home study movement that is being started this week through the cooperation of the State Chamber of Commerce and the Pennsylvania State College. A series of college courses have been prepared by the Engineering Extension Department of State College, associated with the mercantile bureau of the State Chamber at Harrisburg, and are to be given at cost to all commercial and business employees of the state who desire them.

Farm Calendar.

Sorting Apples—Sort the apples as soon as they are picked. Cider apples and running factory stock should be disposed of at once and not put in in the cellar to fill the storage space and contaminate the good fruit. Value of Milk—At the present price of feed, any milk producer who sells a hundred to feed pigs as a supplement for the grain leads. Fertilizer—Fertilizer is a good thing, but it is not a magic. It will not make a poor soil good, but it will make a good soil better. Potato Blight—Where potatoes are blighted, it is advisable to dig them at a time when the soil is dry. When potatoes blight, spores are formed on the leaves which drop down and mix with the soil. If the spores are dug in wet weather, the spores are taken into the soil, and a cool, well ventilated cellar will help to prevent rot.

Man Shot Visiting Ex-Wife

UNIONTOWN—Joseph Giordino died in a hospital here early Monday from four gunshot wounds in the chest. The shooting according to the authorities occurred when Giordino went to visit his divorced wife and found another man entertaining her. The police are searching for Joseph Dimmitt.

Foster Missing 11 Days

HUTLER—Paul play is feared in the strange disappearance of Paul Noubert 23 years old, farmer of Jefferson township. He was last seen October 1 and all attempts to locate him since have failed. He is believed to have had \$1200 in his possession when last seen. His family can give no reasons for his leaving home.

Help Wanted.

We need an industrious, reputable lady or gentleman to sell the genuine J. B. Watkins products in Patton. A few good territories also open in other nearby cities. The nationally advertised Watkins products have been known and used since 1869. Don't accept any other offer until you get our proposition—it's different. Full particulars and samples sent free, write today, J. B. Watkins Co., Dept. 62, 155 Tway St., New York, N. Y.

BOND ISSUE WILL MEAN 1335 MILE OF NEW HIGHWAY

Many Miles of Mud to be Ended When Voters Approve Road Loan.

COUNTIES TO BENEFIT THROUGH 50-50 PLAN

William Jennings, Harrisburg, Hears of Very Little Opposition to Proposition. Not less than 1335 additional miles of durable, modern type road will be built in Pennsylvania if the voters November 6 approve the proposition to bond the state for an additional \$20,000,000, according to William Jennings, of Harrisburg, Secretary of the Associated Highways Organization of Pennsylvania.

"Since the approval of the first bond issue in 1917," said Mr. Jennings, "Pennsylvania has built over 2100 miles of modern type road. Some of this highway has been built by counties, but the major portion of it has been under the direction of the State Highway Department. No other state in the Union has made such a record. There is little doubt in my mind that the voters will give the new bond issue an even greater majority than they did the first one. No opposition is heard. The proposed road loan is not a political issue. It is not being backed by any political party or faction, but by all of them. The list of associations which comprise the Associated Highways Organization includes every road association in the state, all of the motor clubs, the township supervisors association, the county commissioners organization; there are representatives of the State Grange, and individuals prominent now and heretofore in affairs of the state government.

"It should interest Pennsylvanians to know that Paul D. Wright, Secretary of Highways, has announced that if the \$20,000,000 bond issue is approved, \$10,000,000 will be set aside to meet the counties on a 50-50 basis in the construction or reconstruction of roads of secondary importance. In other words, the county commissioners if they meet the state's allocation for their particular county, dollar for dollar, will be able to improve their roads. The state will contribute the other \$10,000,000 and build some 1335 miles of highway, or 50 per cent of the total mileage of more than 2670 miles of Pennsylvania road."

MANY MARVELOUS MILES OF SCENIC SPLENDORS

Since the voters of Pennsylvania in 1918 approved the first bond issue the State Highway Department has supervised the construction of 2100 miles of durable highway, over a thousand miles being paid for from bond issue money.

