**CHARLES C. GREER**

A native born son of Cambria county. For thirty six years I have practiced in its courts and in the Supreme court of the state. If elected to the office I seek, I shall endeavor to have the Orphans' Court delegated to take over Juvenile duties, as is successfully done in other states. I shall recommend that it become the court in which the cases are heard, relating to domestic relations. Hearings in all such cases I believe should be held privately, in the presence of counsel, witnesses and those directly concerned.

**13 PIANOS FREE!**

13 Fine Pianos, Player Pianos and Grand Pianos will be good homes in Patton and vicinity and they may use them until we need them— These instruments were shipped to Ebensburg for the Ebensburg Fair, but arrived too late for our plans. If you would like to use one of these fine pianos, write the Brooks Music House, 1117—12th St., Altoona, Pa. Be sure and state whether you wish an upright piano or a player piano or a baby grand piano— Preference of course will be given to future prospective purchases—

**Capt. Thomas W. English**

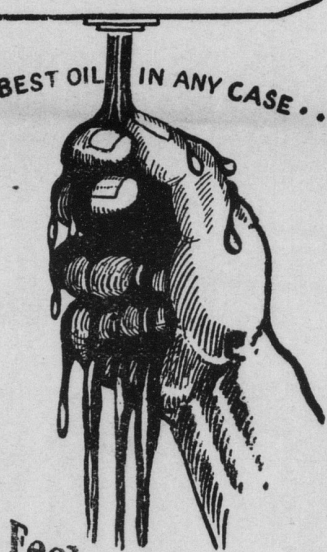

Republican

Serve his country 34 years in 5 wars. Wounded in action -- Indian Wars. Filipino Insurrection. Also served his country in Spanish-American War, Boxer Rebellion and World War. Will serve his county just as well. Honored by his country. Is a Congressional Medal Honor Man. Was pallbearer to the Unknown Soldier. Honored by his country, why not by his county?

**After the 1000th Mile-**

**with STERLING OIL in the Crankcase**

...THE BEST OIL IN ANY CASE...

Feel that "Body" that still remains

IT IS after a thousand miles of use that Sterling Oil proves its stamina. Drained from the crankcase, it still retains that dark green color of the original oil. Pressed between the fingers, it has a feel of elasticity, a body to it, that shows there is still an unused resistance to friction and heat.

This factor of safety that is found in Sterling Oil after a thousand miles of the toughest gruelling you care to give it, is explained by two simple facts. Every drop is 100% Pure Pennsylvania Oil, recognized everywhere as the richest crude in the world in those lubricating qualities so necessary to present-day driving. And in the bringing out of those qualities to the greatest efficiency in motor consumption, the Sterling Oil Company is using the most up-to-date refining equipment known to the oil industry today.

Not just a paraffine base oil, but refined entirely from 100% Pure Pennsylvania, recognized as the highest grade crude oil in the world.

**Sterling Motor Oil**  
Sterling Motor Oil is scientifically refined from 100% pure Pennsylvania Crude Oil. It is purified by special filtration process and is free from sulphur, acid and other injurious substances. It has a minimum of carbon and a "Factor of safety" that prevents it from breaking down and losing its lubricating qualities under extreme motor temperatures.

**Sterling Gasoline**  
Sterling Gasoline is carefully tested to maintain unvarying specifications insuring a uniformity of quality that will give satisfaction under all driving conditions. It is carefully balanced to give equal efficiency for both easy starting and power. Its even chain of boiling points provides complete combustion and a smooth, steady flow of power at all speeds.

**Sterling Ethyl Gasoline**  
With its original superior quality, easy starting and sturdy even power, Sterling Gasoline, when treated with the Ethyl fluid produces an exceptionally high grade Ethyl gasoline that completely eliminates fuel knocks. It also increases power, improves acceleration and gives smooth operation with greater economy. Especially recommended for the new type high compression motor.
