Mertens Bakery, Patton, Pa.

Gentlemen

We received the two loaves of bread, one baked from Occident and one from Sweet Loaf High Strength, which were sent in to us from our Pittsburg office and wish to congratulate you on the excellent qualities these loaves pos Both are exceptionally fine and there really is not a great deal to choose between them.

The matter of scoring bread is of course one of personal opinion or o judgment to a large extent as it is pretty hard to say in judging texture, for instance, whether it is 14 or $14/_2$ against a possible 15, or whether 19 or 18 against a possible 20 in judging taste. It is pretty hard to reduce these in. tangibles to figures but we have done the best we can and are attaching here. to our score on these loaves. They rank up about as well as any bread that has come to our attention. Yours very truly,
