IVAN MCKENRICK CHOSEN AS HEAD OF SCHOOL DIRECTORS

The members of the Cambria Coun

The members of the Cambria County School Directors' association in their annual convention at Ebensburg last week re-elected all the officers who served in the past year, for the ensuing year. The officers are:

President, Ivan J. McKenrick; Fiest Vice President, Dr. William A. Prideaux; of Blacklick township; Second vice president, H. M. Spengler, of Ferndale Borough; Secretary, M. C. Lynch of Lilly; Treasurer, Irvin A. Boucher of Summer-hill township. ill township.

The association elected Mrs. Maude

The association elected Mrs. Maude offman of Vintondale and Joseph A. ashington, of Cresson, as delegates to e state convention this year. The altertes are J. M. Young of Upper Yoder wiship and J. I. Easch of White town-

IN VIOLIN CASE LINING

nt of Leechburg, who died recently in the deposited in a rather unusual place—the lining of

The will has pust been found in the violin case, which has been in the home of a brother in Latrobe.

It was not until a sister who resides in Hungary wrote that the brother knew where the will was hidden. Julius Kantor, the brother, and the sister, who have since come on from Hungary, have probated the will in the orphan's court at Greesburg. A farm in the province of Papp, Austria, was one of the large bequests and went to the brother.

HOTEL AT GLEN CAMPBELL IS DESTROYED BY FLAMES

Fire last night (Wednesday) destroyed the Capital Hotel, a large three story frame building of about fifty rooms, and for a time threatened to wipe out the largest business section of Glen Campbell but the Glen Campbell and Barnesboro firemen succeeded in confining the fire to the hotel building. The fire was discovered about 8:45 o'clock and at midnight the hotel was reduced to ashes.

PATTON R. D. NOTES

Mrs. Anthony Nelnauer is confined to her home in this place by illness.
Elmer Dietrich was the guest of friends and relatives in Ashville recently.
Henry Johnson was a recent business caller in Patton.

Adam Raskonerski visited friends and relatives in Hastings recently.
Miss Mildren Yahner has returned from a short visit in Patton.

WARRING-HARMMOND

WARRING—HARMMOND

Miss Geneva Harmmond of Spangler and Russell Warring of Ebensburg were married Monday evening at the parsonage of the Holy Cross Catholic church, Spangler by the Rev. Father Leopold Probst, O. S. B., pastor, Their attendants were Miss Dorothy Hammond sister of the bridge and Everett Miller of Ebensburg. The couple will reside at Ebensburg, where Mr. Warring is employed by the Miller Construction Co.

road.

Recent purchases have brought the total number of trucks to be used inthat work to 594. All are equipped with blades or V-type plows. The department also has 112 tractors equipped for use in snow removal work.

Convinced that the use of snow fence is a preventive of drifts and therefore greatly decreases the cost of snow removal, the department has almost completed the erection of 1,650,000 feet of suelf fence.

sucff fence.

Last winter department engineers were instructed to locate every section of road in their districts at which sections of snow barrier fence should be erected. As a result it is believed that every section erected this years will result in aiding the snow removal work.

The Bureau of criminal identification conducted by the Pennsylvania State Police since 1920 has been re-organized under an Act of 1927, which provides for co-operation of local law enforcement officials with this bureau. It also provides that this bureau shall co-operate with all police officers, district atorneys, courts and other law enforcement agencies of Pennsylvania, other states and the Federal Government, in the matter of apprehending and identifying criminals and collecting information on crime and criminals.

nals.

The fingerprints and Photographs of approximately fifty thousand persons, charged with commission of crime, are on file in this bureau. This collection is increasing by the receipt of fifteen to two thousand per month. Sixteen per cent, of those fingerprints are now being received are found to have a previous criminal history.

