Every Farm Needs Two

CVERY form needs two automobiles, one of which should IC be a closed model Chevrolet.

The open touring car is best for general farm use, carrying passungers or perhaps miscellaneous bulky produce or merchan-disc, but for cold or rainy weather, and for church or social use the family needs a closed car, either a 2-passenger Utility Coupé as illustrated, or the 5-passenger Sedan. The extra

large rear comparement is a feature of the Coupé. These closed cars are very finely made, furnished, upholstered and trimmed. The windows are of plate glass and can be lowered, providing as much air as an open car, yet affording full protection appliest wind, rain, mow or cold when raised With a second cur on a farm, one is always available for those all home when the other car is out.

The low prices of Chevrolet make the ownership of two care feasible for most farm families.

THINKING moulds the I mind and exercise develops the body, but food supplies the materials for building mind and body.

Grape-Nuts, made from wheat and malted barley, is a crisp, delicious cereal food, rich in wholesome nutriment.

The important mineral elements of the grains are readily available in this splendid food. The essential Vitamin-B is supplied in generous measure. The nutritious starches of the wheat and barley are partially pre-digested by 20 hours' baking.

Grape-Nuts with milk or cream is a complete food. Its compact form makes a little go a long way.
