#### SUPERVISORS AND AUDITORS HAVE MEETING

Much Enthusiasm Shown at Annual Meeting of the County Board.

Members of the Cambria County Supervisors and Auditors Association met on Thursday and Friday last week in the court house at Ebensburg, and listened to several addresses and transacted much business.

Memorial services for the late W. H. Beers, of False Tinsler, the vice President of the association, took place at the two-day session.

Another bond issue for Cambria county, the proceeds to be used for the completion of the county's poor roads, was proposed at the session, and a resolution urging that a question of a bond issue be submitted to the people and giving the support of the association, was passed.

A number of resolutions were passed, among them being the following: Whereas, House Bill No. 716, being known as the Law of Bill, will deprive the townships and other municipalities of this commonwealth of their local power and work a great hardship upon citizens thereof, and greatly strengthen political bosses by the delegating and centralizing of local power, therefore be it resolved, that we the members of the Cambria County Auditors and Supervisors Association do hereby request that the members of the General Assembly oppose the passage of said bill, and be it further resolved, that a copy of this resolution be sent to the members of the general assembly.

Resolved, that we recommend all planting of trees, however, in the interest of school children, pedestrians, especially school children, on the permanent highways of this county, that instead of keeping on the right of the road, they be planted on the left side of the road, and that the trees be planted on the left side of the road, and that the trees be planted on the left side of the road, and that the trees be planted on the left side of the road.

#### ROUND UP THE MAKERS OF "PHONEY" MONEY AT LILLY

A raid was made the later part of last week on the home of Andrew Korak located between Cassiara and Lilly, and brought to light what is believed to have been the plant in which the "raised" bills which were circulated in Johnstown, Altoona and other places, recently, were made.

The raid was made by Chief of Police Fred Lytle, of Cresson, and William Wertz, a member of the State police. The officers placed Korak and Frank Drobeck under arrest, later turning them over to the Federal authorities at Johnstown.

Korak and Drobeck are said to have been raising \$1 and \$2 bills to the denominations of \$10's and \$20's. The equipment which the men are alleged to have used in the work, was seized by the officers.

The two men were given hearings before United States Commissioner Ray Patton Smith in Johnstown and both were held in default of \$1,000 bail, for trial in the Federal courts.

According to the reports the "raised" bills were passed in Johnstown, Lilly, Cresson, South Fork, Gallitzin, and Altoona, one bank at Altoona taking three of the bills, while several other banks took one of the bills. All those circulated in Altoona were of the ten dollar denomination.

#### FIRST SENTENCE IN THE LOCAL COURTS

Ed Fiddell, one of the prisoners reported to have escaped from the penitentiary in Allegheny county the other day, was sentenced from the Cambria county court in 1922, to serve not less than three nor more than five years in the penitentiary. Fiddell and G. H. Williams were arrested in the city of Johnstown for a series of robberies of Johnstown business men that baffled the police for several months. The two men were said to be the most desperate criminals ever arrested in Johnstown.

#### DR. KITTEL OBSERVES ANNIVERSARY AT LATROBE

At the age of 75 years, the Rt. Rev. William Kittell, L.L.D., rector of the Holy Family Catholic church, Latrobe, observed his 50th anniversary of the Catholic priesthood Saturday.

The Rt. Rev. William Kittell, a prominent Cambria County lawyer, and is a son of the Rev. Father Ferdinand Loretto, and of Attorney R. H. Kittell, of Ebensburg. He was educated at St. Francis' Seminary, Latrobe, and in St. Michael's College, in the College of the Propaganda, Rome. He was the chancellor of the Diocese of the late Rt. Rev. Hugh Padian.

#### WILDS ON CARROLLTOWN HIGH SCHOOL REJECTED

The Carrolltown Board of School directors met an army of men at the regular meeting of that body the other evening when a letting was on the schedule for the new high school at that place. Contracts for the heating, plumbing and electric wiring were given to Leo Kirsch, of Spangler, and J. H. Spence, of Altoona, respectively.

All bids for material and the construction of the building were rejected and the lettings will be re-advertised, and the directors will meet on Friday of this week for another crop of bids. The competition at the recent meeting was keen. The contemplated structure will be among modern lines.

