## PREPARATIONS FOR CHRISTMAS MAILING

Is Given Out Through the Post Office Department by the Local Postmaster.

Postmaster Thomas Powell, of the Patton postoffice, advises us that it is to the advantage of all patrons of the office to shop now and mail early insofar as the post office department is concerned. The offices will make every effort to handle the Christmas mails without delay, but owing to the tremendous volume this can be done only with the co-operation of the public. Mail clerks will be working NOW, if possible, no deliveries will be made on Monday, December 26th, after 12:00 noon.

All parcels must be SECURELY wrapped or packed. Use strong paper and heavy twine.

Special packing, unusually strong, must be used for hats, shoes, cut flowers, drawings, paintings, sharp pointed instruments, etc.

Fragile objects should be packed in boxes to insure perfect protection. Use padding and you should use excelsior, or other competent packing for such articles as glassware, fragile toys, crockery, cigars, or any article or articles easily broken or damaged, and all such packages should be marked plainly in large letters on the outside, "Fragile."

Articles likely to spoil within the time reasonably required for transportation and delivery will not be accepted for mailing. Wrap or pack carefully according to contents, and plainly mark such packages "Perishable" and use the special delivery stamps to expedite delivery.

Addresses should be complete, with house number and name of street, post office box or rural route number, and type, or plainly written in ink. A return card should be placed in the upper left corner of every piece of mail. If a tag is used the address and return card should also be written on the postcard for use if the tag is lost, and a copy of the address should be enclosed inside the parcel.

No parcel may be more than 84 inches in length and girth combined. For delivery locally and in the first, second and third zones, 70 pounds is the maximum weight; in other zones 50 pounds.

During the holiday time the mail increases in volume approximately two hundred per cent. It is physically impossible to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to insure delivery of their Christmas presents, cards or letters by Christmas Day, the public should SHOP AND MAIL EARLY. Do your Christmas shopping so that you can mail your gifts, greetings and letters to relatives, friends and loved ones at least two or three days before Christmas, according to the distance. This will not only make it easier when you drop the heavy mail on your postal service and to postal employees and enable them to spend Christmas day with their families.

Patrons sending a quantity of Christmas cards, say 10 or more, should prepare and mail them two or three weeks in advance, as mailed letters which they can not possibly be handled and delivered if mailed only two or three days before Christmas. To avoid this, patrons may mail office or postal station in person, or tied together in a bundle, labeled to show that they are Christmas cards, and deposit in a street letter or package box. These will then be segregated, stamped with the date on which to be delivered, and delivery effected one or two days before Christmas.

**BOY SCOUTS HAVE A FINE WINDOW DISPLAY**

A Glimpse in the Former Goldman Store Window in the Good Building Will Be Pleasing to You All.

A little idea of the craftsmanship of the Boy Scouts may be gleaned by looking at the window display in the Patton Troop now has displayed in the window of the former Goldman store room in the Good Building, and it is to be all the more appreciated when the display is short time in which the local boys have organized. The boys have tried hard indeed, to make this display a success, and that they have met more than the expectations of all goes without saying. It shows what the average boy, with a little training, can do.

The Klubbok Patrol held their regular meeting in the Firman's hall last Friday evening. The meeting opened with the Scout Oath, Law and Motto and Salute to the flag. The dues were collected and the roll called.

The scouts had a few health exercises which were much enjoyed. The Rev. Mr. Gorman being the instructor. A new game was started by picked sides and it also resulted in a tie score, as last week, the boys being 5 to 5. After a game of dart baseball the meeting was adjourned.

**NORTH COUNTY KIWANIS HOLDS A FINE MEETING**

"Merchants' Night" Was the Card at Spangler's Last Monday Evening, and Was Enjoyed.

The Rev. Father John O'Connor, rector of St. Edward's church, Barnesboro, and the Rev. A. Broadly-East, rector of the First Presbyterian Church, Barnesboro, were the speakers at the weekly meeting of the Northern Cambria Kiwanis club at the Brandon hotel, Spangler, on Monday evening, and their talks were both good.

The Hi-Hi-Hatters of Barnesboro entertained the group with five fine musical selections. Merchants' night was observed and a number of north county merchants present as guests of the club. Nomination for officers was held, and the election will take place on December 5th.

**MRS. ANNA HOLES.**

Mrs. Anna Holes, aged 65 years, of Cherrytree, died at 2 o'clock on Monday morning at the Miners' hospital, Spangler. She was admitted to the institution on November 1st. Death was caused by complication of diseases. The deceased's husband preceded her to the grave. She leaves on hand in the Spangler church at Westover R. D.