The major portion of the new mileage is in those sections of the state which prior to 1918 had the least mileage of improved road. It is now possible to travel 1600 miles in Pennsylvania on improved highway, without repeating any part of the journey. It is now possible to travel 1600 miles in Pennsylvania on improved highway, without repeating any part of the journey. It is now possible to travel 1600 miles in Pennsylvania on improved highway, without repeating any part of the journey. It is now possible to travel 1600 miles in Pennsylvania on improved highway, without repeating any part of the journey.

BOND ISSUE DEFEAT WILL CONTINUE TUD

If Pennsylvania voters defeat the \$20,000,000 bond issue November 6, road building will stop for five years, a pamphlet issued by the Associated Highways Organization of Pennsylvania shows. Here are the facts: Q. What is the amount of the proposed road bond issue, for which Pennsylvania will vote in the election of November 6th? A. \$20,000,000. Q. How the constitutional amendment which will appear on the election ballot mentions \$100,000,000. Why? A. In 1918 the voters by a majority of 283,991 amended the constitution so that \$20,000,000 could be borrowed for road construction purposes. This has been spent and another \$20,000,000 is needed. So the voters are asked to approve a constitutional amendment to raise the debt limit \$20,000,000. That will give the State Highway Department \$40,000,000 for road construction.

OWNER OF LICENSE USED MUST PAY DAMAGES

PITTSBURGH—Automobile dealers who permit prospective customers to use their dealer's license on demonstration and test runs, are liable for damages caused while the license is being used, according to a verdict handed down last Friday by a jury in common pleas court.

RAIL CONSOLIDATION PROBE WILL END SOON

WASHINGTON—Investigation by the Interstate Commerce Commission of the feasibility of consolidating railroads into 15 or 20 systems will be concluded at hearings here beginning November 1. Representatives of all sections of the country, all railroads involved and all communities interested in an order fixing the hearing date, have been heard. It is pointed out that various points have been brought up in the testimony which it is now desired to clear up before the commission makes a final report. Commissioner Hall, who has conducted the hearings to date, will be in charge of the final sessions.

DISMANTLING STEEL MILL AT CHARLEROI

CHARLEROI—Charleroi's lone steel mill is being dismantled. The local plant at one time ranked with the best in the country in the manufacture of alloy steel. The Youngstown Sheet and Tin Plate Company purchased the plant several years ago from the Cleveland Steel Company of Cleveland and immediately commenced improvement. About a year ago the local plant merged with the Atlas Steel Corporation, with plants here and in Dunkirk. The Charleroi plant received enormous orders for steel jackets for bullets ever since the larger plants in the country. Last January the mill was closed owing to lack of orders. Three months afterward it reopened, but since that time it has been running only as half time. At present laborers are dismantling machinery for shipment to Lunenburg.

Old Fellow Pioneer Dies

FRANKLIN—Elias Borland, 84 years old, died here last night.

A Spencer Corset gives the graceful poise which is the secret of style and comfort. Write or phone for an appointment. MARY M. FORDALEY, Patton, Pa.

WILL HOLD FOOD SALE ON OCT. 27

The Ladies Aid Society of the M. E. Church will hold a Food Sale at Gunn's Drug Store on Thursday afternoon, October 27, for the benefit of the church. A list of bread, cakes, pies, pastries, etc., will be offered for sale. Wait for it.

Burns Cause Boy's Death

ALTOONA—John Brown, 5 years old, died Monday from burns received last Friday when he tried to make a fire in the stove during the absence of his parents. When called to the hospital Monday, the Brown family found it was not the water faucet in the bath tub and their house was flooded. The boy's mother says the boy's sister died.

Kills Self Over Wife's Grief

ALTOONA—The body of William B. Murdock, 45 years old, shoe dealer at Troy, was found lying on the grave of his wife in Easttown Cemetery, Troy. He had committed suicide by shooting himself in the head. Since the death of his wife two years ago, Murdock had grieved over his loss, and frequently visited her grave. When his doctor discovered he had not returned home last night, she notified friends and the first place they looked for him was in the cemetery.

Dynamite Makes Hole

ALTOONA—Some dynamite and the thumb of his right hand were blown off and a dynamite hole was made in his cheek when Thomas Henry, 11 years old, exploded a dynamite cap.
