

PERSONAL AND LOCAL NEWS NOTES OF PATTON AND THE IMMEDIATE VICINITY

SEND US ALL THE NEWS YOU KNOW AND HELP FILL THIS DEPARTMENT. EVERY LITTLE ITEM HELPS MAKE THIS PAPER JUST A LITTLE BETTER FOR ALL. SEND, BRING, MAIL THEM.

M. H. Gardner, Notary Public, at the Tozer Jewelry Co. Mr. and Mrs. Bert Douglas of Palmer avenue, announce the birth of a baby daughter which came on Saturday morning last.

Mr. and Mrs. Thomas Buck and daughter, Peggy, of Jointown, were recent Patton visitors. Mrs. Rose Farabaugh was the recent guest of Altona friends.

RECENT DEATHS IN THE COUNTY

Folks in the Neighboring Communities Who Have Crossed the Great Divide. Michael Prokop. The body of Michael Prokop, 17-year-old son of Mr. and Mrs. John Prokop, of Laurel avenue, Cresson, who died Sunday evening at a hospital in Binghamton, Pa., following an appendicitis operation, was brought to Cresson and removed to the parental home. Funeral services were held at 9:30 o'clock on Wednesday morning in St. Francis Xavier Catholic church and interment was in St. Aloysius cemetery at the Summit.

Mrs. Mary Depeape. Mrs. Mary Depeape, aged 66 years, died of a complication of diseases at her home in Barnesboro on Saturday night. The deceased's husband preceded her to the grave. She is survived by two sons and two daughters.

Thomas Barys. Thomas Barys, aged 51 years, of Spring Hill, near Portage, died last Friday of tuberculosis of the spine.

Mrs. Harriet Swartzentruber. Mrs. Harriet (Weigle) Swartzentruber, aged 83 years, the oldest resident of South Fork, died of pneumonia early on Monday morning. She had been ill only one week. The deceased was born in 1844 in Stonycreek township, Somerset county. She is survived by several children and grandchildren.

John Schmalenck. John Schmalenck, aged 59 years, died at his home in Scalp Level on Thursday last. He was a native of Germany but has been a resident of Scalp Level for the past twenty five years.

ST. AUGUSTINE NEWS NOTES GATHERED DURING A WEEK. Otto Kline of Spangler was a business caller here on Friday.

Spinster Wills \$650,000 to Her Chauffeur. Pottsville, Pa.—The will of a fifty-five-year-old spinster, died here on Monday, left an estate of more than \$650,000 to her forty-year-old chauffeur and lifelong friend, James F. Currens, who is the only beneficiary under the will of Miss Ermina C. Eissler, who died recently, also is sole trustee of the fortune.

47 Generations Rest in His Family Tombs. Ada-Bazaar, Turkey.—Reclio Safet Bey, deputy to the national assembly, claims that he has the largest collection of ancestors in the world. In two mausoleums, one at Sivas and one at Ada-Bazaar, he can put his hands on the caskets of his forebears in an unbroken line of 47 generations.

Goats, Sheep and Dogs Live in Famous Tree. West Conshohocken, Pa.—Pennsylvania's oldest and very probably its largest swanum tree, a patriarch of the forest which once sheltered Gen. Nathaniel Greene of Revolutionary war fame and his men, has become the abode of beasts of the field.

Find "Eyes of the Air" Big Aid to Coast Guard. Washington.—The coast guard is finding its "eyes of the air"—a squadron of five airplanes stationed along the Atlantic coast—valuable in its work of life saving and of chasing wrecks.

Astronomical. The sun is a million and a quarter times as big as the earth but 382,800 times as heavy. The size of the fixed stars and the planets varies greatly; some are smaller than the earth, while others are larger even than the sun.

EXECUTIONER CAN WORK INFORMALLY

Berlin Headsman May Discard Dress Coat. Berlin.—Although strong feeling against capital punishment exists in German intellectual circles, the newly projected penal code contains no abolition clause and aims merely at establishing a uniform process of execution.