**JOHN LOKOS.**

John Lokos, aged 70 years, of Ruthford, died at his home on Sunday. Death was due to a stroke. The deceased is survived by his widow and six children. The funeral was held in the Spangler church at Westover on Wednesday and interment was in the church cemetery.

## THE NEW FORD CAR "COUNTRY DOCTOR" AT GRAND THEATRE

Comes On the Market Tomorrow, Friday. Learn of It.

After six months of "saying nothing but saying wood," Henry Ford today announced the specifications of an automobile that in performance, appearance and mechanical features has heretofore been associated with a considerably higher price class.

Unusual speed and acceleration are among the outstanding features of the new car. It is announced as being able to make 50 to 60 miles an hour with ease. In recent tests it has run more without difficulty. What is more important, it is stated that when traveling at such speeds the road is run easily and with comfort for driver and passengers. It is also stated with equal positiveness, however, that it performs in an equally spectacular manner on bad roads.

In its design, Mr. Ford has held to his original idea of a car which can meet all conditions and types of roads.

The new Ford car also introduces a new type of four wheel brakes, an exclusive Ford development, they are of the mechanical, shoe expanding type, and self-centering. The brake pads are of hand brake each operate on all four of the wheels. It was stated that this is the most reliable and simplest type of four-wheel brake, easiest to adjust.

An engine that is practically vibrationless is another feature of the new car. It is a four-cylinder, four-valve, overhead valve engine, which is designed to run at 2,200 revolutions per minute. This low revolution speed in ratio to the high horsepower is illustrative of the unusual efficiency of the engine. Also included in the lower engine speed insuring less wear on engine parts. The low revolution speed is also a substantial factor in lessening vibration. The bore is three and seven-eighths inches, stroke four and one-quarter inches. The unusually large crankshaft is both statically and dynamically balanced, weighs 28 pounds.

This balancing, combined with the lightweight aluminum alloy pistons, further combine to reduce vibration and increase riding and driving comfort and safety.

In addition to freedom from vibration it is announced that the car is unusually quiet, a great deal of attention having been paid to this feature by the Ford engineers. In the engine, the timing gears are made of laminated fabric, which is much quieter than metal. The cams on the cam shaft have been so designed as to prevent valve clacking.

The coachwork of the car is as distinctive as its performance. There is a noticeable European touch in its contour. It is not only designed for exterior beauty, but has as well the interior roominess, which makes it a desirable car for touring.

Appointments to be found in much higher priced automobiles. On an instrument board of satin finished nickel are mounted the speedometer, oil gauge, fuel gauge and ignition lock with a dashlight in the center. The new military type sun visor with crown roof and round corners, with standard shift, three speeds, unusually narrow pillars and very wide doors and windows give maximum exterior attractiveness, while choice of four colors in previous models.

Simplicity in design has also been carried to the ignition. There is only one coil, in a water proof case. There are no vibrators to adjust, no extra wires to work loose or short circuit from water. The distributor is located in a readily accessible position on top of the engine.

Centrifugal water pump, large radiator and airplane propeller-type fan provide cooling system which makes the car very efficient, and, except from abuse, such as running without enough oil, or a dry radiator.

From 29 to 29 1/2 gallons of gasoline is the gasoline consumption announced. Feed to carburetor is by gravity.

The oiling system, which is distinctive Ford design, is a combination of pump, splash and gravity feed. The new transmission is of the selective sliding gear type, with standard shift, three speeds forward and one reverse. The main shaft runs on roller bearings, the counter shaft on roller bearings, a power saving design unusual on light cars. Shifting gears is noiseless and easily accomplished, at the pressure of a finger.

Multiple dry disc clutch, rear axle of electrically welded steel, and spiral bevel gear drive are interesting features. The axle shafts carry none of the weight of the car, the wheel, running on roller bearings on the housing. Newly developed springs of the transverse, semi-elliptic type and hydraulic shock absorbers prevent excessive up and down movement and remove side sway.

Irreversible steering gear, which prevents shocks from being transmitted back to the hands of the driver, makes handling exceptionally easy. Maximum steering safety is further provided by a gear housing of welded steel forgings, and a steel tube steering column welded into the housing, making a sturdy and exceptionally safe one-piece unit.

Ford designs, standard wheels, completely welded into one piece assembly are provided.

There are six models of the new car, the phaeton, roadster, sport coupe, coupe, Tudor sedan, and Fordor sedan.