#### WILD GESE FLY.

A flock of wild geese passed over this section at an early hour last Friday morning. The birds were noisy in their flight northward and the noise was plainly audible to many.

#### REMOVE THREE COUNTY JAIL PRISONERS TO PEN

Three prisoners from the county jail, each sentenced to serve a long term in the western penitentiary in Allegheny county, were taken from the Ebensburg battle on Wednesday of last week to Pittsburgh to commence their sentences in the pen. Among the trio removed to the pen was Thos. O. Gutelius, of Johnstown, former delinquent tax collector for Cambria county, who pleaded guilty to a charge of embezzlement of public funds in court last week and was sentenced to serve from two and one half to five years in the western penitentiary.

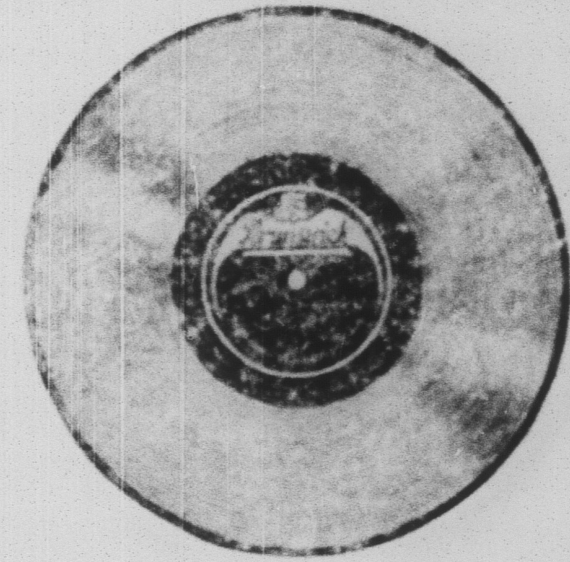

The other two prisoners committed to the pen were John Ross, a Beavertown merchant, charged with the killing of his wife, and Jack McDonald, convicted of larceny. The trio was taken to the penitentiary by Sheriff Logan M. Keller and Jail Warden Ed Knee.

#### AT PHILIPSBURG

James McNeal, of Carrolltown, and James McNeal, Jr., of Patton have returned from Philipsburg where their business interests along with several of the Cambria men were those of Mr. and Mrs. John McNeal, brother and sister-in-law of John McNeal, Sr.

A. J. Lane, Thos. R. Lewis, trading under name of Lane and Lewis, of South Fork, have brought suit against the Hoffman Transfer Company, for \$515 which they allege they are owed for damage done to their property by a much used truck.

## RISHEL JEWELRY

### Company Inc.

DR. D. K. RISHEL, OPTOMETRIST  
PATTON, PA.

## Grand Theatre

PATTON, PENNA.

THURSDAY NIGHT OF THIS WEEK. An attraction of more than the usual merit.

### "One Night in Rome"

FRIDAY NIGHT OF THIS WEEK. A picture combining mystery and thrills.

### "The Whispering Man"

SATURDAY NIGHT OF THIS WEEK. FRED THOMPSON in a production full of action.

### THUNDERING HOOFS

MONDAY NIGHT NEXT. A western drama that will make your hair stand on end.

### "The Cyclone Rider"

TUESDAY NIGHT. WEDNESDAY NIGHT. AN EXTRAORDINARY ENGAGEMENT HERE for TWO DAYS.

### Tess of the Storm Country

Featuring MARY PICKFORD. The crowning achievement of her career. From the novel by Grace Miller White. A superb action gem in an entirely new setting. "The World's Sweetheart" in her own brand new version of a world classic the whole world loves. The re-creation of a masterpiece. A picture that captivates by its beauty, that fascinates by its simplicity. The beautiful Mary Pickford as a girl again. In rags and tatters and rubber boots. But always smiling her impish child smile. Always tossing her golden curls as the lovable Tess who brings glad tears and joyous smiles to all who see.

THURSDAY NIGHT OF NEXT WEEK. A good one.

### Held to Answer

# OZITE

## RUG CUSHION

### WHAT OZITE IS AND DOES:

You perhaps know of this remarkable product—its uses and its purposes. If not:

OZITE is a felted cushion of clean, sterilized animal hair.