Hot Springs Minerals Are Laid Down Rapidly

Yellowstone Park, Wyo.—The deposits of hot springs limestone, more properly known as "stinter," are laid down very rapidly, according to Margaret Lindley of the Yellowstone ranger staff, who has been making a study of the phenomena in the park for the geological laboratory of the Carnegie Institution of Washington. She writes of one of her observations: "A little wooden cylinder expressly for measuring the rate of deposition was wired in place near the foot of Jupiter terrace. This point is easily 300 feet from the hot spring at the top and only about five feet above the main highway. The water is well aerated and cooled to a little above body temperature. The block and the wire which held it in place were removed 21 days later, covered with a deposit of chalklike travertine to a thickness of from one-half to three-fourths of an inch."

Marines on Guard Under Soviet Flag

Peking.—American marines in Peking are the only ones stationed in any important capital of the world to serve under the scarlet and gold banner of Soviet Russia. Following the raid on the Russian legation last April by armed forces of the Russian diplomat staff and guards, the United States marines were chosen to police the Russian legation quarter.

Chromite Wins Place as Lining for Furnace

Washington.—Although the United States uses great quantities of magnesite, which makes an excellent furnace lining but otherwise is practically useless, its price has gone so high in recent years that chromite is being imported from South Africa, India and New Caledonia as a substitute.

Brunettes Score First

New York.—The love of blonds and brunettes is under scientific comparison. Preliminary tests have indicated to Dr. William M. Marston, professor of psychology at Columbia, that brunettes are more responsive.

HIGH SCHOOL NOTES

Notes Gathered-During the week by Russell Christoff

To our mind May is the most beautiful month of spring because it is just beginning to show promises of the coming summer weather, and after the dreary wintry spell we have just had, we look forward quite expectantly. May also heralds the closing of another school year, but then we have already had a number of indications that the end is very near, such as re-viewing an examination time, play rehearsals, and preparation for graduation. Taking it all in all, it is a pity that the majority of us are a bit sorry to see the end arrive so soon. How about it?

The physics examination will be held on Monday at 2:30 and the chemistry examination on Tuesday at 1:15.

Marie Williams visited friends and relatives in Pittsburgh over the week end.

Dorothy Somerville and Grace Cavannah called on friends in Lovett on Monday evening.

Did you know that Kelly Hurd's favorite sweet is "Babe Ruth"? While Ralph Conrad would much prefer "Tarr Babies."

(Thanks to B. M. for above.) Irma Dishart and Frances Bender were visitors at the Spangler hospital on Monday night.

Robert Rowland visited friends in the high school on Friday.

The first section of the Sophomore history had to stay in after the regular sessions on Tuesday to answer 50 questions as a result of not knowing their lesson.

Hilroy Conrad is so dumb he thinks barbarians are things put into bicycle wheels to make them run smoothly.

Leona and Francis Bender, Grace Cunningham, Barbara Yalmer, Alvena Link, Olive Rumbough, Alice Storm, Gertrude Durbin, Laura Pina, Mary Shotts, Mary Strittmatter, Anna Tirpak, Andy Brockmuth, and Meletus Long are among the lucky seniors to be exempted from their examinations.

Jimmy Moren's new nickname is "Red." And how?

Wanted—A stenographer who will get my type budgets in. Esther Anderson.

The final completion test in book-keeping was given the students yesterday. Now all together, let's give one big sigh of relief.

You can always tell a junior in our high school—He always waits for a Sophie to come along and open a door for him.

Sailor Gaunter was absent from school on Monday and Tuesday. Were you fishing, Sailor?

Han Yalmer is very much in need of someone who will take care of his money during the noon hour. Who will help him out?

Dick Shannon has been having the "mostest" fun in the plane geometry class during the third period. Why ask him what he does?

Rita Wirtner is a patient at the Spangler hospital where she underwent an operation for appendicitis on Thursday. She is recovering quite rapidly.
