

FINNEY OF THE FORCE

By F. O. Alexander

An Affair of Honor

WADDY BING!

THE PARTHIAN SHOT

The word had just been spoken. The rejected suitor was standing before her, listening to her elaborate explanations of her decision. "I trust that I have made myself sufficiently plain," she said. "Well, I would scarcely go so far," he answered, as his courage gradually returned. "It's only fair to give nature the credit for that," he added, as he retired in good order.—Calgary Herald.

PROPER KISSING

She—Do you think kissing is proper? He—Well, we can put our heads together and study the matter.

Permanent Demand

"Reform!" "Tis sure to make a bit if worked with proper skill. This world has always needed it, and may be always will."

Food for Goddesses

"Even an artist should not quarrel with her bread and butter," protested the patient manager. "No true artist would do so," replied the gifted lady. "A true artist quarrels with nothing less than truffles and champagne."

In the Best of Families

Mrs. O'Reilly—Good morning, Mrs. Murphy. I ain't seen your old man lately. Wot took him off? Mrs. Murphy—A seizure. Mrs. O'Reilly—Dear, dear, you never say! Wot was it—eart? Mrs. Murphy—No, my dear—police.

You Little Treasure!

"Mamma," questioned five-year-old Jennie, "am I as tall as you are?" "No, dear," was the reply. "Your head comes to my waist." "Well," continued Jennie, "I'm just as short as you are, anyway. My feet are as far down as yours."

Always Hanging Around

Titlie (to young man passing by)—Hello, John! Millie—Is his name John? Your father told me it was Mat. "Oh, no. Father just calls him that because he always trips over him at our front gate."

WHY HE LEFT HOME

"Men are men where I was born. Is that why you left home?"

Methodical Finance

It has been thus for ages. 'Twill be thus for ages hence—A few acquire the money, Others get experience.

Rabbit's Foot Somewhere

Seaman—I see where Miss Snickpeff has broken her engagement with Ensign Houghtester. I think he deserted it, myself. Boatswain—Me, too. The ensign's a good guy.—Army and Navy Journal.

Saving

Husband—But darling, we must economize. Wife—Exactly what I'm doing. I'm buying everything on credit.—Capper's Weekly.

Got the Days Mixed

"Do you love me, Sadie?" "You know I do, Herman." "Herman? Darling, my name's Max." "Why so it is! Forgive me, I keep thinking this is Saturday."—Capper's Weekly.

Handling the Traffic

First Young Doctor—How's your practice? Second Y. D.—In the morning hardly anyone comes, and in the afternoon the rush falls off a bit.
