

Hunter Gets 100 Days In Jail for Killing of Deer

White Township Man Convicted The Second Time On Similar Charge.

Pleading guilty to charges of shooting a deer out of season, Harry Zimmerman of White township was fined \$100 and costs and sentenced to serve 100 days in the county jail after a hearing before Justice of the Peace Charles P. Rowland at Ebensburg last Thursday.

Zimmerman was arrested last week by Game Protector E. B. Thompson of Johnstown and Deputies R. A. Miller and D. V. Sheehan after a search of his premises is said to have disclosed the front and hindquarters of a two-pronged buck. A part of the animal also was found roasting in the oven in the kitchen of the Zimmerman home, the officers said. It was Zimmerman's second offense and in the event that he does not pay his fine, he must serve a total of 200 days in jail.

Fines and costs amounting to \$475.75 were levied upon Sutton and Jack Williams, both of White township, following trials before Justice of the Peace Rowland on charges of killing muskrats out of season and hunting without a license.

The charges were brought by Thompson, Miller and Sheehan after a search of the Williams home is said to have disclosed one muskrat pelt and the discovery of 42 pellets at the home of a brother, Ben Williams of Beccaria township, Clearfield county. According to the officers, Ben Williams said that the pelts were brought to his home by his brothers, who had killed the animals in White and Rede townships and in the Beaver dam section. The fine on the hunting licenses charge was \$20 and a fine of \$10 was imposed for each pelt. The defendants pleaded guilty.

Charges have been lodged against Ben Williams in Clearfield county and he will go given a hearing Nov. 21st before Justice of the Peace J. W. Lang of Beccaria township. Similar charges also are pending before Justice of the Peace Lang against Paul Kinter of Beccaria township, charged with the illegal killing of ten muskrats.

UNIDENTIFIED MAN IS DEAD AT VINTONDALE

The body of an unidentified man, aged about 50 years, was found Sunday morning along the Cambria & Indiana Railroad track a short distance from Rexis, Indiana County. The man apparently had died from a heart attack or natural causes as there were no marks on the body as evidence of foul play. He was about six feet tall and weighed between 210 and 215 pounds and was clad in a blue suit, black hat, black shoes and black overcoat. It is thought that he had been dead for more than 12 hours.

Dr. Fred W. C. Clair, Indiana County Coroner, was advised and the body was removed to the mortuary of George Ondresek at Nanty-Glo, where it will be held pending identification.

Police found a notebook among the man's few possessions and the name of Jacob Madrich was scribbled upon a sheet in the book.

CARROLLTOWN

Carrolltown Borough Council started work on a new well near the water works on Saturday. Orvis Hoffman, of Punxsutawney, has the contract for drilling. The bore will be an eight-inch one, according to the contract. Water was gotten at a depth of 145 feet in the drilling for one of the wells, and at 95 feet for the other one. The depth of the third bore is problematical. Barring trouble of any kind, the work should be completed in about eight days.

The spring that formerly fed the reservoir is dry and all the water used for some time has been pumped from the wells.

M. H. Barnicle painfully injured his nose and face in a fall while in Barnesboro. The patient stumbled in the dark near the railroad station.

Mrs. F. X. Wise and son Regis and Mrs. William Burns of Altoona, were recent guests of Mr. and Mrs. John Feighner and family of this place.

Mrs. Mary McLaughlin and granddaughter, Mary Rae Lacey, have returned home from their two-weeks' visit in New Castle, Pa., where they stayed with Mrs. Clara Reig and family, the former a sister of Mrs. McLaughlin.

Mrs. James B. Drury and Miss Henrietta Klages, of Pittsburg, arrived at the home of Attorney and Mrs. Fred Fees on Friday evening, the guests and their hostess leaving Saturday morning for Indiana State Teachers' College, where they attended a program. Miss Klages and Mrs. Fee are members of the Pi Kappa Sigma Sorority of the Indiana college.

Mrs. Joseph McClosky, of Ebensburg, is assisting in caring for her mother, Mrs. Margaret Meisel, who is seriously ill at her home south of town.

Mrs. Lawrence Grief and daughters, of Altoona, spent the week-end with their kin folks, Mr. and Mrs. James J. McGonegal, of this place.

Students of the Carrolltown High School are soliciting for the Red Cross this year, making a house-to-house canvass. The drive so far has been successful.

Mr. and Mrs. Joseph Hayes, newly-married couple, have taken up their place of residence at Ebensburg, where Mr. Hayes is employed at the Court-house. The bride was formerly Miss Mary Rose of Bakerton.

Mrs. William Jeffers and daughter, of Pittsburg, are guests of the former's mother, Mrs. Margaret Ager, of West Carroll Township, this week.

Mr. and Mrs. Benno Lehmer were host and hostess to a group of relatives at a supper held at their home on Thursday evening, when a program of music and other entertainment was carried out.

Mrs. Alvin Bender, of Ebensburg, was a guest of her sister-in-law, Mrs. Bede Bender, Thursday.

Mr. and Mrs. Michael B. Buck attended a dinner and business meeting held by the Northern Cambria Retail Lumber Dealers' Association at the Penn-Gordon Hotel, Cresson, Wednesday evening of last week.

