ALL IN READINESS FOR BIG EXPOSITION

No Stone Left Unturned by the Management to Make Next Week's Event Best.

The fifth annual Cambria County Industrial Exposition opens next Monday, July 1, under auspices that have never been equaled before.

Never before has the program been so varied as it will be during all of next week. With a background of industrial exhibits from 250 corporations, firms and companies representing 19 states, there will be, in addition, something to please the most fastidious, no matter what their selection of sport or amusement may be.

The horse racing, every afternoon on the half mile track, will take in more horses and better quality than ever ran at Ebensburg before.

Seventeen circus acts will be shown every afternoon and evening in front of the grandstand and the name of the Dutton family is sufficient to guarantee that they will be the best that can be provided.

On Tuesday, July 2, the Central District of Pennsylvania Volunteer Firemen's Association will have a parade and field sports and when it is said that seventy fire companies each with a band or drum corps, will take part in the parade will be something to see.

On Wednesday July 3, the bench show on the license of the American Kennel Club opens in the Arena and it is expected, from the entry lists, that over 300 of the most famous dogs in the country for coon hounds and the number of entries for this event has astonished the management.

There is a horse show pitching contest, which will start on Friday afternoon, with competent judges. On Saturday July 6, at 10 A. M., over six first aid teams, from all over the state, will compete for the Charles M. Schwab trophy which symbolizes the championship of Pennsylvania and the judges will be experts from four states.

BANCROFT PORTRAYS NEW TYPE OF ROLE IN PICTURE COMING SOON

George Bancroft is in the "white collar" class in his latest Paramount picture, "The Wolf of Wall Street."

As may be construed from the title of the film, Bancroft portrays the role of an investment broker who dabbles in stocks and bonds. So engrossed is he with his work that he becomes entirely oblivious to his wife's social activities—who, before her husband became wealthy, was a circus performer.

Bancroft has a partner in his business, which part is portrayed by Paul Lukas. Lukas dislikes Bancroft because his partner boasts too much of his ability to make or break the stock market. For revenge he strikes up a flirtation with Bancroft's wife.

JOHNNY JOHNSON AND HIS ORCHESTRA

Will Be the Attraction at Sunset Park on the Evening of the Fourth of July.

Music that captivate the ears and the feet, plus personality, plus youth and magnetism and snap, plus a joyous nature that wants to give you "a good time as well as good music," plus a smart appearance, plus a sincere and unselfish manner, made Johnny Johnson, director of the orchestra coming to Sunset Park, on July 4th, one of the heavy favorites of New York's night life.

There's no "cowbell" jazz in a Johnny Johnson program. Johnny believes that modern dance music should be as rhythmic as a symphony, and he and his musicians play it that way.

Johnny has also played the Keith-Albee-Orpheum circuit, and in his leisure time makes records for Victor and for the Mel-Tone reproducing plant. Broadcasting for years over W E A P, WGY, WRNY and other big stations, the Johnson music is a favorite with the sit-by-the-fires as well as those who seek the bright lights in the small hours of the night.

Johnny is the pianist with his orchestra. The group contains a number of fine voices, and lots of personality.

Charles H. W. Wely, son of Mr. and Mrs. C. P. Wely, of this place, and Miss Grace Agnes Luther, daughter of Mr. and Mrs. James Luther of Spangler, were united in marriage at the Episcopal Church in Spangler on Monday morning of this week at nine o'clock, by the pastor of the church.

Following the ceremony the couple left on a honeymoon trip that will embrace the New England states and points in the East. Upon their return they will reside in Patton, where Mr. Wely is associated with his father in the plumbing business.

SURVEY OF BRIDGES MADE BY ENGINEER

Some of the County Structures Are Dangerous and Unfit for Heavy Traffic.

Since the taking over by the state of 15 county bridges, County Engineer L. R. Owen has been making a study and survey of the various county bridges. Long truss bridges over the Clearfield creek and over the Conemaugh river still remain as county bridges. These bridges have been carefully inspected due to the fact that loads on highways have changed so much in recent years and these bridges are from 25 to 38 years old and they must be strengthened in order to meet the modern traffic.

Plans have already been prepared for the strengthening of the Summerhill and the Wilmore bridges on the same stream on the road leading from Wilmore to Ebensburg. The bridge at Beaver Run over Clearfield creek and Stonycreek river are also being considered. The latter bridge is a joint Cambria and Somerset bridge.

