Thoughtful Thugs, to Say the Least

NURSE GAINS 15 LBS. ON TANLAC

Miss Mary Early, 1621 North 20th St., Omaha, Neb., practical nurse for the past fifteen years, prompted by gratitude for the Tanlac treatment, because of its benefits to her and others, recently gave out the following statement:

"Tanalac is the one medicine I can recommend knowing full well it merits the highest praise, not only because of what it has done for me, but because of what I have seen it do for others. My brother was flat on his back with typhoid for a long time, and afterwards was so weak he could barely walk from one chair to another. I gave him Tanlac and it was simply marvelous the way it built him up. Nursing him through this illness left me weak and exhausted. I couldn't eat anything, speak of and my food hurt me, but Tanlac gave me a keen appetite, strengthened my digestion, and I gained fifteen pounds in weight and am still in perfect health. As a nurse and user of Tanlac, I give it my unqualified endorsement." "Tanalac is for sale by all good druggists. Accept no substitute.—Advertisement.

An Affectionate Bump. Parsonologist (to boy client)—You have a remarkably large bump of filial affection, my lad. Boy—Please don't press it so hard, sir. It's where father clouted me over the head.

Costs Less to Keep Clean. More than 250,000 deaths and over 4,500,000 cases of serious illness annually are ascribed by Federal and State health reports to needless unsanitary conditions. It is an amazing fact that most of this needless lack of sanitation is found, not in the cities, but among the rural and small-town population.

Yet wholly sanitary conditions may be brought about in the country just as quickly and easily as in the city. The actual expenditure involved is very small, especially when you consider how much the family's health will be improved as a result. It will assure also, of course, a great improvement in comfort. Septic tanks, privy vaults, protection for domestic water supplies, rat-proof outbuildings—all of these can be provided for a little cost and a little work by any man. Full directions on how to do it, what is the best structure for each job, what tools you will require, how much cement, how to mix and place the concrete—all this may be had free on request to the Portland Cement Association, 535 West Washington Street, Chicago. Ask for "Concrete in Home Sanitation" you will get it free by return mail.—Advt.