Mrs. L. A. Shambaugh held high score at the bridge held by Mrs. G. E. Hipps for members of her club, Thursday evening.

George Krill, high school student, is nursing a fractured arm.

Miss Gladys Yeckley, daughter of Mr. and Mrs. Philip Yeckley, of East Carroll Township, is reported doing well

after the removal of her appendix at the Spangler Hospital.

The "Dark Hollow" camping club met Wednesday evening of last week to discuss plans for the deer hunting season in Clinton County, where the club recently completed a two-story cabin. The club has a membership of 12 local men. Maurice McNulty, contractor, built the camp home.

Mr. and Mrs. Urban A. Stoltz and daughter Norma were among friends in Altoona last week. The little daughter is much improved for an infected knee, which was injured by a fall.

The aged mother of Benjamin Randall, of Sylvan Park, was accompanied by her daughter, Mrs. George Sproat, of Pittsburg, from Altoona to the Sproat home to spend the winter. Mrs. Randall was formerly of Carrolltown but for the past few years has resided in Altoona with a daughter.

Mr. and Mrs. John McGonegal and family returned to their home in Duquesne on Sunday after spending a day at the home of Mrs. Amanda Wetzel, mother of Mrs. McGonegal.

Mr. and Mrs. John Hafer and family of Altoona, were among their relatives in this place Sunday.

Mr. and Mrs. Paul W. Coveney an-

nounced the birth of a daughter at their home on Carroll street, this place, Friday. The father of the newcomer is superintendent of the highways of this locality.

Mr. and Mrs. P. J. Huber had the following visitors at their home on Sunday: Edward Huber, Walter Huber, Oscar Huber and daughter, Miss Clara Huber; Mr. and Mrs. John Hite and son Norman and Mrs. Ed. Eckenrode and two grandsons, of Cresson.

Josep Switzler, Jr., now employed at Punxsutawney, was at the home of his parents, Mr. and Mrs. Joseph Switzler, over Sunday.

Mrs. Ralph Barker, of McKeesport, is visiting with her mother, Mrs. Armina Null, who is ill at her Main-street home.

The Rev. Mother Cyrilina and Sister Eulalia, nuns of St. Mary's Convent, Pittsburg, came Saturday to spend a few days at St. Scholastica's convent, Carrolltown. Sister Eulalia is superintendent of the schools taught by the Sisters of St. Benedict of the mother house, Pittsburgh, which includes the parochial schools in Carrolltown. The superintendent visited in the classrooms of the Carrolltown parochial

school on Monday. Members of the Knights of St. George of Northern Cambria will meet in St. Benedict's parochial school on Sunday afternoon to reorganize the various branches of the organization in the Northern Cambria district. There will be a number of speakers present, among them the Hon. James Dunn, well-known Cambria Countian.

GLASGOW

Repairs for all kind of electric sweepers, irons, toasters, percolators. Get our estimates.—Chas F. Pitt Co. Phone 131-M.

BIGGER CHEVROLET BETTER

PRESENTING THE NEW CHEVROLET SIX

TODAY the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

IN Both the chassis and body of this new six-cylinder Chevrolet you will find expressed, as never before, Chevrolet's well-known policy of progress through constant improvement.

FOR—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

YOUR First impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie bar and chrome-plated parabolic headlamps. The long hood lines sweep back unbroken to blend

gracefully into the new Fisher bodies. And never was Fisher's fine craftsmanship more evident than in the bodies of the new Chevrolet Six!

NOT Only are the bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

MECHANICALLY, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—and you will agree that here is the Great American Value!

AT NEW LOW PRICES

CHEVROLET has long been one of the lowest priced cars in the world. Yet due to the savings of volume production and increased manufacturing efficiency, the Bigger and Better Chevrolet is

offered at new low prices. Come in today. See and drive the new Chevrolet Six. Learn the new economy of owning a modern, fine quality, six-cylinder automobile.

Artists Now Paint Masterpieces Upon Boards Instead of Canvas

MASTERPIECE PAINTED ON GRAINLESS BOARD

NEW YORK—Modern ingenuity is relegating to the discard a custom among artists that is as old as art itself.

From the days of the old masters, artists have made their paintings upon canvas stretched over wooden frames. Unfortunately, many a priceless masterpiece has been ruined either by an accidental or, in some cases, intentional thrust of a cane or umbrella through the canvas, or by the fabrics disintegrating from long exposure to the elements. In searching for a substitute for canvas to eliminate such possibilities, it recently was discovered that a grainless presdwood board, the same as is extensively used for paneling home interiors, may be utilized by artists in two ways. One side of the board has a canvas-like surface upon which, when coated with a sizing to eliminate absorption of oils or water

colors, paintings may be made. The other or face side has a smooth, attractive finish, making the board, which is light and rigid, also adaptable as a frame for a painting.

This type of board has come into widespread use among mural painters, magazine illustrators and commercial artists. One of the leading state universities is using this material for oil and tempera water color painting instruction almost exclusively in its art department. Many paintings on these presdwood boards are being exhibited in art institutes throughout the country. The process by which this material is made is unique, and is said to insure against warping, splitting or peeling. It is produced by exploding wood chips in steam guns and then subjecting the fibrous mass to heat and pressure until it is reduced to a grainless board one-eighth inch thick
