

These Girls of Ours Will Ride

In this day of automobiles and airplanes the girls refuse to either walk or swim when they go to the water for a cooling dip. Now it is the 'Bubble Boat'—a bamboo frame on three inflated rubber balls—equipped with a sail. It is a quite popular craft at the beaches this summer. See how it works!

Health and Home Iced Drinks in the Summer. In a warm and sultry summer day there is nothing more refreshing to the mind and to the body than an iced drink. Of course, when such drinks are being used, moderation should be practiced, because if taken in excess or too rapidly, they are liable to be injurious to the stomach.

CAMPING AND PROBLEM OF FOOD. There is no healthier sport than camping during the warm and happy summer days.

But due to the entirely inadequate amount of food preservation and refrigeration found in the majority of camps, there is the ever present danger of sickness from infected foods.

The utmost care must be taken in order that this may be avoided. Butter and eggs should be bought only as needed.

The milk is a problem in itself. Perhaps the solution lies in the use of a milk other than market milk, in order that purity and sterility may be assured.

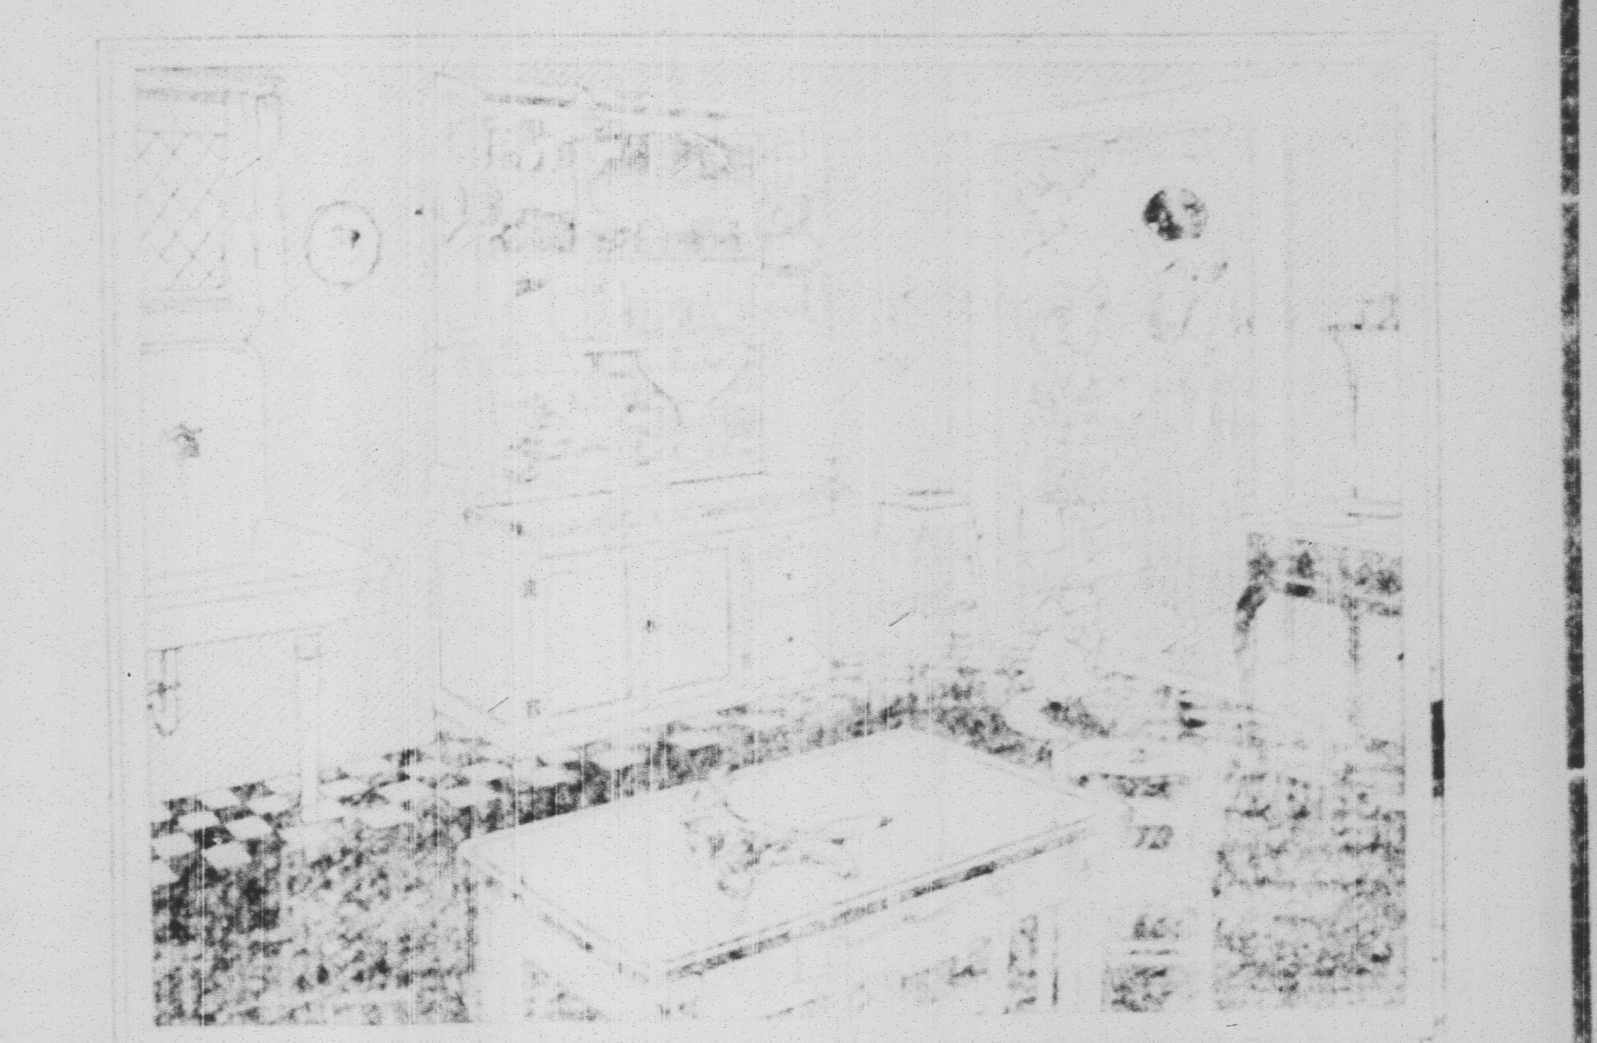

Following are recipes for a few dishes that are best adapted for camp consumption because of ease of preparation, purity and food value.

Tomato Soup. 1 pint tomato pulp, 1/2 cup water, 1/2 cup milk, 1/2 cup sugar.

Shirred Eggs. 1/2 cup evaporated milk, 1/2 cup sugar, 1/2 cup water.

"Elect My Son"

Mother love again makes sacrifice. Mrs. Robert M. La Follette has withdrawn her name as a candidate to serve out the unexpired term of her late husband, making Washington voters to elect her son, "Bob" Jr., (pictured above) to the U. S. Senate.
