

SCHOOL DAYS

Mother's Cook Book

We are the little children in our poor... As we reach after you...

WARM WEATHER FOODS

During the summer when mother serves plenty of fresh vegetables and fruits...

Jellied Veal

Wipe a knuckle of veal and cut in pieces, put it into a kettle with two quarts of water...

Italian Cheese

Take one pound of veal, one and one-half pounds of calf's liver, one-half pound of ham...

Neerle Max well

When it comes to promoting modesty in women's clothing, says poetess Polly...

THE LONG OF IT

"SIXSONNEY, old fellow, old top" said Eton Junior, really, you know it would be a demerit jolly thing if you would look about you...

THE YOUNG LADY ACROSS THE WAY

The young lady across the way says she supposes they favor the new scarlet fever serum with something so the children won't object to taking it.

HER CHILDREN'S TOYS

THE things of old are laid away, With which the children used to play. For now they play with newer things...

How It Started

THE menagerie in the strict sense of the word, is as old as civilization itself.

Amateur Designed Capitol

The original capitol building at Washington was really designed by an amateur architect, William Thornton of Philadelphia.

Ducklings Fattened for Market Are Always Best

The ducklings to be marketed should be fattened for two weeks before killing on a ration made of three parts...

Crops in Orchards

Orchards are the best crop to grow in an orchard. The tops cover the ground at the time of the year when the ground most needs protection...

Cows Need Some Grain

A good cow should have some grain when on this early pasture or oat midwinter grazing. Take only a fair amount that gives say 25 pounds of milk a day.

Where Bad Eggs Go

Eggs that are worthless so far as food value goes are not wasted by the large dealers, but are covered with kerosene after being broken, treated with lye and sold to tanneries for use in one of the first processes of making leather.

Trees Need Thinning

Most trees need thinning, rather than pruning, which means cutting off many small limbs or twigs. On old, solid-barked trees, pruning often resolves itself into a matter of maintaining the balance between the feeding and fruiting parts of the tree.

Amundsen Began in 1896

Royal Amundsen, the only man who has visited both the North and South poles, began his career as a polar explorer in 1894, when he sailed as mate with the Belgian Antarctic expedition.

Mother Speaks

"How is your baby, my dear?" "He cuts into bridge dreadfully," London Express.

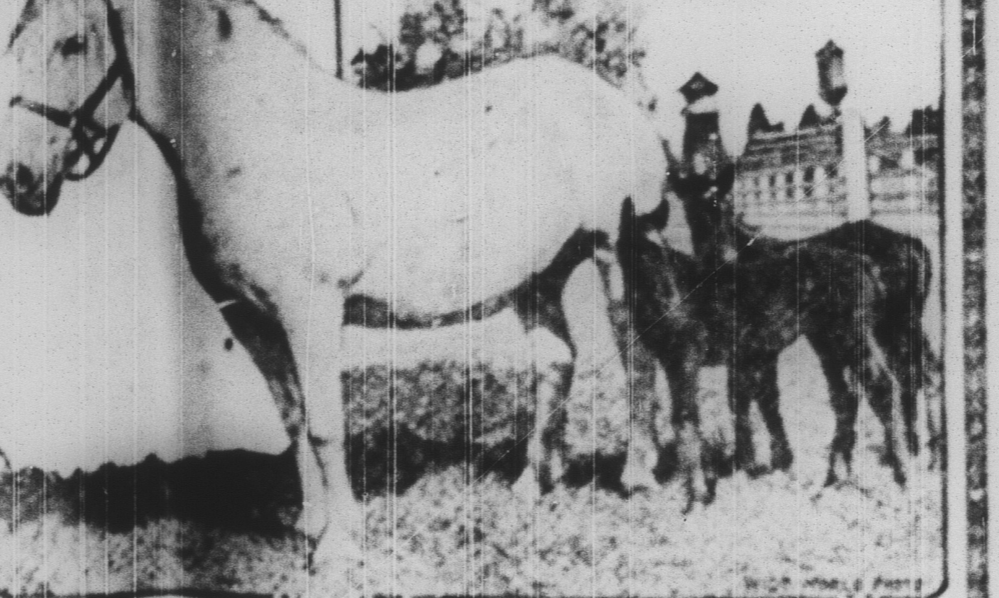

? MEN ?
