Largest Credit Period Drawing To A Close

Results Obtained Between Now and April 26th, May Mean Your Victory or Defeat

Only Nine More Working Days Remain of Largest and Best Credit Offer Period; Action and Results Now Will Spell Success on May 24th; Club Members' Friends and Supporters Are Urged to Fulfill Their Promises of Subscriptions At Once Before Credits Decrease.

INTENSE INTEREST IN THE CLOSE RACE

New Workers Are Wanted; Anyone Entering the Club Today Can Win By Going After Long Term Subscriptions; One Good Day's Work By Some Hustler Would Place Them in The Lead.

With only nine more working days left of the biggest and best credit period, candidates in the Courier's Prize Travel Club are all over North-eastern Cambria County, rushing to and fro looking for and getting subscriptions to The Courier. The big question of the day is "Who will take the lead when the BIGGEST credit period closes April 26th? To the one having the lead at that time lies a big advantage—and all the Club Members are working hard to get into the lead. Have you promised your subscription to anyone of the workers? If you have, fulfill that promise before Saturday, April 26th or your favorite will lose 1,500 or 2,000 credits.

Descriptions each report day others are doing a little better while about five of them are doing fair work but mostly all on the one-year subscription basis. As things stand now an entirely new member could join the campaign today and by going after the longer-term subscriptions could easily pass the leaders.

Overlook Advantage
Club members are entirely overlooking the advantage of going after long-term subscriptions in this campaign. If some one of them would go after a two-year three-year or five-year subscription they could walk away with the grand capital prize in this subscription drive and their friends could easily put any of them over the top by subscribing for a longer period of time.

A dozen club members are about all who are on the active list, at the present time and they are certainly not doing anything to brag about. Some of them are reporting one or two sub-

IF YOU'RE A REAL LIVE-WIRE AND COULD USE \$1,000.00 OR \$500.00 WHY DON'T YOU JOIN THE COURIER'S "TRAVEL CLUB?"

There is plenty of opportunity and time left for a hustler who can get a few five-year subscriptions, to enter the club and take the lead for the \$1,000. To date the five-year subscriptions have been few and far between and anyone who will concentrate on long-term subscriptions can walk away with that first prize. The majority of subscriptions received up to now have been of one-year duration; an honest day's work by ANYONE starting NOW would place him or her among the leaders. All that is necessary is a few long-term subscriptions.

Up in that section of the state they have some real live-wire girl's teams, formed into a tri-county league and Miss Kusner's team came out the league winners. Emporium and Port Allegany finished the scheduled number of games in a tie for the first place, and quite an exciting game between the two schools was staged lately, at a neutral town, the Port Allegany girls winning by a score of 16 to 15. Miss Kusner's team won the tri-county league cup.

PATTON SPONSORS A BALL DIAMOND

Much Interest Being Manifested in Organization of Strong Team Here.

Baseball fans in the Patton community can look forward to quite a bit of sport this summer, as all the better baseball material in this section is being corralled into what promises to be the strongest baseball team Patton has ever had. No stone is being left unturned by the promoters in their desire to give us a team of which we can justly feel proud, and the co-operation of the base ball loving public is urgently requested.

Under the title of the Patton Athletic Association, Patton will have a new and up-to-date ball field in a few short weeks. Work is now in progress on the grading of the level plot across from St. Mary's cemetery, along the road to Chest Springs, just outside the borough limits. The plans call for a closed-in ball field that will rival any in this section, and in addition there will be parking accommodations for at least 500 cars. Five acres of land have been secured for the project by the backers.

Key Rumberger rendered a speech in which she thanked Mrs. Rachael Dinsmore and son, Howard, for being present at the meeting, and for the flag and flag stand which they so kindly gave us. We next had the flag salute and sang the first and last stanzas of "America." We held practice for the investiture ceremony which is to be held later. The second patrol gave the scout laws and the patrol leaders gave the best good deed given in their respective patrol. The girls sang "Tell Me Why," and some other songs which was followed by a talk on "The Life of Helen Keller," given by Miss Helen Forsberg. Betty Somerville also gave a talk on the subject of "Sparrows." Both were very interesting.

Miss Gwynn asked us some very interesting questions, and she also had a game for us to play. We closed with Taps on the bugle and also sang the chant.