Engineer Owen is also preparing the plans for strengthening and repairing the bridges at Filinton, Condon and Dysart. The bridge at Dysart over Clearfield Creek appears to be in good shape but is very dangerous for travel and should not be used for heavy traffic. The one abutment has been washed out and is pushed forward, causing the steel bridge to buckle and the lower tension members are now buckled, causing the bridge to be suspended on the upper course and, therefore, only safe for very light traffic.

BOROUGHES ELECT FULL COUNCILS

New Law Provides for Wiping Out of Ward Boundary Lines.

Under the terms of an Act passed by the 1929 legislature, every borough in the county will elect new councils this year. The terms of all present councils ended with 1929 under the terms of the act.

In addition to the wholesale reorganization of the councils, new method of choosing the president of each council will be inaugurated. The council presidents, starting this year, will be elected by direct vote of the people, candidates for the office filing for it directly, instead of as "Councilman."

The old system of ward representation will be swept away by the new law also, all councilmen and the president of council being elected at large in each borough. All boroughs are automatically have seven members of council—six councilmen and the president—and the terms will be for four years.

The new law, which was approved by the Governor on April 18, reads as follows: Act No. 253, approved the 18th day of April, 1929.

Be it enacted, etc., that the town council of all incorporated towns of this Commonwealth shall consist of six councilmen and a president of the town council. At the municipal election in the year one thousand nine hundred and twenty-nine, six councilmen shall be elected at large by the voters in each town, three for terms of two years and three for terms of four years each. Biennially thereafter at each municipal election, three councilmen shall be elected for terms of four years each. At the municipal election in the year 1930, and every four years thereafter a president of the town council shall be elected by the voters for a term of four years. The terms of the councilmen and president of the town council shall commence on the first Monday of January succeeding their election. Vacancies in the office of town council and president of the town council shall be filled in the manner now provided by law.

The president and members of council now in office shall continue until the first Monday in January, 1930, at which time their respective terms shall cease and terminate.

Boroughs in this county all affected by the new law are: Westmont, Dale, Brownstown, Southmont, East Conemaugh, Franklin, Ferrisale, Lorain, Dalsytown, Ebensburg, Ashville, Barnesboro, Carrolltown, Cassandora, Chest Springs, Cresson, Gallitzin, Hastings, Lilly, Loretto, Nantyglo, Patton, Portage, Scarp, Lehigh, South Fork, Spangler, Summerhill, Vintondale and Wilmore.

COUNTY CHARGES WILL NEED SCHOOL

County Will Likely Face Proposition of Erecting Building for Children.

A letter received by the county commissioners at Ebensburg last Friday from Albert Apel, secretary of the Ebensburg school board informed the body that it will be impossible for the borough schools to accommodate the children from the county home next year.

The possibilities for the establishment of a school at the juvenile home were discussed May 22 at a conference of the commissioners, their solicitor and Dr. M. S. Bentz, county superintendent of schools. At that time it was decided that since the Cambria township board also had refused to accommodate the children of the juvenile home because of crowded conditions a primary school should be established. In event of its establishment the school would be operated under state supervision, so that advantage might be taken of such state for this purpose. It was following this conference that the board of commissioners made an attempt to enter into a contract with the Ebensburg borough school to take care of the children. The commissioners made no announcement, yet of the next probable step in the solution of the problem.

The commissioners Friday passed a resolution whereby the sum of \$70,000.00 was appropriated to the mother's pension fund of Cambria county for the biennium ending June 30, 1931. Under the provisions of an act of the next probable step in the solution of the problem.

25th Anniversary of SS. Peter & Paul Church

The folks of the Russian Faith of Patton and its vicinity are looking forward with anticipation to Thursday, July 4th, for on its National Holiday, they will be visited by His Eminence, the most Reverend Metropolitan Platon of New York City, who will arrive in Patton on the afternoon of July 3rd, and will offer the Mass service at the Church of SS. Peter and Paul at 11 o'clock on the morning of July 4th, following which the congregation and visitors will repair to the cemetery where the new cross will be blessed. The occasion of the Bishop's visit to the Patton congregation of which the Rev. Anthony J. Romza is the present pastor, is that of the twenty-fifth anniversary of the dedication of the present church building. Under the pastorate of the Rev. Romza, improvements are going forward at the church and tags will be sold the public on the 3rd and 4th of July. The Russian church is a branch of the Greek Orthodox church of which Russians, Greeks, Serbs, Slovaks, Roumanians, Bulgarians and many other nationalities are members. The visit of the Most Reverend Metropolitan Platon here next week will be his first to Patton.
