### Candidate for Congress

I am not a single issue candidate. I stand for all issues beneficial to our district. Will discuss with you any issue of interest and labor to effect the best possible result for the citizens of this Commonwealth and Nation.

I have no personal or local bias and influence and make no determination of any kind in favor of any party or candidate for the summer term of 1931.

I am not writing on the basis of any issue. I stand for all issues beneficial to our district and for the peace and protection of the Commonwealth and Nation.

I believe it will support a protective tariff high enough to insure steady employment in our mills and mines and factories for all labor, and in accord with the wisdom of the League Administration.

I heartily favor and will support conservative measures to care for and assist the widows of this nation. The widow's pension should be recognized as the same high principle which entitles her to offer his services.

We must stop the sale of liquor as long as we have political opponents in our midst. Prohibition is a necessary measure to care for the slacker in this nation.

I believe in strengthening the rule of law, so that it will benefit all labor.

We must strengthen our agriculture, broadening their markets and supporting them in all ways, manufacturing and merchandising, keeping the home business and compensated therefor.

Public service is based on good citizenship, honesty and experience.

May 6, 1931.

#### IN PRAISE OF THE GOOD OLD SPADE

The pen is said to be greater than the sword, but the spade is greater than either.

While the moderns are reading their cruel laws with the sword and while the moderns with their pens are pouring out their torrents of words, largely false, many of our people here in Patton and nearby villages are breaking up the weeds and soil with those old-fashioned spades and preparing to raise their green vegetables and colorful flowers that will feed the children and adorn their homes this summer.

The modern man says it is back-breaking work. He might get his hands calloused. A safe thought: And yet no exercise was probably ever more useful in lumbering up people's slumped bodies, than the old family spade which your father used for so many years.

Better hand for it among the cobwebs and dust, where you have never used it on your lawn.

#### PATTON IS JUST AS GOOD AS ANY OF THE TOWNS

There are some folks so constituted that if one gets into the highest class community in America they would look at its institutions and privileges in a deprecating sort of way, and would always be criticizing the things they would consider there.

They would be constantly remarking that if they could do as they please, they would go elsewhere, but they merely stay on because they have a job or business relations there and conditions prevent their removal.

And there are some, who if placed in any ordinary town, where there is nothing out of the usual, will get over it and say it is the best of places on earth.

They will be such local friends that they attract attention. They will feel they have been attached to a community where these things exist, that they would not exchange this environment for anything else that could be offered them.

We have many such folks in Patton. Through their loyalty and devotion we have built up a community that has more than its share of modern benefits, and pleasant surroundings.

#### Application for County Aid.

To the Commissioners of Cambria County:

Whereas, The section of Highway in Chest Springs Borough, County of Cambria, Commonwealth of Pennsylvania, being about 1000 feet in length, and situated as follows: Beginning at Borough line on Ashville road extending south to Columbia street, in need of improvement, and whereas, the Borough of Chest Springs desires to take advantage of the Act approved June 22, 1929, as amended by Act approved March 10, 1931, permitting counties of the Commonwealth of Pennsylvania to appropriate and expend moneys for the improvement and maintenance of state highways and state-aid highways or any public highway in any county of the Commonwealth, etc. Therefore, be it

RESOLVED, that the Borough Council of Chest Springs Borough, in regular session assembled on this 6th day of April, 1931, do on behalf of said Borough, hereby petition for County Aid as hereinbefore stated.

## Pledge to the Public on Used Car Sales

- 1 All used cars offered to the public shall be honestly represented.  
If a car is suitable only for a mechanic who can rebuild it, or for some one who expects only a few months' rough usage on a country trip, it must be sold on that basis. Each car must be sold for just what it is.
- 2 All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.  
This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.
- 3 Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.  
The public can deal in confidence and safety only with the dealer whose policy is "one price only—the same price to all." For, as all cars on this basis, every one of them must be honestly priced to begin with.
- 4 Every purchaser of a used car may drive it for five days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.  
It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

Not only to the public, but also to The Studebaker Corporation of America, whose cars we sell, we pledge adherence to the above policy in selling used cars.

### CENTRAL GARAGE.

The Studebaker Corporation of America takes pride and pleasure in announcing that the above Pledge is being carried out by

# CENTRAL GARAGE,

Fifth Ave. PATTON, PA.

THE Pledge speaks for itself. It is a formal declaration of the fair and square attitude of Studebaker dealers toward the public. It is an assurance of honest dealing in a line of merchandising which in some times and places has fallen into ill repute. It is an assertion of confidence in the reserve mileage built into the sturdy "one-profit" Studebaker automobiles.
