W. H. FINK WINS AUTOMOBILE RACE

Novice Driver of Patton Is Hailed As Hero, Indeed, Among Local Enthusiasts.

Thrills and frills aplenty were furnished one of the largest crowds ever to witness an automobile race on the Carrolltown track as 8 drivers raced to a new track record in the 50-mile, 100 lap race at the Carrolltown Fair Grounds last Friday afternoon. W. H. Fink, the popular Patton barber, and a novice at automobile racing, driving a Model A stock car, owned by Harry Stoltz, of the Stoltz Motor Co., of this place, captured first place, negotiating the distance in one hour and five minutes—not bad time at all when one considers the sharp and unsuitably banked curves at the Carrolltown track.

Chick Farabaugh of this place, also entered in the race with a Dodge Special crashed the fence and damaged his car somewhat but was lucky enough to escape unhurt.

"Bill" Wolfe of Altoona, at the wheel of a Dodge special entered by Monk Fennel of the Mountain City, came in second with Ralph Yon, also of Altoona, third in a Whippet Special, entered by Dewey Crossen of Altoona. Fourth place went to Thomas Mitchell of Altoona driving a Model-A Ford stock car, entered and owned by himself.

Fink drew third place at the start and in a short time nosed out front and was never headed. He finished almost a lap ahead of his nearest rival. He completed the entire grind without a single stop for repairs or refueling.

Four mishaps occurred during the race, the most serious of which was a fence-smashing act staged by Oren Vale of Altoona in a Laurel Special entered by Friday Saylor. Vale was removed to the Spangler hospital suffering fractures of four ribs.

Lynn Smith of DuBois was forced out of the race, after completing laps, when he hit the fence, driving a pole through the radiator of his Rajo special. M. M. Neff of Altoona in a Dodge special and Vincent Sarvis of Cumberland, Md., in a Chevrolet special figured in other minor accidents.

In a special speed event, Andy Crumshaw, Cleveland, won from Wolfe and Smith, although he drove his special built car with stumps of legs, a stump right arm and one good left arm.

Another race will be held on the Carrolltown dirt track, July 4, and several other drivers from Altoona have planned on entering.

Wray Fink is to be congratulated on his success in the event. It was his first experience in an automobile race, and many of his friends were anything but optimistic as to the place he would finish. However, once Wray attained the lead, he kept it.

Mr. Fink in the few short weeks in which he has been preparing himself as a driver proved his mettle, and despite all the kidding that he has had to undergo over at the barber shop for two weeks or more prior to the race, he kept a stiff upper lip, and came home with the bacon.

Mr. Harry Stoltz, of the Stoltz Motor Company, especially feels elated over the performance of his Model-A Ford stock car. This particular car had been in three weeks before it was converted into a racing machine. Perhaps the most notable of these was the fact that the car was struck by an electric train at Hastings a few months ago while carrying U. S. Mail, and the body at that time was demolished beyond repair. The engine and chassis were repaired following this accident by the mechanics at the Stoltz garage, and the car, despite all these handicaps, not only endured the grueling fifty-mile grind, but at the hands of Mr. Fink won the event without a single stop.

MAN AND WIFE ARE INJURED IN WRECK

Altoona Folks Seriously Hurt in Auto Accident Between Here and Carrolltown.

Desmond H. McCann, aged 33, of 1317 Sixteenth avenue, Altoona, and his wife, Mrs. Virginia McCann, aged 18, both are in a serious condition at the Altoona hospital, as a result of an automobile accident at the curve above the Paul Hoover farm between here and Carrolltown about 8:30 o'clock last Friday evening. They were injured while returning to Altoona from Carrolltown, where they were attending the automobile races.

It is said that a tire on the McCann machine blew out, causing the driver to lose control. The machine dished up the embankment into the field at the Hoover curve struck a tree and was very badly demolished. Both Mr. and Mrs. McCann, when picked up, were unconscious. They were brought to Patton immediately, and then, on the advice of local physicians rushed to the hospital.

Mr. McCann was unconscious for several days after the accident and his condition is still regarded as critical. Mrs. McCann regained consciousness shortly after being admitted to the hospital, and is suffering of several bones of the neck being broken. Mrs. McCann is resting fairly well.

The McCanns' friends say, were married quite recently. McCann himself had been acting as a mechanic at the races at Carrolltown last Friday. Both had been hurled a considerable distance from the car after the impact of the wreck. The car was towed into Patton and taken to the Stoltz garage.