Local dealers are preparing for a public reception on Friday of this week, when models of the new car will be shown in photographs and charts.

**CRETIN-PLUNKET.**

St. Augustine's Catholic church at St. Augustine was the scene of a pretty wedding on Wednesday morning of last week when the Rev. Father Polgard Farber, officiating, united in wedlock William Plunket, son of George Plunket of Ashville, and Miss Marie Cretin, daughter of John Cretin of St. Joseph, and two sisters, Mrs. Josephine Hoover, also of Patton, and Mrs. Henry Welpert, St. Joseph.

Funeral services were conducted at St. Joseph Tuesday morning.

**HOLY TRINITY CHURCH.**

A. Nugent Samwell, Rector. Church school at 9:45 a. m. Beginning next Sunday, December 4th, the morning services will begin at 8:30 instead of 9 a. m.

Will Be Presented on Saturday of This Week. Is Picture Worth Seeing.

An epic story of an unsung hero, of daring, sacrifice love and devotion is the "COUNTRY DOCTOR," the big film attraction which will be shown at the Grand Theatre on Saturday of this week.

To save a dying man, that is the work of the Country Doctor, to whom professional duty is just matter of routine. Gladly he went forth on his perilous mission, knowing that his only reward would be the completion of his duty well performed. Don't miss this picture to study the life of the country doctor. It's the best classic since "Way Down East."

**MUSIC CLUB OPERETTA ON FRIDAY, DECEMBER 9**

"The Lost Necklace," Contains Many Passages of Brilliant and Haunting Spanish Music.

The residents of Patton are looking forward with a great deal of interest to the presentation of "The Lost Necklace" by the Patton Music Club at the Grand Theatre on Friday, December 9th.

"The Lost Necklace," an operetta, was written by Jules Massenet. It is a story of a young girl, who is wandering among the vines, and the grape girls to join in their merriment.

The mid-day rest is enjoyed by the arrival of a troupe of Gypsies who sing and dance. One of the gypsies tells the fortunes of several of the grape gatherers.

Margaret suddenly discovers that her necklace is missing and accuses the gypsies of having stolen it. The gypsies are greatly angered, and a dramatic situation is created. In addition to having a splendid cast of the following characters are cast as principals:

Margaret, a young American girl, vivacious, witty, a veritable Spanish dancer; Lola, a beautiful, winsome grape gatherer, Bertha Christoff, Dolores, a provocative grape gatherer; Charles Snyder, Zerlina, a Gypsy leader; E. Good; Josef, Zerlina's son, Eddie Donahue; Esmeralda, the Gypsy fortune teller; Miriam.

The production is under the direction of Mrs. Ralph E. Good, assisted by Mrs. M. Don Connell, with Mrs. Connell and Mrs. E. Good as chorus. The novel use of the piano and stringed instruments will be employed. The Summit Country Club Orchestra has been invited to play the overture and several numbers.

The Music Club will be assisted by Eddie Donahue, tenor, of Patton, Ruth Jones, soprano, of Little Neck, and Davis, of Ebensburg, dancers. The dancers are being coached under the direction of Miss Barnes and the entire operetta will offer a splendid variety of dialogue, dancing and music.

The charge of admission will be 25c, with 10c for reserved seats. Only a limited number of choice seats are being reserved and these may be obtained on Wednesday afternoon, December 7th, at Thompson's store.

**MRS. THEODORE STORM, CHEST SPRINGS, DEAD**

Passes Away Last Friday at Age of 79 Years; Funeral Held Monday at St. Monica's Church.

Mrs. Jane Walters Storm, aged 79, wife of Theodore Storm, died at 8:15 o'clock last Friday evening at her home near Chest Springs. The Storm family has resided on the farm for the past 51 years.

## DU BOIS HELD DOWN

To A Tie Score of 6-6 at DuBois By Patton Team Thursday.

The Patton A. C. Football team held the fast DuBois squad to a 6-6 tie score at DuBois on Thanksgiving afternoon on a muddy gridiron. Patton made 15 first downs while DuBois was held to four.

Murphy kicked off to Patton and the latter team returned the ball on a number of well directed plays to winning striking distance. Christoff made a 25 yard dash but DuBois held for downs. DuBois kicked to Patton on the 50 yard line. Christoff tossed a 30 yard pass to Carretti, who sprinted for a touchdown. Murphy then kicked off to DuBois and Patton again advanced the ball to within striking distance, but DuBois held the locals on the ten yard line.

