Buried Treasure Now Located by Wireless. Buried treasure is said to have been discovered in paying quantities by a party of British and American adventurers in Panama City. The party is equipped with a new wireless device that indicates the presence of large quantities of buried metal. At Panama City, jewels, plate, and chains of precious metal are said to have been found. If the treasure seeker continues to prove a success, it will probably be used in searching for pirates' hoards in the West Indies and on the Mexican coast, as well as in two other spots, Cocos island, off the coast of Chile, and a small volcanic island off Brazil. These two places are known as the world's greatest treasure fields. For Colds, Grip or Influenza and as a Preventive, take Laxative BROMO QUININE Tablets. A Safe and Proven Remedy. The box bears the signature of E. W. Grove. 30c.-Adv.
