BOROUGH TO HAVE A CLEAN UP WEEK

Patton Board of Health Sets Aside All Next Week for That Purpose.

The Patton Board of Health this week will post notices to the effect that all of next week will be observed as the time for the annual spring clean-up time in the Borough and urges upon every citizen to co-operate with the movement and make it a success.

All rubbish should be placed in wooden boxes or barrels and placed in the alleys at convenient points some time before next Thursday morning at which time the borough will furnish trucks and begin hauling the refuse away. It is essential that the rubbish be placed in wooden containers. Heretofore corrugated and cardboard containers have been used by some. These become wet and collapse and the borough employees sometimes as a result have quite a job handling the same.

Clean up you premises next week. Start this week if convenient. Let's make Patton a clean town. Your co-operation, of course is needed.

MAN HEAVILY FINED ON FISH CODE CHARGE

John Daugherty Alleged to Have Exploded Dynamite in Stream; Killed Fish

John Daugherty, of Ebensburg, was fined \$100 and costs by Squire Charles Rowland at Ebensburg on Saturday, upon conclusion of a preliminary hearing, on a charge of violation of violation of the State fish code. The cois amounting to \$17.13.

Information against Daugherty was filed by R. A. Miller, of Wilmore, a deputy game protector, who charged him with having placed explosives in the stream supplying the Wilmore dam. It was alleged that three men participated in the vandalism and were discovered in the act of collecting dead fish, killed by the explosion, by two fishermen who came around a bend in the stream shortly after they had heard the detonation. The trio took to heel, but left behind a shotgun and an ax. The former was identified as the property of Daugherty and Deputy Miller collected other supporting evidence that was presented at a partial hearing on Tuesday.

Daugherty declared that he had owned the shotgun found near the scene, but that he had sold it, yet could not establish to whom. He also presented evidence to the effect that on the day of the alleged depredation he had been at home all day, cooking skinkeraut.

Daugherty made an initial payment on the fine and was granted time to collect the remainder. Meanwhile officers are continuing an investigation in the hope of arresting Daugherty's companions. The explosive used was dynamite and it had been set off near where large trout had been "planted" this spring.

Announcement was made that \$1,980 of the club's quota of \$2,500 for Tiny Tim work has been secured and the remainder is expected within a month.

There will be no meeting of the Northern Cambria Kiwanis next week, as the club will join with clubs from Ebensburg and Indiana in special Mother's day exercises at the Fair Grounds pavilion at Ebensburg at 2:30 o'clock next Sunday afternoon.

GORDON SUIT AGAINST COUNTY IS ON TRIAL

County Officials in Pittsburgh on Suit That Has Been Pending for Years.

County Commission John D. Walker, M. B. Cowber and William J. Cavanaugh; County Solicitor Leonard S. Jones, Chief Clerk George E. Kerbey, County Controller Henry L. Cannon and his two deputies, Charles Troxell and James A. Chune; Patton County Treasurer Stewart S. Kinkaid and Clerk of Courts Frank C. Robb are in Pittsburgh this week in attendance at the suit brought in the Federal Court there against the county by James Rely Gordon, architect of New York City, who filed suit in 1916.

Gordon is endeavoring to recover from the county approximately \$110,000 which he alleges is the balance due him for work done in connection with the enlarging and remodeling of the Cambria County Courthouse at Ebensburg, the plans for which were made and approved, according to Gordon's contention, in 1914, when T. Stanton Davis, Andrew Anderson and Thomas Osborne composed the Board of Cambria County Commissioners.

It is the contention of the present Commissioners that up to 1916 the present Commissioners had no bill against the architect in fees, further payment being held up when the work was delayed by reason of the war. The work finally was completed in 1924, but the commissioners stated that no bill rendered by the plaintiff for additional fees until 1927. It also is contended that part of the bill rendered at that time included fees for the designing of the courthouse dome, which has not yet been rebuilt, and this part of the bill the Commissioners refused to honor.

Mr. Gordon claims that the plans which were made for this alteration entailed much time and expense to his office and he therefore is suing to recover the fee for the work.

Although the present members of the Board were not in any way instrumental in retaining Mr. Gordon nor in the approval of any of the plans adopted, yet they feel that some of the charges are unjust and therefore have decided to allow the case to come to issue before a jury in order that both sides of the case should be submitted for a decision by it.

OBSERVE THE GAME LAWS AND BE SAFE

Violators Are Being Picked Up And Some Given Fines Are Being Stiff Them.

Fish and game wardens in this section of the county have been very busy this past three weeks, according to officials of the Patton Sportsmen's Association, and they have been successful in rounding up a number of violators. It is a wise thing not to attempt to take fish unlawfully in Cambria county. The streams have been stocked with a great many large trout, as well as small ones below the legal size. For that reason the state has placed a number of fish wardens in this section.

If every fisherman were a good sport and would do the right thing, it would not be long until there would be no fishing in Cambria county. The Northern Cambria Sportsmen are feeding about 50,000 trout now and will have them all grown to the legal size and longer by fall, when they will be placed in the streams for fishing next year, along with the many thousands the state will furnish this year.

'THE DEACON ENTANGLED' TO BE PLAYED AT NAGLE SCHOOL

The Directors of the Nagle School Literary Society take pleasure in offering their first full length, 3 act play. It is a comedy farce entitled, "The Deacon Entangled" and was written by Harry Osborne. The play will be given at the last Literary Society of the term which will be held at the Nagle School Wednesday May 14th, at 8 o'clock.

The play deals with a young man who is sent to college to study for the ministry but when he returns to his uncle Deacon Peurso's home he finds that he has become a great pitcher and pinch hitter in baseball instead of becoming a minister. His first error is that he falls in love with the minister's daughter, then in an attempt to reconcile the Deacon he offers to take him out and show him a respectable good time. The place is raided and the Deacon spends the night in jail. Then the excitement starts, but see the play yourself and you will enjoy it more.

No admission will be charged but a small offering will be asked for, to defray the expense of getting this play here.