TWO GOOD SHOWS COMING TO GRAND

"Devil-May-Care" Romantic Film, Comes to Grand Friday and Saturday

Ramon Navarro, dressed in the handsome uniform of a lieutenant of Napoleon Bonaparte, making his escape a firing squad; climbing into a beautiful young woman's bedroom; masquerading as a footman; duelling his way to frame and fortune—these are some of the sequences of "Devil-May-Care," Navarro's all-talking screen romance which will be at the Grand Theatre on Friday and Saturday.

The new picture adapted from the French play, "La Bataille de Dames," is said to be a perfect vehicle for the romantic Navarro. The story tells of the adventures of Armand, the exiled Napoleon's trusted lieutenant, who schemes to bring back his liege to the throne of France. When he falls in love with Leonie, ardent Royalist, complication begins.

Sidney Franklin, director of the production is said to have set a new standard for camera excellence. Among the scenes which stand out on a mountain road; the historic scene in which Napoleon bids farewell to his guard; a forest glade in which Armand and Leonie go horseback riding; scenes in French chateau and a scene filmed in technicolor in a reproduction of the grandest Versailles.

"Cohens and Kellys in Scotland" Packed Full of Laughs

If there is anything funnier than a "Cohen and Kelly" it is another "Cohen and Kelly."

The famous Irish-Jewish comedy team will be at the Grand Theatre on Monday and Tuesday. This time they appear as "The Cohens and Kellys in Scotland"—and what they leave undone in the way of mirth-provocation isn't worth mentioning. George Sidney, Charlie Murray, Vera Gordon and Kate Price are together again in this latest of Universal's uproarious "Cohen and Kelly" series. All are seasoned actors of stage and screen, singularly gifted for comedy portrayals. They work together like clockwork.

As for the story suffice to say that the Cohens and Kellys, unknown to each other, start out for Scotland with the idea of making a fortune off the natives. They find that they were exactly non-enthusiastic in their intentions. In so tough a spot do they find themselves that they sink their ancient enmity to become partners again.

The picture is studded with hilarious bits of business which sound tame when related, but the treatment of which makes for unforgettable comedy. For instance, the ineffectual attempts of Cohen and Kelly to play golf, their antics when they bet on the horse races and Cohen trying to talk Scotch, all are extremely comical.

It is no exaggeration to say there is not a dull moment in this picture. The laughs blend into one another so quickly that the mirth may fairly be said to be continuous. Given a funny plot and the finest comedians on stage and screen the result was the proverbial foregone conclusion.

Nurses in Field Making Preparations for Tour in July and August

District Nurse Nelle Murphy and two nurses of Harrisburg, the Misses Miller, were in Blainburg and other centers of this part of Cambria County, Thursday, their mission being to get in touch with conditions before the coming of the State Health and Hygiene car, which will be sent out by the State about July 28 for four weeks' work among children under school age.

Doctors and nurses will accompany the car, the motor vehicle to transport the equipment to be used in examinations of bodies and teeth of the children brought to them. The staff of doctors and nurses will not treat the children, but will give them certificates to be presented to the family physicians. If the children are found to have the need of medicine or dental care, all children of the north of the county will be eligible for free examinations and parents or guardians are urged to take advantage of the opportunity that will present itself during the period the car and the people attending it are in the district.

Enough publicity will be given the clinic before hand so there will be no excuse for not bringing the little ones for examinations. The moving clinic will be an innovation of its kind in this community and no doubt will receive a welcome by the parents of well and suffering babies and other children.

The regular June term of Criminal Court convened at Ebenburg Monday morning with the grand jury going into session to consider and pass upon the cases presented to it by District Attorney D. P. Weimer. The Court appointed Winfield S. Caples, of 327 Carr street, Johnstown, as foreman of the jury and gave to the members of the jury the usual instructions, stating that it was not necessary to give them detailed instructions, but to briefly outline to them their duties. The Court stated the jury could make inquiry of the District Attorney or of the court upon matters which were not clear to them; that they were in no sense of the word a trial jury; that they should investigate the testimony offered to ascertain whether or not it was sufficient to sustain a charge and should not examine more witnesses than were necessary to satisfy them of the sufficiency of the evidence, but that before they could ignore any bill they would have to examine all of the witnesses whose names appeared on the bill of indictment.

There are approximately 165 cases listed for presentation to the grand jury this week. One of the most important is the case of the Commonwealth against Tony Palumbo, charged with the murder of Lewis Hoffman, which occurred at Hoffman's father's farm on July 14, 1928.
