MUSIC CLUB HOLDS MEETING MONDAY

One of Most Enjoyable in the Organization's History.

AT THE GOOD RESIDENCE.
Was Held on January 17th and Comprised Numbers by Both Hayden and Beethoven.

The most enjoyable meeting in the history of the Patton Music Club was held on January 17, at the home of Mrs. R. E. Good.

The program consisted of music by Hayden and Beethoven. Mrs. Rishell played one of Hayden's Sonatas.

The Beethoven selections proved to be records of his ninth symphony, and is the first symphony to be recorded in its entirety. The recording was done in England and the musicians were the Queen's orchestra.

Mrs. Good told of the personality and work of each composer, and, by playing on the piano, the different themes used in the symphony, greatly illuminated the complexity of the work.

When the program was completed a very delicious luncheon was served.

Mrs. Good deserved a vote of thanks from the club and its guests for a thoroughly enjoyable evening.

PATTON LANDMARK DESTROYED BY FIRE

One of the landmarks of the Patton community, commonly known as the old slaughter house, situated on the St. Lawrence road, near Patton, was destroyed by fire on Saturday night.

The blaze had made too much headway before discovered and the Patton Fire Company was able to offer little resistance. For some years the building had remained dismantled and unused. Since last fall J. Haluska had used it as a storehouse for grain and farming implements. No estimate of the loss has yet been announced.

ODD FELLOWS MEET

Have Great Celebration; Many In Attendance

One of the most unique events of the winter months occurred last Thursday evening, January 13th, in the Odd Fellows Hall, which was attended by many members of the order in this vicinity. The large assemblage was in honor of the incoming class of candidates and also in commemoration of the birthday anniversary of Thomas Wiley, the founder of Odd Fellowship in the United States. Many visitors, including the District Deputy of Cambria County, District number 2 were present, and a roll call of the lodges present was answered by members of Ebsenburg Lodge, Blacklick Lodge 1088 of Nant-y-Glo; Houtzdale Lodge; Ashcroft Lodge 1020 of Hawk Run; Dixonville Lodge; and Patton Lodge 1089.

The business meeting commenced at 8:00 P. M. in charge of Homer J. Larimer, N. G. and Leonard Kusner, V. G. After the completion of the regular business the degree team of Patton Lodge took charge of the meeting and conferred the Initiatory Degree upon Leonard G. Corby of Patton and Louis Johnson Jr. of Hastings. The work of the Degree, especially the ritualistic work as exemplified by the various members of the team brought forth much applause from the assemblage. A new floor drill team completed the degree work for the evening after which the lodge was closed and turned over to the Entertainment committee.

A most delicious luncheon, something extraordinary and more relishing than the usual club luncheons, was then served by the Luncheon Committee. Pickles and olives; sandwiches of countless varieties; dainty cakes of several sorts; fruit salad and jelly with flavored whipped cream; individual bricks of Penn. Cream ice cream; after dinner mints; chocolate hersey buds; cigars and cigarettes; and old fashioned coffee were on the bill of fare. Never before in the history of the local Lodge had such a "uncheon been served and the quantity as well as the quality of the menu indicated a vast amount of preparation by this committee. A vote of thanks were given to the "chefs" of the evening.

Impromptu speeches were then offered by different members of the order, speaking on the lessons of Odd Fellowship and the great expansion of this order in the world today. The memory of Thomas Wiley, the founder of the I. O. O. F., was also honored in the speech of the District Deputy, William Nimmo. This great order, which now totals close unto three million members is only an infant among fraternal organizations; but ranks foremost among them. The age limit is now eighteen years of age and more young men are joining this order than ever before in the annals of Odd Fellowship. Patton Lodge has alone increased its own membership 20 percent in the past five weeks; and will be the winter months are past it will be much higher. Patton Lodge now leads District number 2 of Cambria County in this respect. The social and fraternal activities derived from Odd Fellowship are many and no better investment of this nature can be made by a prospective candidate, eighteen or over. The lodge work is interesting and the meetings are attended by large gatherings. A degree Team is now in vogue and this alone tends to make the local lodges one of the foremost of any lodges in this region.

Several other items on the entertainment of the evening were a vocal solo by Thomas Wardlow of Blacklick Lodge who is a native of Scotland. This was well received by the audience. Many guests gave a few minutes talk on the subject of the meeting and then at a very late hour the members departed for their respective homes, carrying with them many thoughts of the most enjoyable evening of pleasure, business and entertainment that Patton Lodge has ever had.

Listed among the out of town guests were; William Nimmo, Robert Nimmo; Thomas Wardlow, and William Butterworth of Nant-y-Glo; Byron Davis; M. R. Heath; Stanley Davis; R. C. Gettings; Myles Evans and Lester Larimer, of Ebsenburg; George Heuther, Bert Elden, W. M. Hunter and John Johnson, of Hastings; Harry Moore, Charles Stiecker, Howard Davison, William Symons Sr., William Symons Jr., all of St. Benedict; Walter Nicholson and Joseph Chapman, of Barnesboro; and Walter Myers of Dixonville. Together with the many members of Patton Lodge who were in attendance eighty some Odd Fellows were present at the celebration.

