REPUBLICAN TICKET.

For Judge of the Superior Court:
WILLIAM H. KELLER,
THOMAS J. BALDRIDGE
For Judge of the Court of Common Pleas:
FRANK P. BARNHART.
For Judge of the Orphan's Court:
SAMUEL LEMMON REED.
For Sheriff:
HOMER C. GEORGE.
For Director of the Poor:
JOHN L. EVANS.
For Jury Commissioner:
THOMAS W. ENGLISH.

THEY ALL MERIT YOUR SUPPORT.

Every last Republican who is a nominee on the Republican ticket, is capable of filling the office to which he aspires, and every last one of them is entitled to the whole-hearted support of every Republican in the county.

Frank P. Barnhart, now sitting as a Judge of the Court of Common Pleas, by appointment of Governor Fisher, is the party's nominee for election to the full term of ten years. Judge Barnhart has been on the bench for some months and none will contradict but that he is an able jurist, learned in the law, Judge Barnhart has been practicing in the Cambria county courts for the past 25 years. He is well qualified. He has been the victim of an unprincipled attack that is wholly without merit. He deserves and should have the united support of the Republican party.

Judge Samuel Lemmon Reed of the Orphan's Court, is a candidate for re-election. Judge Reed in the past ten years has proved himself in every way capable of the office. In addition to this he has saved the county much money, because he has sat as a common pleas judge at each term of court since his incumbency. Judge Reed has given the people of the county real service. That service should be appreciated by all of us. Democrats, as well as Republicans should support him.

Homer C. George, of South Fork, at present a county commissioner, is the Republican nominee for Sheriff. Mr. George is a citizen of sterling character. He has made a good official in the past. He is being attacked by the Democratic press on the stand that he is needed in the commissioners' office. It is the only thread they have to offer against him. Republicans need not take a chance on having a Sheriff of whom they know nothing so far as his qualifications for the office are concerned, and of whom they naturally could expect nothing if he were elected—by voting for Mr. Keener. After all, it's by far more important that the Republican party elect a good Sheriff—and Mr. George will make a good Sheriff. He has been tried, tested and found true in every endeavor he has made and been associated with. He has always been true to the Republican party, and his thousands of fellow Republicans will rally to his support on Tuesday next.

John L. Evans, at present one of the county poor directors, is a candidate for re-election. Mr. Evans has been an untiring worker in the years that he has been on the poor board. He has been the victim of quite a bit of propaganda from Democratic sources recently in an attempt to discredit him. Every true Republican should vote for John L. Evans.

Capt. Thos. W. English is the last of the five Republican county candidates. Capt. English won the nomination for jury commissioner at the primaries—the nomination being equivalent to an election. Nevertheless, all Republicans should give him a complimentary vote, and show this seasoned veteran of five wars that they appreciate his service.

All five of the Republican candidates are men of honesty and integrity. All five of them deserve your support. No exceptions should be made by any Republican. Turn out at the polls next Tuesday. Don't think your vote will not be needed. Republican victory is assured if every last Republican goes to the polls and votes the straight Republican ticket.

Warnings of every kind and nature have been issued from every source, official and otherwise, for hunters to be cautious in the woodlands and not always heeded, and the careful hunter will have to be on his guard at all times, to avoid the "fool with a gun." ket for a single Democratic candidate.

TWO OTHER IMPORTANT ELECTION MATTERS.

The voters of Cambria county, by virtue of the county commissioners, will have two other matters of importance to decide on Tuesday next. The one will be the construction of a new city-county hospital in Johnstown and the other will be the enlargement and improvement of the Cambria county almshouse. It will require an indebtedness of \$365,000 to take care of these two projects.

It is estimated that the enlargement of the almshouse, equipping and furnishing it, and other necessary remodeling and renovation will cost \$275,000. Some time ago the county commissioners went on record as favoring the erection of a city-county hospital in Johnstown for taking care of contagious and infectious diseases, the county to assume 90 per cent of the cost of the proposed institution, but the total cost not to exceed \$90,000.

