## ARMAGH VISITED BY VERY COSTLY BLAZE

The Patton building, a three-story frame structure at Armagh, was destroyed by fire on Saturday night. The blaze was put under control at about 1:30 a. m. and the fire department was called in. The fire was caused by a gas stove in the kitchen. The fire spread rapidly and the building was completely destroyed. The loss is estimated at \$25,000 and is to be covered by insurance.

## SHORT TURNS AND ENCORES SUGGESTING THE BITS OF THE BRIGHTER SIDE

The newest grand opera star is only twenty. No doubt due to the bad environment. Turkish women are bobbing their hair, sleeks may smoke cigarettes now. In a funny world, there are people who can worry about bridge. Blizzards in China. But they stock their shirt tails in them. Many of the young men who are going to be married this spring know about it already. Your luck could be worse. After a fallow, the man dragged goats out of his burning store, they were stolen. Hurry slowly. A Chicago woman, moving from the cage was hit by a tax. Potatoes grow wild in Chile. Potatoes grow wild here. People will steal anything. A St. Louis man stole a suitcase. A Los Angeles man was arrested for shooting at his landlord. Perhaps because of an ammunition shortage an election has been called off in Mexico City. A Gatesburg, Ill., girl won a rifle champion-ship. There is one nice thing. Before a girl goes swimming she can take her clothes in the swimming suit bag. The rising generation's greatest problem is the cost of gas. We don't need an army. Let our bootleggers sell the enemy. Our big corn crop hurts most when the weather changes. The height of politeness is to get off the street car and let a lady have your standing room. Meeting expenses isn't hard at all, if you are polite. President Van Hindenburg must have a new line now. He is making a speaking tour of Germany. Seems to be a hard election time in Spain. King over there picked up a lawyer and drove him home. Elephant in the British museum has tusks nine feet long. They are as large as an aching tooth. The apostle is a native of China and we think it should have shared before coming to this country. Be careful when you cross the street. Americans spend fourteen billions a year on autos. One thing wrong here is that pedestrians are not made out of rubber. But the United States isn't such a terrible place. There are more than 100,000 bicycles in Tokyo. What could be worse than having a neighbor who rides a motorcycle and plays a saxophone? Even saxophones could be worse, maybe? They never seem to make any noise unless someone is bothering them. Wonder who it is makes all the bets with these crass country lickers? You pick up every spring. Diamonds are so hard they will scratch any known metal, and just simply ruin a bank account. By taking a straw vote of the press per people you could prove almost anything beyond a doubt. Wisconsin bookkeepers held a convention. We have been thinking some of buying a bee. If you think we are living too fast get out and watch a bricklayer on a government job. Logansport, Ind., bridegroom of 81 wants to drop his bride of 80, but wisdom over-ruled with age—some-times. A serious shortage of people without spring fever is reported. Everyone seems to save up a cough for a rainy day. Having the itch develops the fingers for playing a banjo. If you need a kit of auto tools work all day as a mechanic in some garage. Fish will bite better if you will disguise yourself as a country boy. New fashions would be more comfortable if the weather wasn't so old fashioned.

During the war, John S. Stevenson, of Vineland, N. J., was gassed, which caused his death. But before "passing on" he wrote seventeen letters to his son Dick, who is now age five. Every birthday, until he is twenty-one, "Dicky" will receive a letter from Daddy, to guide his steps in avoiding youths' pitfalls. The last letter will be sent him on his wedding day.

## Faces Impeachment

Chicago (Special). Federal Judge George W. English of the eastern Illinois District faces impeachment. While the exact charges are yet vague, it is said his unseating will be sought because he used profane language and secured a position for his son thru official influence. This is the tenth impeachment trial in Senate history.

## MRS. A. L. YARNELL, OF CLYMER HURT IN WRECK

A. L. Yarnell of Clymer, Pa., driving in Johnstown the other day, lost control of his car and ran over the sidewalk into a pole. Mrs. Yarnell, seated unharmed, but Mrs. Yarnell, who was with him, received cuts on the nose and a bruised knee. The car was damaged.

## THE UNCLE SAM IS THE TRUSS SUPREME

It does for those who are Ruptured what no other Truss does on Sam do—it holds rupture in a manner to prevent the intestines from moving from their normal position inside the body. Other Trusses do not do this. Come in and let us show you why they do not and why and how the Uncle Sam Does it. You should not get an idea that the Uncle Sam Truss is like any other Truss—IT IS NOT! IT DOES NOT EVEN MAKE THE PRESSURE WHERE OTHER TRUSSES DO. There is an anatomical reason for this. Have the Uncle Sam Truss demonstrated to you free. No mail orders, meet us face to face. Keep this note.

# A Record Made a Verdict Rendered

Here is a record to make you pause: 70,599 Dodge Brothers Motor Cars and Graham Brothers Trucks sold in the United States from January 2nd to April 3rd, 1926! The greatest quarter in the company's history. 37 per cent greater than the same period last year, when 51,318 units were sold. This record was a foregone conclusion. Since the first of the year demand increased week by week. Each period showed greater sales than the one preceding and greater than the same period of 1925. During the last week recorded, ending April 3rd, 9104 units were sold, against 6530 for the best week last year—a gain of 39 per cent. Sales figures are an index to the buyer's preference. Buyer's preference, these days, springs from clean-cut convictions on quality and comparative worth, penny for penny. Although the peak of the selling season has not yet been reached, the verdict has already been rendered.