DuBois made their first down shortly after the start of the second quarter. An exchange of punts followed and DuBois lost the ball on downs. Christoff kicked out of bounds on the five yard line. Pachel then sprinted down the field for DuBois' only touchdown of the game.

In the third quarter Patton had the ball in DuBois territory practically all the period but was unable to score. Carretti and Christoff worked for Patton with their end runs. DuBois tried numerous forwards but were unable to complete them.

During the greater part of the last quarter the game was played in DuBois territory. The line ups and summary:

**CHRISTMAS SEAL SALES IN PATTON**

Do Your Share in the Everlasting Fight Against the Dreadful White Plague.

The Christmas seal, no heavier than a pin, carries a message of health and good cheer at the Christmas season. These seals, the funds of which are used in the everlasting fight for the stamping out of tuberculosis, should be an ever-bit of mail and every parcel you send out at the holiday season.

The Christmas seal sales campaign is now on in Cambria County. None of Pennsylvania and in the United States. In Patton the Committee will this week mail you an allotment of the seals, and it is your duty to remit for them promptly.

Practically every cent raised from the sale of the Christmas seals in Cambria County is used in Cambria County. None of the sum goes outside the county. That means that the work is strictly one of local charity. The greater bulk of the funds goes to the care of children who have become afflicted with the Great White Plague.

All officers of the seal campaign committee, whether local or county, serve without compensation. There is no one but those for whom the funds are intended, to receive anything.

Already many Pattons have subscribed handsomely for the seals. With the co-operation of everyone the sales will reach an extent that is expected of the Patton community. Let us not fall down on the job.

These seals that are sold for one cent each have made possible the organization campaign against tuberculosis that has been carried on with ever increasing emphasis year by year—and the Christmas seal stands for something more, for they are truly health seals, since what ever helps to prevent tuberculosis helps to make for health. To thousands of people made possible the message that tuberculosis is a curable disease. Steady progress is being made in the fight against it. Xmas seals furnish the ammunition that is winning the battle. Do your bit.

Patton Man Had Been Convicted of Attack on St. Boniface Girl

Regular motion and petition and domestic relations court was in session at Ebensburg Monday, with President Judge John E. Evans and Judge J. H. McCann and Samuel Lennox, clerk on the bench. A large number of motions and petitions were taken up and disposed of, as well as a number of desertion and non-support cases, and also some other minor cases.

In President Judge Evans' court the following cases were disposed of: Tony Gernosky, desertion and non-support; defendant directed by the court to pay the costs and \$25 per month for the support of his wife and child.

John E. Leahy of Lilly, desertion and non-support; defendant directed by the court to pay the costs and \$100 per month for the support of his wife and child.

John E. Leahy of Lilly, desertion and non-support; defendant directed by the court to pay the costs and \$100 per month for the support of his wife and child.

In Judge McCann's court the following cases were disposed of: Robert Troupe, desertion and non-support; defendant directed to pay the costs and \$60 per month for the support of his wife and child.

William Krink of Johnstown, non-support; defendant directed to pay the costs and \$30 per month for the support of his wife and child.

Wende Phillips, non-support; the case was dismissed and the county directed to pay the costs.

In Judge Reed's court the following cases were disposed of: Michael Carroli, non-support; defendant directed to pay the costs and \$30 per month for the support of his wife and child.

James Litzinger, non-support; defendant directed to pay the costs and \$20 per month for the support of his wife and child.

A. E. Kissel, non-support; defendant directed to pay the costs and \$50 per month for the support of his wife and child.

Frank Gore, non-support; defendant directed to pay the costs and \$30 per month for the support of his wife and child.

Fred Bodeschatz, desertion and non-support; defendant directed to pay the costs and \$25 per month for the support of his wife and child.

Andrew Ficus, surety of the peace and non-support of minor child; defendant directed to pay the costs and \$30 per month for the support of his wife and child.

The following persons waived the finding of guilt by the grand jury and pleaded guilty to the offense with which they were charged:

Charles Canfield, violation of the liquor laws; sentenced to pay the costs and a fine of \$100.

George Wise and Henry Coleman both colored and both of Altoona violation of the liquor laws; each jointly pay the costs a fine of \$100 and each to be released on parole under the charge of Charles E. Knave, parole officer, at the end of 30 days.

James Solomon of this place appeared before the court Monday afternoon to be sentenced for the crime of assault and battery with intent, of which he was found guilty at the September term of criminal court, and he was sentenced to the county jail for a term of two years and three months to five years in the county jail, having already served three months in the jail, which time the court took into consideration in passing sentence.

This case was tried twice, first commencing before the