The new hospital is favored strongly by doctors and health authorities generally in the county. It is a matter that should not be overlooked by the voters. A new unit of the Cambria county almshouse has been recognized as a dire necessity for a long time and has been recognized by several grand juries. Steps have been taken by the Cambria county poor directors to remedy this crowded condition, an architect has been engaged and several plans submitted. We believe, in view of the conditions that exist at the county home, that every last one of us should vote in favor of the issue. Cambria county simply has to do something at once to remedy the crowded conditions that exist, and we might as well face it, despite the cost.

In addition to these two propositions Cambria county voters, will also have an opportunity to voice their sentiment as to having voting machines installed in the county. Aside from the election of the various offices, these propositions should cause the voters of all parties to turn out on November 5th. Get out all the vote.

NUISANCES ON THE RADIO.

The Courier for some time past has been receiving complaints from owners of radios all over the town in which they lament that local disturbances make radio reception for them at certain times impossible. These conditions exist in many small localities, and are said to be remediable. True, professional, mechanical and other citizens, who use appliances that interfere with radio reception have a perfect right to use these instruments and devices in the general conduct of their business—but, in many instances, the disturbance arises from some little defect that could be eliminated, if the necessary devices were attached, or perhaps a short electrical circuit corrected.

In the larger cities, where radio is recognized as an essential factor for both enjoyment and education, not to mention business reasons, every device known is employed by electrical machine and device owners, to eliminate the air troubles of their neighbors. It seems that it is only the smaller communities that must suffer.

UNITY IN THE REPUBLICAN PARTY.

The Republican party in Cambria county, despite Democratic hopes to the contrary, has shaped into one of unity, under the able administration of County Chairman Charles Troxell, of Ebensburg. Support from all factions of the party will be given the candidates nominated. It is the spirit of true Republicanism. Every last man nominated at the primaries on the Republican ticket deserves the support of his party. There is no reason for any Republican to split his or her ticket. Vote it straight.

Consequently, all indications point to a glorious Republican victory at the general election. The hopes of the Democrats to land a Judicial candidate were high hopes two or three weeks ago, but now they have dwindled to only the most desperate of hopes. The Republican primaries may have been bitter to a certain extent, but after all the real enemy is to be confronted on November 5th, and the entire party is displaying the fact that they are Republicans, that they will be regular, and that they will support all of the Republican nominees.

Columns and columns of political "slush" attacking Judge Barnhart in the columns of a Johnstown Democratic newspaper, instead of attracting Republican votes for Ivan McKendrick are disgusting Republicans who might otherwise have given him a complimentary vote. Ivan McKendrick's worst political foe is the Johnstown Democrat. We wonder how many people read the "Sloptorial Director's" lengthy spasms daily, and how many, who, after reading it, can tell you just what it is all about.

No Republican should split his ticket for a single Democratic candidate.

HEALTH AND THE SCHOOL CHILD.

The attention of health officials at the present season is properly directed toward the school child. Throughout Pennsylvania, medical school inspection is now being carried on. Deficiencies are thus being discovered and the correctable conditions remedied, according to Dr. Appel, of the state health department at Harrisburg.

Yet in spite of this great work, it must be plain to everyone that hundreds of thousands of little children who have not as yet attained school age are just as vitally in need of attention as are those who are now in school. And this real need can only be supplied through the positive interest of parents.

It is quite true that well baby clinics exist in many localities throughout the commonwealth. But it is also a fact that their existence does not force the parents to avail themselves of their advantages. It is also equally certain that many places in the state are quite remote from such centres and consequently inaccessible to many of the younger citizens.

As a matter of fact, the years from two to six are among the most important for effective health work in a child's life. During this time a rich opportunity exists to establish a firm foundation for physical and mental health. Parents can do a tremendous piece of constructive and preventative health work in this age group by carrying out a few simple rules. Here they are:

1. Vaccination against smallpox. Do not wait until the child is of school age to afford him this protection. While undoubtedly you will be forced to have it done then in order that admission to school may be gained, the protection is just as important in the earlier years.
2. Protect against diphtheria. This means toxin-antitoxin—a harmless and effective immunization.
3. A general physical examination by a competent physician at least once a year.
4. A check-up on the eyes at the fourth year period, unless there are apparent evidences of this need earlier than this.

