A. T. & T. CO STOCKHOLDERS NOW NUMBER OVER 420,000

On June 20, 1927, the record date for the quarterly dividend payable July 15, the American Telephone and Telegraph Company had 420,291 stockholders. This is the largest numper to whom the corporation has ever paid a dividend and is believed to exeed the combined total of stock olders for the next three largest

American corporations.

Included in the list are more than 70,000 Bell System employees. Less than 4 per ct. of the outstanding stock is held in the names of brokers, the balance being owned by investors throughout the county and including broughout the county and including 5,000 living in foreign countries

The average number of shares held er stockholders is only 26. More han one-half of the stockholders own-10 shares or less, however, and more than three-fourths own 25 shares or ess. No stockholder owns as much as per cent of the outstanding stock. SPRITTLE BUGS HAVE

INVATED FOREST PLANTATIONS

Spittle bugs have invaded the State Forest plantatins in Clearfield, Centre and Mifflin counties.

This announcement was made by J. W. Keller, chief of the State Bureau of Forest Extension. Keller declared that if weather conditions remain favorable the bugs will

present a serious problem. He explained that thus far no method of curbing the attracks of the insects The bugs, according to Keller, are very small and live from the sap of the leaves and twigs of young pinc
