Many Items That Attracted No Bids Referred Back To County.

Despite rumored injunction suits to halt the sale of seated lands returned for taxes, no action to delay the sale was taken and the sale was conducted by County Treasurer George W. Reese in the courthouse at Ebensburg, Monday afternoon.

The sale, originally scheduled for last Aug. 4, was postponed at that time because efforts were being made to test the legality of the new law under which the sale is conducted but, with no action being taken in the interim, the sale was rescheduled for Monday and was held on schedule.

Many taxpayers declined their lands at the last minute by paying the delinquent taxes, but others took advantage of the sale to bid in their properties or to have their representatives do it for them. Such items as attracted no bids were referred back to the county for what disposition is possible under the law. In all, more than 3,000 properties were exposed to sale Monday.