There is nothing burdensome in these rules. Yet a strict adherence to them may do much for the future health, happiness and welfare of the child than anything else in later years. Which should be sufficient excuse for all parents vitally to interest themselves in the pre-school child's health. Give it a good healthy start in life as soon as possible. It will need all the start that it can get.

If the Johnstown Democrat thinks that Homer George is needed so much more in the Commissioner's office than he is in the Sheriff's office, they must not think a bit of the Democratic commissioner, Mr. Cavanaugh. Just why should we have a Democratic Sheriff, if a Democratic commissioner is not to be trusted? Homer George belongs in the Sheriff's office, and will make the best Sheriff Cambria county has ever had. And a good Republican will be appointed to fill the vacancy his election as sheriff will occasion.

And another thing that puzzles us is just why Judge Barnhart has to use the Johnstown Democrat to fight his battles, as the editorial director of the Johnstown Democrat would lead one to believe? Judge Barnhart is a Republican, and he certainly doesn't have to cater to a newspaper that exerts columns of space daily in discrediting him.

All of the Republican party candidates with the exception of Capt. T. W. English, were circulating among the voters in Patton on Tuesday. All of these candidates are in harmony. All of their pre-primary opponents are pledged to their support. All of the Republican rank and file should support them as well.

Judge Frank P. Barnhart makes a good Judge. No one can contradict that. He has been a successful lawyer, learned in the law. No one can contradict that. Let's keep him on the bench.

Remember, Republicans, every last one of you—turn out and vote the straight Republican ticket, next Tuesday. Democratic hopes rest on the basis that you will stay at home. Your vote is needed to assure the election of the complete Republican ticket.

The Democrats are trying every means possible to create abnormal, sensational sentiment in their favor but the good old G. O. P. will go forward as usual to victory on November 5th.

Republicans. Vote on Tuesday, and vote it straight.

At any rate, VOTE.

PREDICT REPUBLICAN SUCCESS ON TUESDAY.

The following was taken from the political page of the Philadelphia Inquirer of last Sunday. The Inquirer reports from the sidelines. A Republican victory is forecast:

Supporters of Judge Frank P. Barnhart of Johnstown, Republican nominee to succeed himself on the Common Pleas bench, are predicting he will be elected easily over his Democratic opponent Ivan J. McKendrick, of Ebensburg.

Judge Barnhart's victory, despite bitter opposition at the Republican primaries, is stressed as indicating popular sentiment in favor of his election for the full term.

The Republican leaders are equally sanguine of the re-election of Judge Samuel Lemmon Reed, of Ebensburg, to the Orphan's Court bench. He has served ten years in that capacity and won the Republican nomination at the September primaries over Charles G. Greer, of Johnstown, a former District Attorney.

There is no serious contest for Sheriff Homer C. George, of South Fork, Republican nominee, who is now serving as a member of the Board of County Commissioners, is expected to defeat George I. Keener, of Johnstown, Democratic nominee by a large majority.

Captain Thos. W. English, of Johnstown, a veteran of five wars is the Republican nominee for Jury Commissioner and P. A. Lantz, of Spangler, is the Democratic choice, with one to be elected on each ticket.

John L. Evans, of Ebensburg, present Poor Director, who won the Republican nomination in a hotly contested battle, will be opposed by J. A. Farabaugh, Democratic nominee, but Evans seems certain of election.

Republicans, don't be fooled. The entire county ticket will win. Don't lose your vote by voting for any Democrat.

Homer C. George presents to voters the very best choice that could be offered for Sheriff. He will corral a mighty big vote at the election. His every move while in public office in the past has been honorable, and beneficial to the citizens who elected him.

He will have the support of a united Republican party. He will have the support of a great number of Democrats as well. Homer C. George has been tried in the past and not found wanting.
