WEEKLY HEALTH TALK  
FROM STATE DEPT.

The weekly health talk of the Pennsylvania State Department of Health is prepared this week by Dr. C. J. Hollister, Chief, Dental Hygiene Section, Bureau of Child Health, Dr. Hollister says:

Be true to your teeth or they will be false to you. If you are true to yourselves and teeth, you will clean your teeth thoroughly and regularly. Disks are cleaned after each meal; your teeth should receive the same treatment.

This advice may seem unnecessary to some of you, but when you consider that about forty-five million tooth brushes are made or imported into the United States yearly to supply one hundred and ten million people and allowing two brushes a year to each person, it is readily seen that less than 25 million of the people living in this country even own a tooth brush.

We advise you to visit your dentist at least twice a year. This statement is not an "ad" to increase business for dentists but rather advice for your own benefit. A stitch in time saves nine; apply to teeth as well as to torn garments. It is a whole lot easier for dentists to fill little holes in teeth than big ones—and it doesn't take so much time, doesn't cost so much money and best of all, it does

When you have the UNCLE SAM TRUSS you have something quite different from the old style elastic or spring trusses, such as your grandfather wore and quite likely may have lost his life from wearing. There has been a great improvement in this matter of holding rupture. Add 50 per cent to your efficiency, feel ten years younger and stop taking risks. Ask yourself how many times your attention will have to be called to this matter before you do something. The UNCLE SAM TRUSS is demonstrated free. Expert truss fitting by C. F. Bollinger. No mail orders. Meet me face to face. Keep this ad.

## FOR GENERAL ASSEMBLY

**THOMAS G. EVANS**

The study and practice of the law have equipped him for this public service.

YOUR SUPPORT AND INFLUENCE WILL BE APPRECIATED

It is really surprising how much interest the average automobile owner will give his machine. He will see that there is plenty of water in the radiator, that sufficient oil is in the tank and that the general appearance is clean and bright. But so much care or attention to the teeth! The automobile is a toy the teeth on the other hand, are merely the absolutely essential and first step to the continuance of life itself. Without good teeth proper mastication is impossible. Lacking proper mastication, proper digestion fails. Stomach troubles arise and life itself is in danger. One never misses the water until the well runs dry. Fall teeth are not substitutes for the real thing. Don't let any person who "sports" a set of store teeth persuade you to the contrary. Money loves company.

You owe it to your children to instill proper mouth hygiene habits in them. They will thank you later as for your solicitude and care. You owe it to your stomach and yourself to use the tooth brush often and visit your dentist more frequently. No dentist's chair is a "pink tea." But don't forget that a little temporary pain may not only save grave sickness later on for you, but add many years to your life. Make friends with your dentist. Get acquainted with your teeth. Both will serve you well if you give them but a chance.

### HOTTEST POLITICAL CAMPAIGN IN YEARS

The Republican primaries of next Tuesday will bring to a climax one of the hottest and bitterest political campaigns ever waged within the party in this state. The battle for

the nomination for United States Senator, a three-cornered affair between the present incumbent George Washington Pepper, Governor Clifford Frazier, and Congressman William S. Vare of Philadelphia, is now so intense that not even the best politicians can hazard a guess as to the result. In spite of all the claims that all three of the candidates are making now as to their ultimate victory, at least two of them will have to do some "fall explaining" after the election as to just why they should be the average voter.

Mr. Fisher is slated in the Pepper camp, with the regular Republican organization, who carry with them Ernest G. Smith, editor of the Wilkes-Barre Times, leader for lieutenant governor, and James F. Woodward for Secretary of Internal Affairs. All of the candidates for the offices are exceedingly liberal with literature and speaking tours. It's going to be a merry old time in Pennsylvania, on

# Supremacy in Fine Steel

In the percentage of Costly Chrome Vanadium Steel used, Dodge Brothers Motor Car outranks any other automobile in the world, regardless of cost.

It is everywhere conceded that Chrome Vanadium Steel is the toughest and most enduring metal ever created for use in the vital parts of a motor car.

It may not be so well known, however, that Dodge Brothers Motor Car ranks first in the world in the use of this costly and fatigue-proof material.

Dodge Brothers power assembly is almost entirely Chrome Vanadium—motor, connecting rods, crankshaft, transmission, universal joint, drive shaft, differential and rear axle.

Even the front axle is Chrome Vanadium—the entire steering unit—and every leaf of the springs.

In fact, wherever any manufacturer uses alloy steels, Dodge Brothers use costly Chrome Vanadium. And in numerous instances Dodge Brothers employ it where plain carbon steel, even in the costliest cars, is commonly thought sufficient.

This has been true from the day Dodge Brothers built their first motor car.

This explains why the words Long Life, Safety and Dependability are habitually associated with the name Dodge Brothers wherever motor cars are serving mankind.

# Altoona Booster Ass'n

Tuesday of next week.

In Cambria County chief interest in the Republican ranks centers on a nominee for Congress. Three candidates for the nomination are in the field, in the persons of J. Russell Leech of Beaufort, J. Ross Horner of Johnstown and A. B. Crichton, of Johnstown. The outcome of this contest cannot be forecast with any accuracy. Mr. Leech is a lawyer, well qualified to join the ranks as a legislator in the World War, as a legislator. He has the backing of the more men of the county, and being the only candidate outside of the city of

Johnstown, appears to us to be the strongest candidate of the three. However, politics are queer, indeed, and no forecast can be made.

A number of candidates for the general assembly are in the field. At the present time two of the three in the county are Democrats, and Milton Spencer of Karnedonia is the only Republican member. He is a candidate for reelection.

Thomas Evans of Portage, is rather an odd one of the candidates in the "big event." The second district extends Johnstown city.

### ONE GOOD TERM DESERVES ANOTHER

We usually judge a candidate for a position by what he has done rather than by what he promises to do.

Look up my record in regard to my efforts in furthering the best interests of Cambria County.

Previous experience will aid, if re-elected, in continuing our efforts for our hospitals, schools, highway improvements, and in the revision of laws favoring honest elections.

Experience will also help in the consideration of many proposed changes in the State Constitution and the laws concerning taxation and kindred subjects.

Sincerely yours for service without regard to class or faction.
