FRIGIDAIRE

SO MANY USERS OF MECHANICAL REFRIGERATORS ARE HAVING TROUBLE WITH THEIR MACHINES and so many prospects tell me that "Mrs. So and So" has a "Frigidaire" which "is not working" that I feel justified in publicly stating that we do not have a Frigidaire in this agency which is not satisfactorily operating, and that the machines one hears of which are not operating satisfactorily, ARE NOT FRIGIDAIRE, But other makes of mechanical Refrigerators of which there are more than 200 different makes.

So, when you hear of a mechanical Refrigerator which "IS RUNNING ALL THE TIME" or "NOT RUNNING AT ALL" BE SURE IT "IS" A FRIGIDAIRE.

We are too polite to name these other users who have bought other makes. They all seem to use the word of "Frigidaire" as a standard of comparison, no matter what make of machine they may have, and think they have FRIGIDAIRE, but we will gladly furnish these names if requested.

The FRIGIDAIRE Factory, a part of the great and "ONLY" General Motors Corporation, with its product, whatever it be behind it, is operating three shifts day and night, and are now behind he orders for machines.

PRICES RANGE FROM \$180.00 UP and he TERMS ARE MADE TO SUIT THE PURCHASER.

The Fuel of Winners

RED ETHYL is the fuel of the speed kings—land, air or water. In those terrific contests where straining motors and taut nerves vie to make or break records, where every fraction of an advantage counts, Ethyl has won its spurs.

It is the recognized fuel among the experts whose lives and living depend on the engines under their control. They have adopted it because it brings out everything there is in a motor.

So it is with your car. The same superlative performance that makes it so valuable under tests of speed and endurance also makes it the favored fuel for the car under ordinary conditions.

Smoothness, combustion, power and economy of fuel consumption reach their peak of efficiency with Ethyl Gas.

Tomorrow—fill your tank with Sterling Ethyl Gasoline and prove to your own satisfaction that the Sterling Brand of this famous fuel is a winner.

What Oil Do You Use?

Are you using the best you can get? Remember the price is usually the same for oils of every conceivable grade and quality.

The safest, surest, most positive assurance of protection and long lubrication is to buy by brand.

Compare Sterling 100% Pure Pennsylvania with other oils if you wish. It is the purest motor oil and contains the highest percentage of lubricating value that can be refined.

Your own experience will prove this to you—a better motor oil, 30c a quart.

MOTOR OILS AND GASOLINE

Years of service in
MODEL T FORDS

THE Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country. Millions of these cars can be put in shape for two, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts. It will continue to do so as long as they are needed by Model T owners. The following list gives the approximate labor charges for reconditioning the Model T Ford:—

Engine	
Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	\$1.00
Grind valves and clean carbon	\$3.75 to 4.00
Overhaul carburetor	1.50
Reline detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	\$20.00 to 25.00
Rear System	
Replace rear axle assembly	2.50
Install universal joint	3.00
Reline brake shoes	1.50
Replace rear axle shaft, drive shaft pinion, or drive gear	5.00
Overhaul complete rear axle assembly	\$5.75 to 7.00
Rebush spring and perches	1.75
Oil and graphite springs	3.00
Front System	
Overhaul front axle	\$4.00 to 5.00
Rebush spindle bodies and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60
Tighten all sockets and joints of front end	1.50
Replace front spring the bolt or new leaf	2.50
Straighten front axle	3.00
Chassis	
Replace rear fender	1.75
Overhaul steering gear	3.50
Repair muffler	1.00
Overhaul radiator	7.50
Repaint Coupe	25.00
Repaint Sedan	25.00
Repaint Touring Car	20.00
Reupholster Runabout	8.00
Reupholster Touring Car	15.00
Replace top deck (Coupe or Sedan)	4.00
Overhaul starting motor	3.00
Overhaul generator	2.60

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is low, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.
