

USCO CORDS ARE GOOD TIRES

United States Tires are good tires

USCO Cords have established a new standard in high-value tire equipment at a medium price. The new patented latex treatment of the cords gives them strength and wearing qualities that mean many added miles of service.

The easy steering, yet sure grip-ping non-skid tread, means ease of handling—traction safety.

Made in 30 x 3 as well as 30 x 3 1/2 inch clincher and in all straight-side sizes.

U. S. Tires are the only tires in the world made of cords solutioned in raw rubber latex.