This Thursday evening the first degree will be exemplified by the degree team upon a class of candidates from Cherrytree Lodge No. 417, as well as from Patton Lodge. A very large turnout is expected and it will probably the attendance of any Odd Fellow in seeing this splendid degree conferred. Come early and get a good seat as we expect to be crowded.

DATES FIXED FOR SHOWING FILMS

Kiwanis Club to Make Appeal for Aid of Crippled Children

OPENS JANUARY 24.
A Worthy Cause's the Tiny Tim Club and You Can Help, Too, Gentle Reader.

Dates have been set by the committee of the Northern Cambria Kiwanis Club to negotiate the showing of films wherein many crippled children cured or benefited by the treatment received at the Orthopedic Ward Memorial hospital, Johnstown, will appear when the pictures will be put on the screens in playhouses in the north of the county. At a recent meeting of the club it was decided to form a new chapter of the Tiny Tim Club. To acquaint the general public more thoroughly with the good and charitable work of this club, these pictures will be shown next week.

On Monday night the pictures will be shown at the New Firemen's hall in Carrolltown; on Tuesday Spangler folks will see them at the Gray Centre; Wednesday they will be screened at the Moose theatre, Hastings, and on Thursday at Cherrytree and Friday at Barnesboro. They will be displayed at the Grand theatre, Patton on Saturday night of next week. At St. Benedict a lecture on the work of the orthopedic ward will be given.

The Northern Cambria Kiwanis Club warrants that only northern Cambria County children will benefit from the sale of memberships in the Tiny Tim Club sold by them. The club has heretofore raised this money by holding of minstrel shows. This year the new and better method will be used. You can do no more charitable work than that of joining the Tiny Tim Club, and it is open to everybody.

Commonwealth authorities left last Thursday, for Georgia to return to Cambria County two youths who are alleged to have driven from Pittsburgh through Ebsenburg to North Carolina and on to Georgia in relays of stolen automobiles. WHAT DOCTORS MUST DO IN PNEUMONIA CASES

Pneumonia has grown to be such a devastating disease that the state department of health has sent out the following orders to the doctors of the Commonwealth, as follows:

Dear Doctor: Pneumonia in its several forms has always been, and continues to be, one of the most important causes of death. Reduction of the mortality from this disease may be effected, but the prevention of secondary cases would seem to be largely possible and will contribute definitely to the ending.

For the purpose, therefore, of minimizing contact with cases of pneumonia and thereby diminishing opportunity for the infection of others, the Advisory Health Board of the Commonwealth has adopted the following regulations on December 21, 1926, requiring:

1.—That all cases of pneumonia, of whatever form, shall be reported, and the patient shall be isolated in a room thoroughly with the room "disinfectant" (or other) as the case may be.

2.—That all cases of pneumonia shall be isolated with only the necessary attendant, until recovery or death.

We are confident that this attempt to lessen the incidence of pneumonia will meet with your entire approval, and hope that we will have your full co-operation in the reporting of cases, the isolation, and the instruction of those concerned in the wisdom of avoiding unnecessary visits to the patient either by members of the family or others. Very truly yours, C. H. MINER, Secretary of Health.

Anthony A. Miller, aged 72 years, a well known retail railroad worker, died at his home at Spangler on Friday last. Death was caused by a complication of diseases. He had been ill for a month. Ott, principal of the Barnesboro schools, gave an address on "The Youth," and "The High Hat Entertainers" of Barnesboro, put on an interesting program.

Tuesday was donation day for the Miners' hospital at Spangler, and Patton folks gave generously, indeed. A collection of canned goods and produce was made through the pupils of the local schools, and so generous was the response that it took part of the teaching staff of the greater part of the afternoon packing and shipping the foodstuffs to the hospital.

NO APPROPRIATION FOR THE HIGHWAYS

In Cambria County Besides The Ones Contracted for.

SAY THE COMMISSIONERS.
Resolutions Are Adopted By County Officials Covering Reasons for the Same.

There will be no appropriation for the construction or reconstruction of highways in Cambria County in 1927, except moneys advanced for roads and damages already contracted for, according to a decision of the board of county commissioners this week.

The condition of the county's finances and the need for taking care of large amounts of money that will have to be expended by the county for the bridges in Johnstown and outside the city are given as the reason for the decision. The commissioners will take care of a road program this year that includes a section of the Haws pike, the two miles between Patton and Chest Springs a section of the Frankstown road, the stretch between Loreto and Cresson, and some others.

The commissioners will try to conserve county funds for the purpose of making available a sum of money for the construction of a new Children's Home, and it is also the intention of the commissioners to take over the structure now used for the children as a hospital for tubercular patients, and we believe these are needed more than more new roads. The Commissioners adopted a set of resolutions in favor of these two matters.

Everyone has a cordial greeting for the stranger. The homes and parties are open to him everywhere; the people at his meetings will do anything he asks them to and the pastors of other churches have visited and encouraged the services in the Baptist church.

The evening meetings, open to all comers, continue, excepting Saturday, and services will be in charge of the evangelist all day Sunday, and will close with a farewell service on Sunday night.

One successful venture has been the formation of two choirs—one for boys and girls and one for adults. Both have yielded results surprisingly to the singers themselves. Many people are being received or are making their first start in the Christian life.
