Are You Ready
When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do - what most physicians would tell you to do - give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

HOXSIE'S GROUP REMEDY

Great Composers Who Had Huge Appetites
Some great composers have almost starved for lack of means to feed themselves properly. Other great composers have been famous gourmards. Rossini is said to have presented his portrait to a provision merchant with these words written on it: "To my stomach's best friend," Dussek was so huge an eater that he sometimes was provided by his patron with three seats at table. Handel, too, was a man of appetite. He is said to have ordered at an inn dinner for three. After waiting a while, he asked why it was not brought. The waiter answered: "We are waiting, sir, till the company arrives." And Handel replied: "Bring up de dinner prestissimo. I am de gompany."

Can't Be Done
"Get a new body and have your top repaired," says an advertisement. Don't you wish you might? - Houston Post-Dispatch.

Acidity
The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That is why physicians tell the public to use Phillips Milk of Magnesia.
One spoonful of this delightful preparation can neutralize many times its volume in acid. It acts instantly; relief is quick, and very apparent. All gas is dispelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid, and remember it is just as good for children, too, and pleasant for them to take.
Any drug store has the genuine, prescription product.
