LARGEST CORPORATIONS IN COUNTRY TO COME TO EBENSBURG EXPOSITION

Space has been contracted for at the Cambria county Industrial Exposition to be held July 1 to 4 at the Ebensburg Fair Grounds by some of the largest corporations in the country, assuring a varied and interesting display of the kind that is rarely seen except at the National Industrial fairs, according to the list of exhibitors by date announced by officials of the Cambria County Fair Association under whose auspices the exposition will be held.

The active backing of the exposition by Charles M. Schwab has enabled the association to bring nationally known exhibits here, while the interest taken in the project by the prominent business men of this section who comprise the board of directors has given the local association a distinct advantage over similar projects elsewhere.

Among the extensive exhibits that will be seen at the industrial exposition are those of the Bethlehem Steel Corporation, the Lorain Steel Company, the Jeffrey Manufacturing Company, the Ohio Brass Company, The Bell Telephone Company, The International Harvester Company, The Westinghouse Electric and Manufacturing Company, the Chicago Pneumatic Tool Company, and the

Pennsylvania Railroad. These exhibits will vie with many others, most of them from this immediate section of the state and all of them of general interest. All of these exhibits will present a full day's entertainment, but at the same time the fair association will have a full program of activities, including a horse show, horse races, circus acts, etc.

In addition to those mentioned above, the following well known concerns of this section, have contracted for space:

Eastern Paving Brick Manufacturing Association, and Eastern Clay Products Association, Philadelphia.
 Electric Safety Sander Co., O. E. Wilkinson and Deck Lane, Ebensburg.
 Suppas Foundry and Forge Co., of Johnstown.

BISHOP DEDICATES CHURCH AT REVLOC

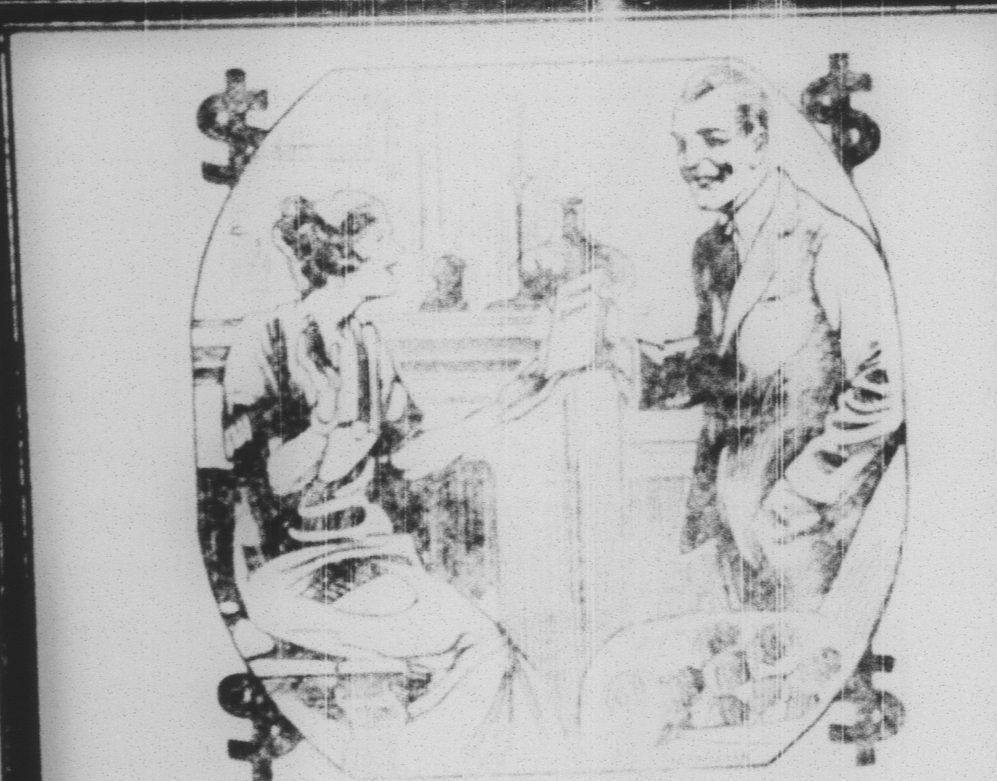

Solemn services were carried out on Sunday morning at the Church of the Holy Redeemer at Revloc. The Rt. Rev. John J. McQuinn, Bishop of the Diocese, was in charge of the devotional services. A solemn high mass was celebrated by the Rev. Dr. Gomez of St. Francis College, assisted by the Rev. Father Owen, Ha-ckett, of Ebensburg, as deacon, and the Rev. Father Thomas Marinko, of Nanty-Glo, as sub-deacon. The Rev. Father Stephen Pavliko, rector of the Colver charge, acted as Master of Ceremonies. Other priests were also in the sanctuary during the services. Following the high mass the Rt. Rev. Bishop confirmed a class of 50 boys and girls together with several adults.

GALLITZIN YOUTH SERIOUSLY INJURED

Louis, the four-year-old son of Mr. and Mrs. Glenn Fisher, of Gallitzin, is a patient at the Altoona Hospital, suffering from a severe fracture of the skull and lacerations of the face and numerous abrasions about the body. The boy was injured in an automobile collision on Saturday evening at the intersection of the William Spinn Highway and the old Gallitzin Road. Glenn Fisher and his family were returning from an automobile trip when they met with the accident, colliding with a machine occupied by a number of students from Post State College. The impact threw Mr. Fisher and his child from the car, both striking the concrete roadway. They were rendered unconscious and first aid treatment was rendered by a Creason physician. They were taken by train to the Altoona hospital. Mr. Fisher suffered a possible fracture of the nose and a slight abrasion of the right cheek. After receiving treatment at the hospital he was able to return to his home.

Our Dream Come True

"Well, here it is! Well, our dream come true. Money in the bank and at last we are in a position to make an investment that will bring in some extra dollars. Aren't you now glad we had sense enough to make a family budget and courage enough to carry it through?"

THE "BUDGET" WAY IS THE ONLY WAY. It means to regulate your affairs so that you always spend less than you make. The difference goes into the bank every pay day. It draws interest and soon you have enough to invest in good bonds or property. We can help you all along the road. We pay interest on deposits and when you are ready to invest we can find just the high interest paying bond or property you want.

CROSS-TOWN SERVICE, PLUS

WE ARE now operating close to a million telephones in Pennsylvania. Outside there are 25,000,000.

Our Pennsylvania toll-service network totals 30,000 miles of wire—three-quarters of it in cables. Tying the cities and towns of the United States together, and with Canada and Cuba, use over five million miles of Bell System wire.

This vast telephone plant rounds out the true complement of your telephone service.

Important as is your cross-town communication, it is not all important. Your more than fifty million toll calls, over this company's lines last year, not including the more distant connections, is impressive evidence.

That this service should be kept reliable is of first importance. There are occasional storms, both winter and summer, which the best of telephone plant along the turnpikes cannot withstand. When it goes down, the whole Plant Department force goes into emergency action—by the hundreds or by the thousands, as need be. And their record is one of yeoman service.

Even if the trouble is north, south or west beyond our boundaries, the same force is ready. Only last winter a call for help came from the Middle West, and in twenty-four hours a battalion, with its equipment, was on the train.

All around reliable telephone service, across the street or the State or the Nation, is the standard service of today.
