

CAMBRIA COUNTY COUNCIL REPUBLICAN WOMEN ORGANIZED

Hon. M. Vashti Burr, Unanimously Elected Chairman, at Ebensburg Meeting.

That the ten Republican Women's Clubs in Cambria County affiliated with the Pennsylvania Council of Republican Women have been working together on issues affecting Cambria County is evidenced by the unanimity of action by which their duly elected representatives met and effected at the Lincoln Tea Room, Ebensburg recently an organization to be known as the Cambria County Council of Republican Women. The purpose of the newly formed organization as set forth in its Constitution is to provide a method by which the affiliated clubs can counsel with each other and adopt proper and legislative programs affecting Cambria County and to secure equal representation of women with men on the Republican County Committee.

Membership is restricted to organizations affiliated with the Pennsylvania Council of Republican Women. Each affiliated club may elect by its executive committee one Chairman and one member for the first twenty-five, and an additional member for every additional fifty of its own membership; all members so elected shall be eligible to office in the Cambria County Council. The woman member from Cambria County on the Republican State Committee, the Vice Chairman of the Republican County Committee, and any Regional Director or Board member of the State Council residing in Cambria County are ex officio members of this new organization. Membership dues are fifty cents per member payable by the club.

There are nine officers and a Board of Directors of ten five of whom shall be elected annually for a term of two years, the officers being elected only for a term of one year or until their successors are elected. The organizations now belonging to the Cambria County Council and the names of their representatives who are members are as follows:

Sunday afternoon public services, conducted by a reverend Franciscan father, are held in the Carmelite chapel at 4 p. m. Following prayers in honor of St. Therese of Lisieux, the Little Flower of Jesus, there is Benediction of the Blessed Sacrament. After these devotions a special blessing is given by the priest to babies and little children. It is expected that practically all of the ten clubs will send delegates to the State Council Convention in Harrisburg today and Friday, where they will hear reports on the organization of a new club at Portage and the enrollment of twenty-five individual members of the State organization as the result of the recent Regional Conference above referred to.

A Model 5-Roomer at Moderate Cost

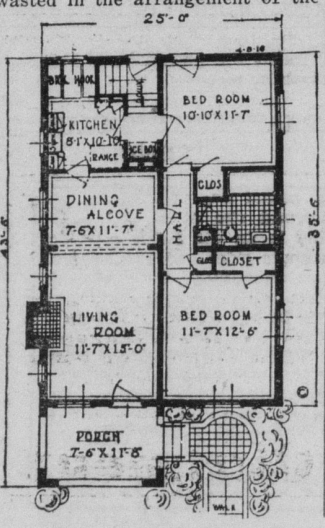

THE ARGOLA—DESIGN 4B20

IF THE FAMILY is small and one can be accommodated in a 4-room cottage, this one can be built right now at a surprisingly low cost. Materials are cheaper than they have been in a long time. Labor is plentiful and jobs are scarce, and the workman will be inclined to give his employer a better day's work for the money than in many a day. And this type of cottage may be winter-built, if necessary, without difficulty.

The construction in this case was of hardburned brick with a liberal sprinkling of clinkers which added a distinctive touch and greatly increased its appeal. The foundations were of the same material and the roof was clay tile in varied shades of red and brown. Fire safety was desired and to an exceptional degree it was attained with, if anything, a decided addition to its beauty. The walls were eight inches in thickness, built solidly.

The Common Brick Manufacturers' Association, Cleveland, Ohio, can furnish complete drawings for this design. Leaflet on brick construction sent upon request.

Not a foot of interior space was wasted in the arrangement of the

rooms. The living room, with its open grate for cool evenings in late spring and early fall, is well lighted and cheerful. A dining alcove, directly behind it, replaces the usual dining room and is amply large for the ordinary needs of a small family. A breakfast nook, small and cozy, looks out from the window in the rear of the kitchen, convenient and an appreciated step saver for the busy housewife. Two bedrooms, of good size, with the bath between, occupy the entire opposite side of the cottage. This, with the living porch, makes a very complete little home. There is no attic, but a full basement.

Common brick homes are being built of late at constantly lowering costs. Recently an even larger cottage than this, a two story of five rooms and bath, was built for less than \$5,000 for the house alone. Five and six rooms with bath are frequent at as low as \$6,500. This is an excellent bargain season.
