Safe STORAGE for FURS

In Schwartz Bros. Modern Cold Storage Vaults

To be assured of safe protection for your furs, place them in Schwartz Bros' Cold Storage Vaults where they will be free from all danger of moth, fire and theft. Our plant, the only one of its kind in Johnstown, is located on our premises and is scientifically modern in every respect.

Representatives From Our Fur Storage Department Will Be At

The Commercial Hotel, Patton, TUESDAY MORNING, MAY 20

To receive Fur Garments, Rugs and other valuable articles for safe-keeping in our modern Cold Storage Vaults during the Summer months.

We assume all responsibility the moment the goods are placed in our charge. A temporary certificate of insurance, covering the total valuation placed by you on the goods, will be given to you on receipt of every garment or piece—to be followed later by a regular Cold Storage Insurance policy which gives full protection against loss by moth, fire or theft.

When furs are left in our care we clean them thoroughly by compressed air, the most hygienic and successful method known. Then they are taken to the Storage Vaults where the temperature is "freezing cold" all the time. Furs are hung separately and the cold dry air keeps them in their proper condition, restores the gloss, gives the skins that flexibility which makes them so beautiful.

This Is a Good Time to Have Your Fur Coats or Neckpieces Repaired or Remodeled While Special Summer Rates Prevail.

Our expert furriers will put your Coat or Scarf in perfect condition and they'll look just like new when returned to you.

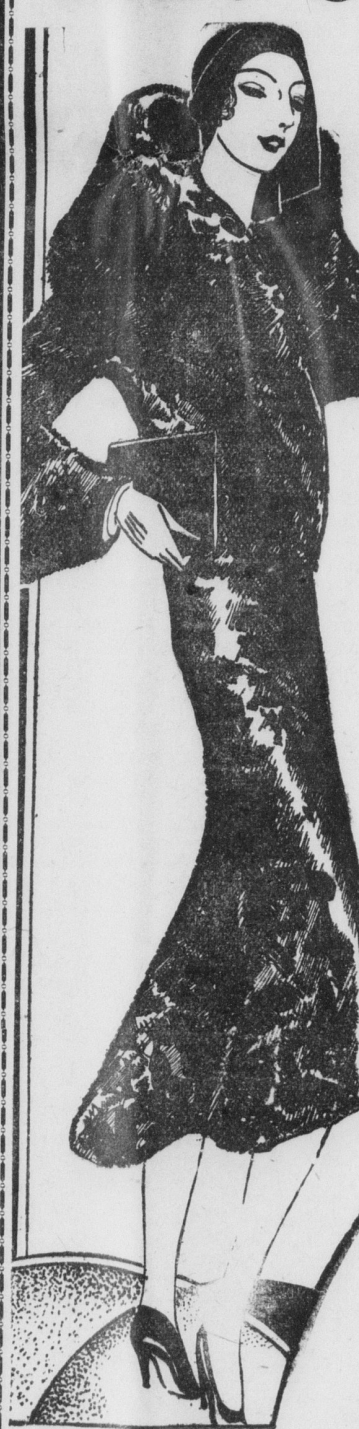

Place your Furs, Rugs or Other Valuable Articles in our care during the Summer months—

Storage in Schwartz Bros. Cold Storage Vaults Insures Absolute Protection
