and it will assure you a cool running motor during the summer months.

PATTON AUTO CO. PATTON, PA.

You will always find them at the SIGN OF THE GREEN PUMP

HERE they are waiting to serve you—the Three Musketeers of Motordom — Sterling Motor Gasoline, Sterling Ethyl and Sterling 100% Pure Pennsylvania Motor Oil!

Pull in at the first green pump you see and take one of these veterans of the road with you! You can't miss them. Green is the adopted color of Sterling Stations and a green pump always marks a place where you will find quartered these Three Musketeers of Motordom.

Just as the three musketeers of history rode the highways of France, serving their master magnificently, swiftly coping with every danger and carving their way through opposition with lightning blades — so do these three modern musketeers, riding a modern highway,

serve a modern master who demands results as insistently in his motor as the King of France demanded in his soldiery.

And just as the three musketeers of the King of France were the ones to whom he entrusted his most dangerous errandsso are these three Sterling products the choice and pick of the American motorist for exacting performance and safety.

A Breath of the Atmosphere of Spain

FROM AUTO ON HIGHWAY

of Skull in Accident

AZILY basking in the bright be added with no extortionate cost. the admirable arrangement there is no denying that it reaches out to quaintly old-fashioned home-

stead, with its semi-tropical shrubbery and trees, is like a whiff out of Mexico or Old Spain. It is distinctly Spanish in every line, from the tiled roof to the grilled windows and the wall enclosed patio off the living room. And how eloquently the primitive railed porch on the second floor speaks of the siesta!

This is essentially a Southern type of home. It isn't equipped for the severe temperature of a Northern winter. It lacks a 'urnace and all the rest of the necessary heating system. In California the big open fireplace in the living room is sufficient for cool evenings, and winter never comes in the sense we Northerners know it.

But the heating equipment could

The Common Brick Manufacturers' Association, Cleveland Ohio, can furnish complete drawings for this design. Leaflet on brick construction sent upon request.
