### The Ace of All Army Aviation Films Here for Three Days of Next Week.

The greatest compliment ever given to a motion picture company by the War Department has been bestowed upon Paramount for its war epic of the air, "WINGS," will be shown here for the first time on Monday, Tuesday and Wednesday of next week at the Grand Theatre.

A memorial to cost \$100,000 and dedicated to the famous Second Division will be erected in Washington. Because of their accuracy still pictures of the photoplay are to be used as models in constructing the huge memorial.

Paramount constructed an exact duplicate of a section of St. Mihiel in order to obtain the spectacular battle shots which climax "WINGS" and these so impressed war department officials that they asked permission of Jesse L. Lasky to model from the stills.

"WINGS" was directed by William Wellman, who was a flyer in the famous Lafayette Escadrille. John Monk Saunders, an instructor in aviation in the war, wrote the story. The cast includes Clara Bow, Charles (Buddy) Rogers, Richard Arlen, Jobyna Raitson, Gary Cooper, Arlette Marchal, H. B. Waltall, Hedda Hopper, Claire Mc Dowell, Eli Brendel and Gunboat Smith.

## WILLIAM AND MARY SOJOURN IN BERMUDA

William and Mary Simpson returned to their home here last Saturday from a trip to the Bermuda Islands. The Simpsons were members of a party of thirty-six who spent a week touring and sight-seeing on this distant spot in the Atlantic Ocean. The trip to the Islands was made on the Motor-ship "Bermuda," while the return trip was on the ship "Victoria."

The party was a very rough passage, both to and from the Islands, is reported. Among the interesting things the Simpsons tell about is the warm climate, the bathing, the green trees and shrubbery, including the palms and bananas, and the picturesque appearance of the homes. The Christmas season was brought home to the party by the pineapples which were in bloom in many of the gardens.

Upon returning to the United States, the Simpsons left the party to spend a few days in New York City, where they took in many of the Broadway attractions being interested in the dancing presentations which are offered at these entertainment places.

Business calls were paid to theatrical costumers, stage lighting houses and music publishers, where materials, music and other supplies were procured to be used in a coming Simpson Sardi's production.

## PRISON BOARD IN ANNUAL MEETING

### Warden Ed Knee and His Assistants Are All Re-appointed at Session.

At the annual meeting of the Cambria County Prison Board held in the County Commissioners office on Monday, the old officers were all re-elected as follows: President, John D. Walker; Vice President, Homer C. George; Secretary, William J. Cavanaugh; Recording Secretary, George E. Kirby.

Following the election, the prison board re-organized and re-appointed Ed H. Knee as Warden of the Cambria County jail, which office he has held for a number of years. The board also retained all the Warden's assistants as recommended by Mr. Knee in his report. Dr. Harry J. Bennett, of Ebensburg, was renamed jail physician.

The report of Warden Knee was submitted to the prison board and approved with the thanks of the board members for the efficient manner in which Warden Knee conducted the jail during the past year.

The report submitted by Warden Knee for the year 1928 is as follows: To the Honorable Members of the Prison Board of Cambria County: Gentlemen: I most respectfully submit the following report of the Cambria County Prison from Jan. 1, 1928, to Jan. 1, 1929:

Population Jan. 1, 1928 ..... 1,673  
Received during year ..... 1,317  
Total ..... 2,990  
Discharged during year ..... 1,399  
Retaining Jan. 1, 1929 ..... 1,591

Of these 1,592 were white males, 95 white females, 76 colored males, and 12 colored females.

Average population 155.  
Average cost of feeding per inmate 1617.  
Average cost of maintenance per inmate (with cost of improvement) 6685.  
Average cost of maintenance per inmate (without cost of improvement) 5557.

There was but little sickness among the inmates except colds and grip. There was one death in the prison during the year, this being caused by alcoholism for which the deceased was incarcerated.

The jail physician made 11 visits attending 273 patients.  
Number of teeth extracted, 32.  
There were no paroles granted during the year except those who had completed the minimum sentence, said prisoners being discharged on the completion of their minimum sentence.

One hundred and six juveniles were detained in the detention room during the year.

Fifty-seven insane and delirious inmates and dope fiends were treated during the year 1928, 17 of these were sent by the county to state institutions for the insane, seven to the county home and 33 sent home. None remain in the prison.

During the year the inmates worked in the jail garden, the jail park, the necessary work around the jail, Childram's Home and also performed labor on the farm at the county home.

The experiment of working the prisoners at the farm at the county home was exceptionally successful, both as regards the health of the prisoners and as regards the farm at the county home.

The work done by the prisoners in the overall department was very satisfactory. Overalls were supplied for the inmates at the county home and at the county jail, and small suits were made for the children at the juvenile home. However there was not sufficient work to keep three men working steadily.

During the year an entrance into the warden's residence was constructed, a sun porch was constructed on the south front of the jail, which was one of the best improvements ever made, as formerly the residence of the jail was immediately connected with the jail proper, the construction of the sun porch and the new entrance relieved this condition. The roof was repaired as was also the Soldier's Monument in the jail park.

Received from jail fees and discharged prisoners, \$7,442.52.  
The retention of the following help is respectfully recommended: James McBreen, Robert Treese, Harry Peach, Thomas Means and Mrs. E. H. Kneec.

I desire to express my sincere thanks to your body for the manner in which you have sustained me in the performance of my official duties, and to all the officials and employees for their trust placed in my keeping.

Very respectfully submitted,  
E. H. KNEE, Warden.