STATE SANATORIA RUN NEAR PEAK

Dr. W. G. Turnbull, deputy secretary of Dr. W. G. Turnbull, deputy secretary of health, in charge of the state's sanatoria activities reports that during the past year the three sanatoria for tuberculosis were run at full capacity. During this period there was a continuous waiting list for admission. This list reached as high as 1,100 during the summer months and the waiting list for women was particularly long.

During the year 3,293 patients were admitted; 768 of these going to Hamburg; 1,318 to Mont Alto and 1,207 to

Cresson.

The Mont Alto Sanatorium was opened in 1906; Cresson in 1913 and Hamburg in 1914. Since the opening of the institutions 58,782 patients have been treated. 30,098 at Mont Alto; 15,826 at Cresson and 12,858 at Hamburg.

Nothing would be more apprecia than your \$2 bill for subscription.

HIGH SCHOOL NOTES

by Russell Christoff

Vera Bortman was caller among fri-nds and relatives in Holidaysburg over

week on account of illness.

Students of the local schools have been asked to set this week aside for the purpose of contributing to the Near East Relief Fund. The cause is a needy one, and each student should play his part.

Practice sets were distributed to the members of the Bookkeeping Class on Monday morning. The class as a whole seems quite pleased about it, but we expect them to change their opinion very soon, in fact, too soon.

HOW CONCENTRATED FERTIL-IZERS SAVE FARMERS MONEY

Shipping Plant Food Instead Of Filler Saves Big Freight And Handling Costs.

The possibility of average savings in the delivered cost of commercial fertilizer amounting to \$16.03 per ton—or about 43 per cent. of the 1924 price—by the use of concentrated fertilizers from Muscle Shoals, was indi-

price—by the use of concentrated fertilizers from Muscle Shoals, was indicated in the December, 1925; report of President Coolidge's Muscle Shoals Inquiry. To date no one is known to have disputed this statement. Price relationships have, of course, changed somewhat since that time.

While part of this possible saving is attributed to cheaper production costs at Muscle Shoals, part to the proposed limitation of profits, and part to coperative purchasing by farm groups, a very important share is credited to savings in freight, bagging, and handling charges due to the concentrated nature of the product. nature of the product.

nature of the product.

Less than 600 pounds of this nightly concentrated fertilizer is needed to equal the real plant food in a ton of the ordinary 3-9-4 fertilizer. A fertilizer containing 13 per cent. ammonia and 48 per cent. phosphoric acid is now being made in large quantity at Niagara Falls and Warners, New Jersey, but the output is sold abroad almost entirely. One bag of this fertilizer equals 3.69 bags of a mixture of nitrate of soda and 16 per cent. acid phosphate required to get the same amount of actual plant food.

The savings in freight and handling costs through use of the concentratec ordinary apparent.

tive in Hollidaysburg over the week end.

"Its" Thomas says he's going to own a poultry farm when he grows older. He claims it pays to keep fowls because for every grain they give a peck.

Attorney James W. Leech, of Ebensburg, father of Congressman J. Russell Leech, who has been laid up at his place for the last week suffering from a severe for the last week suffering from a severe congruence of the past several days.

Tony Diplas, who was arrested in Buffalo, N. Y., after he had faked suicide by pretending he had gone over Niagara Falls, is now in the Clearfield county jail charged with evading debts. He formerly owned a shoe shining parlor in Clearfield.

Mr. Roth told this story to his Physics class last Monday: There was once a lady who was desirous to see the equator. So one morning the captain of the boat called her on deck and told her that if she would look through the telescope, she would see the equator. As she was looking through it, the captain pulled a hair from her head and held it before the telescope, and inquired whether or not she could see it. "Oh. Yes." before the telescope, and inquired whether or not she could see it. "Oh, yes." she replied "I see it very clearly. There is a camel walking across it."

Mr. Forsythe confiscated a banana from Pimp Agypt last Friday afternoon during history class.

Agatha Dluzansky and Mary Dratsic were busily engaged in reading 'Smart Set' on Tuesday afternoon.

We noticed that Roy Brungart and Norman Peters were among the missing for several days.
