can visitors because of the fact that many words of the two languages are the same 'Good butter and good cheese, is good English and good Friese,' is an ancient proverb that can be understood by both peoples.

"Frieslan dialect is said to have many expressions similar to the highland Beoteh. Perhaps this accounts for the fact that there are always Scotch buyers at the Friesian cattle fairs which for many years have furnished blooded dalry stock to the murkets of the world."

Magpies Attack Children Canberra, Australia .- Police of the recently established capital of Austraila have been required to add hunting to their ordinary duties because of the invasion by wild mappies. The savage birds, as if resenting the invasion of their domain, have attacked the children of government of ticiala.

## Muscle Shoals-The Farmer's Dream Of Cheap Fertilizers

What will be the next chapter in the long and hectic career of Muscle Shoals? The magnificent power dam stands fully completed, the \$15,000,000 air nitrate plant is fully equipped and ready to operate the turbine-Coolidge's Muscle Shoals Inquiry re-tors and bounds if cheaper the operation of the standard for the pro-duction of the standard for the standard for the pro-duction of the standard for the standard for the pro-duction of the standard for the standard for the pro-duction of the standard for the standard for the pro-duction of the standard for the standard for the pro-duction of the standard for the standard for the standard for the pro-duction of the standard for the standard for the standard for the pro-duction of the standard for the st

nitrate pland is fully equipped and ready to operate the turbine-generators costing nearly half a million dollars each are in place and electric current is being generated, yet no nitrates are being produced.
Only a part of the electric current is being generate the power monopoly of that region — the Alabama Power Company—at a price that fails by more than half a million dollars a year to pay even 4 per cent interest on the fair peace-time cost of the dam and
fertilizers were available President Coolldge's Muscle Shoals Inquiry report at the power to place and electric current.
