I as a Buick Fan. I say this in honest tri-  
bute to the memory of that great old Buick sports model  
1925 which served me so faithfully in all my years of  
hard driving until finally with its top tapered and  
ice paint gone, I sadly realized that there was nothing  
left to do but start looking about for a new car.

On October 12th we bought a Marquette four  
door sedan. I painstakingly checked-up had convinced us  
that the Marquette has all, and more than the  
qualities claimed for it. It has smooth flowing speed,  
a brilliant pick-up, it easily handles and especially  
as we have checked it over, shows nothing but the best  
of material and workmanship. I am more than ever a  
Buick Fan.

Cordially yours,  
*Victor J. Auer*

## Mertens Quality Bread MUST BE GOOD!

To RATE A SCORE Like This When ANALYZED

### RUSSELL-MILLER MILLING CO. OF NORTH DAKOTA

MERCHANT MILLERS

Minneapolis, Minn., March 26, 1930

Mertens Bakery, Patton, Pa.

Gentlemen:

We received the two loaves of bread, one baked from Occident and one from Sweet Loaf High Strength, which were sent in to us from our Pittsburgh office and wish to congratulate you on the excellent qualities these loaves possess. Both are exceptionally fine and there really is not a great deal to choose between them.

The matter of scoring bread is of course one of personal opinion or of judgment to a large extent as it is pretty hard to say in judging texture, for instance, whether it is 14 or 14½ against a possible 15, or whether 19 or 18 against a possible 20 in judging taste. It is pretty hard to reduce these intangibles to figures but we have done the best we can and are attaching hereto our score on these loaves. They rank up about as well as any bread that has come to our attention.

Yours very truly,  
RUSSELL-MILLER MILLING CO.

## Do You Remember?

When the Patton Fire Company first entertained the Central Convention back about seven-  
teen years ago, and the line of parade coming up Magee Avenue look like this?

### AND DO YOU REMEMBER?

When the Hotel Patton was built?  
When John Otto opened a flour and feed mill on Beech avenue?  
When Paff and Nollif ran a livery stable in Patton?  
When Adelhan and Bloom were Patton's chief contractors?  
When the first street car came into Patton?  
When Patton had its 1904 crack ball team? How many of the players can you mention?

### SHORT COUNTY NOTES

James Sargent was elected Chief of Police of South Fork at a meeting of the South Fork Borough Council held there last week. His election was unanimous. Mr. Sargent will fill the vacancy caused by the death of Russell Epplett and will serve for two years. He has been an active member of the South Fork Volunteer Fire Company for a number of years.

Mr. and Mrs. Jacob Angus, of Galatin, who are among the oldest and best known residents of that place, observed their fifty-first wedding anniversary at their home Sunday.

One rather large and one medium sized bay lynx or wildcats were recently trapped in Potter county. They have been removed to the Williamsport zoo, where they will be held temporarily, and later the creatures will form a part of the two traveling circuses of the state game commission.

The court at Ebensburg on Monday

appointed Elizabeth Crago Republican Inspector of Elections for the north precinct of Spangler borough, the vacancy existing because of failure to elect an inspector at the last general election.

The same township near South Fork had a 10-acre blaze and the Gallatin District were those near Rexis, Indiana County, affecting about 15 acres, one in Lower Yoder Township, covering two acres, and one of less than an acre in Oakhurst, which was extinguished by city firemen and volunteers.

Charles Hannigan, aged 91 years, one of the oldest residents of Windber, died Sunday morning at his home, after an illness of diseases incident to age. He was born in Ireland.

Funeral services were conducted on Tuesday.

## It's There when you Step on It

THEY may not be going any place but they don't want to be all day getting there. When they step in the car to step out they want to be able to step on it.

Why do they manufacture cars with eighty mile speedometers if the accelerator is not to be tramped heavily now and then? And when a couple of representatives of the younger generation combine a long, low roadster with a tank full of Sterling Gasoline—it's foolish to pass them on the open road and toss back a raspberry.

**The Gas With Go**  
Sterling Gasoline is a regular, he-man's fast fuel. Super distilled to remove the kerosene heavy ends that slow down combustion, it snaps into action so quickly and uniformly that every bit of speed rating a motor has is brought out. Nothing in it to make it sluggish. Every point of its manufacture refined to rigid specifications. It is there when you step on it.

**Oil That Makes It Safe**  
Speed demands that every metal surface be protected—and stay that way.  
Go as fast as you like with Sterling Motor Oil. Get the engine as hot as she'll go. As long as there is Sterling going through there is absolute safety. It is the highest grade lubrication known to motor-dom today—pure, filtered 100% Pennsylvania exclusively.
