KEEN LINES THROUGHOUT

THE WASHAKIE—DESIGN A722

This charming brick home has best results. Brick from local "snap" in every line. It is one of clay always has the most effective those rare combinations which

The Washakie lends itself to any number of exterior effects. It will appear artistic with almost any color of brick, depending upon individual taste. The room arrangement leaves little to be desired. The room sizes on the first floor have been very carefully worked out, giving a living room, dining room, den, kitchen and hall which are all comfortably roomy and cozy. One very convenient feature upstairs is that the three bedrooms all have easy access to the bathroom through a well arranged hall.

\$2,280 brick required for solid walls and \$7,000 for ideal walls makes the total cost of brick at 14 cents each, \$783.00 and \$555.00 respectively. This includes the brick for foundation walls and fireplaces also. Fortunately for the pocketbook, the only difference in cost between a home of permanent

possesses appeal for the whole family. An attractive porch for the children and perhaps the young lady members, a cozy den for stud and lots of closet room with special store space upstairs for mother make desirable features for all. This house, the Washakie, gives positive assurance of remaining always beautiful with practically no upkeep. As will be noted by careful study of the picture, there is practically no woodwork exposed to the weather. The brick walls and porch once erected require no attention of course. With any sort of background at all, wonderfully artistic effects can be secured from the brickwork by using local native brick. Not only do these common brick cost least but they always blend in well with the landscape in the locality where they are produced. That is part of nature's system, and compliance with natural laws always produces the best results. For non-permanent construction is the difference in the exterior walls above the grade.

The Common Brick Manufacturers' Association, Cleveland, Ohio, can furnish complete drawings for this design. Leaflet on brick construction sent upon request.

St. Boniface Notes

Mr. and Mrs. Lloyd Fisher, and a few days here with friends and relatives. Mrs. Mabel Younger, spending a few days with her sister, Mrs. Harry Cosgrove, of Barneshorn. Mr. and Mrs. Charles Miller and children, of Hastings, spent the last few days here with Mrs. and Mr. Vincent Thomas. Mrs. Edward Yeager and daughter Dorothy, spent the last few days in Patton with friends and relatives. Mrs. John Thomas, of St. Boniface, is spending several days here with Mr. and Mrs. Daniel Tichen. Mr. and Mrs. John Tichen, spent the last few days here at the home of Mr. and Mrs. John Cosgrove. Urban Thomas, who is in the U. S. Navy, has returned to his ship, after spending several days here with his parents, Mr. and Mrs. Fred Thomas. Mr. and Mrs. David Johnson and children of Hastings, were recent visitors.

St. Lawrence Notes

The Misses Mary and Grace Crozier have returned to Altoona after spending the holidays here with their parents. Miss Gussie Leiden, of St. Lawrence, has returned to her home after a visit of several days in Altoona. Mrs. Henry Swope, of this place, has returned home from a visit of a couple of weeks in Akron, O. Mrs. Henry Leiden spent a few days in Altoona recently. The Misses Genevieve and Margaret Dietrick, of Patton, spent the last few days among relatives here. Miss Stella Otto, a student at Indiana Normal School, spent the vacation period among relatives here. Mrs. Harry Weitz, Miss Mae Dietrick and Louis Strittmatter were recent visitors in Altoona. Henry and Herbert Stevens spent the last few days in St. Boniface. Miss Sue Gill, of Patton, was a recent visitor among relatives here.

Mr. and Mrs. I. J. Hoover and family, spent the week end with Mrs. L. L. Hoover.

Awaits His Hour

Ban B. Johnson, President of the American Baseball League, humiliated by the club owners of his league in sustaining Judge Landis, is sitting tight and awaiting his hour. Those "in the know" say Ban knows what he is talking about and baseball will yet be forced to clean house and put honor back above the dollar mark.

World's Fastest

Paavo Nurmi, a Finland paper-hanger, is in the United States for a number of races. He is the champion Olympic games runner who is hailed as the greatest speedster of all times at any distance of one to twenty miles.

Junior Farmers Need Club Leaders

That club leadership must be increased properly to train the boys and girls of the nation who decide to remain on farms and become the bulwark of American agriculture is shown in a survey of the club work of the junior farmers just completed by Benjamin H. Darrow, director of the boys' and girls' club work of the Sears-Roebuck Agricultural Foundation.

According to the report of the Foundation, based on a count by the Department of Agriculture, 722,408 projects were begun in 1923 by 459,074 boys and girls, a number which is less than 6 per cent of the farm youth of the nation of club age. Of these projects, 429,740 were completed by 249,416 club members. Girls completing their work outnumber the boys three to two, there being 154,194 girls and 99,222 boys. The report also indicates that 55.4 per cent of the enrolled girls finished their projects, while only 32.9 per cent of the boys completed theirs. The high point reached in 1918, as shown by the accompanying chart, was due to the expansion of club work in connection with the slogan of the day: "Food will win the war." After the crisis was over there was retrenchment and club work suffered.

"Many of the 8,000,000 boys and girls engaged in club work hope to leave the farm," said Darrow, "but 80 per cent of them will remain in the country, experience has shown. All who stay on the farm should have the benefit of the inspiration and training club work affords. If we are to provide this for the junior farmers of the nation, we must rapidly increase the number of county club leaders."