It is a cushion for carpets or for rugs—the first cushion for rugs, by the way, ever offered.

There is no product like it on the market. Ordinary carpet linings cannot be compared with it in any way—in utility, in softness, in economy, or in ease of handling.

The two big things OZITE effects are:

1. Doubling the life of rugs or carpets under which it is laid, and doubling the luxurious softness of any rug or carpet—silencing all sound of foot falls.

2. This is at once a luxury and an economy.

YOU WANT OZITE—

1. BECAUSE it makes carpets and rugs last longer. The soft cushion reduces the wear between the yielding floor and tramping feet, adding 100 per cent to the life of the carpet.

2. BECAUSE "it feels like walking on velvet." Carpets and rugs over OZITE sink beneath the feet with the most luxurious sensuous imaginable, making even inexpensive carpets seem rich and soft.

3. BECAUSE it is perfectly sanitary. OZITE is made of pure virgin animal hair, thoroughly cleaned, sterilized and "Ozonized." Absolutely clean and without odor.

4. BECAUSE it reduces noise. Not only does it deaden the sound of footfalls, but in consequence of its leads people unconsciously to lower their voices and avoid making a

necessary noise.

5. BECAUSE it can be taken up and put down just like a rug, and with no danger of stretching, tearing or pulling out of shape. The reinforcing web through its center makes it exceptionally strong.

6. BECAUSE it is practically everlasting. It will outlast many carpets, as the Ozite does not wear out. Thus you buy it only once. It is a permanent investment.

7. BECAUSE it always keeps its softness and resilience. The animal hair, of which it is made is unaffected by age, wear or the elements and always retains its original strength and springiness.

8. BECAUSE it will never mat or form lumps. In making OZITE it is subjected to a far greater pressure than it ever receives in actual use, and we guarantee it against packing down under even the most intense wear.

9. BECAUSE Ozite clings flat to the floor, and even places where it is subjected to the most severe use, will not creep or buckle into ridges. It is ideal for hallways and stairs.

10. BECAUSE Ozite makes carpet laying easier. Made in one-half to three-quarter inch thickness and widths up to nine feet. No seams. No multiple thicknesses. No overlapping and easiest to handle in every way.

11. BECAUSE Ozite resists fire. Hair, unlike vegetable fibres, while not fire proof, is fire resisting and is a good fire risk. Even if exposed to flames it only smoulders slowly, the surface and extinguishes instantly.

12. BECAUSE it is ideal for use with concrete floors. Acts as insulating blanket, keeping the floor warm. Also eliminates any small irregularities in the surface, giving a perfectly smooth floor.

And in every point of feature, we guarantee OZITE, guarantee satisfaction to the buyer.

## BICKS'

THE STORE OF BETTER HOMES SOUTH FIFTH AVE. PATTON, PA.

#### ADDITIONAL PERSONALS

Mr. and Mrs. William Sneddon, of Brewer avenue, spent the week end with Mr. and Mrs. Sneddon, of Clearfield.

W. H. B. Williams is a business caller in Pittsburgh this week.

#### SPANGLER GIRLS CLAIM THE BASKETBALL TITLE

By their victory over Hastings on Tuesday evening the Spangler High School Girls' Basketball Team lay claim to the championship of Cambria county.

They have made a clean sweep of the northern end of the county, by winning two games from Barnesboro, two from Patton, two out of three from Hastings, and defeating the following teams from the southern end of the county: Portage, Cresson, Nanty-Glo, Gallitzin, and several 1st class teams.

If any high school teams in the county dispute their right to the title, they can arrange a game or series of games by communicating with the manager, Miss Thelma Lehmer, at Spangler.

#### WILL CONSTRUCT OSTLY AQUEDUCT AT SPANGLER

At a meeting of the board of directors of the Northern Ambria Water Company at Harrisburg, plans were made to begin the construction of an impounding dam on Schirf's Run near Spangler, to cost \$50,000. The storage capacity of the dam is to be 75,000 gallons.

Schirf's Run is a tributary of Blacklick creek. The water from the dam will have to be pumped into the Brown's Run dam, the present source of the company's supply.
