AMERICAN LEGION IN A BIG DRIVE

Pennsylvania Round-Up Will Be Held Friday and Saturday January 9th and 10th

The big Pennsylvania Round-Up of the American Legion will be held on Friday and Saturday, January 9th and 10th. On these dates a caravan of the Pennsylvania State Police will pick up the membership cards of all posts. It is expected that the Pennsylvania Department will exceed its total 1930 membership on that date. Legion posts, locally, and all over the state are appointing membership committees to enroll all old and new members and see that the cards are delivered in time for the schedule of the Highway Patrol.

For Cambria, Blair, Bedford, Armstrong and Indiana counties, the time and place to deliver the cards to the Legion caravan is at the Post Home at 1123 Thirteenth Avenue in Altoona on Friday, January 9th from 1 to 5 P. M. Our town has a fine post and the majority of the ex-service men of the community are members. This, like most other communities, but also has many men qualified to be members of the American Legion, who have not availed themselves of their privilege. The American Legion plans much work from a national and state scope that should make every ex-service man want to be a member.

Governor Fisher is very much interested in this caravan experiment and he has assigned to the Legion a great many members of the Highway Patrol who will clear the way on the two days above mentioned for the gathering of the official membership cards on January 9th and 10th. A demonstration will be held in Harrisburg on Saturday, January 10th and an invitation is extended to all Legion members to attend. Pennsylvania is going over the top by January 10th. Will every man who is eligible to be a Legion member assist the state department in doing this? Will they help the local post attain its membership quota it should have? Join the American Legion. Mr. Ex-Service Man, you'll not regret it.

WEATHER STATION OPENS AT CRESSON

Air Line Launches Radio Broadcasting Unit for Weather Reports

The Trans-Continental Western Air Incorporation, with headquarters in Columbus, O., recently opened a radio and meteorological station on the grounds near the Summit Community Club, between Cresson and Gallitzin. The call letters of the station are WAEG operating on a frequency of 393 wilocycles and supplying information regarding weather conditions at varying intervals from observers stationed along the route, then relayed to the pilots in flight giving them a constant picture of weather conditions ahead.

The station supplies information concerning weather conditions to passenger and mail planes operating on the Trans-Continental and Western Air, Inc., on the Harrisburg and Pittsburgh section and continuous communication is maintained between station WAEG and the airplane route east or west by means of sending and receiving radio telephones in the ships.

Harold D. Sears, radio operator in charge was formerly chief engineer of radio station KCFP at Alva, Okla. and for some time was associated with the T. A. T. Madgux Airlines. He matriculated at Oklahoma University and Northwestern State College and has had seven years of experience. Mr. Sears is a native of Alva, Okla.

Harry Davis, meteorologist in charge, is a member of the T. A. T. weather staff and has served the entire route, the present assignment being his first in Pennsylvania. He was formerly with the United States Weather Bureau and previously in the Quisenberry Fund Experimental Airways Weather Service in California. His home is in Los Angeles, Cal.

The weather station and communication unit are within 200 feet of being situated on the highest point of the Allegheny Mountains.

"UP THE RIVER" AT GRAND ON CHRISTMAS

Coming at a time when genuinely hilarious comedies are at a premium, "Up the River" will be at the Grand theatre on Wednesday and Thursday of next week, with a special matinee at 2 o'clock on Christmas day. It bears the advance reputation of being the funniest picture since the advent of the talkies.

Many unique features are said to characterize this production which is John Ford's first humorous directorial effort for Fox Movietone. The story, an original by Maurice Watkins, author of that satiric triumph, "Chicago," revolves around the earnest efforts of two hard boiled burglars to promote a romance that begins behind the bars.

These lads hold the jail-breaking championship of the country, and they employ their peculiar talents with considerable frequency, even to the extent of breaking out of one jail to get into another when the comforts of the first do not measure up to their standards.

Meanwhile, the romance staggers along, helped over the bumps by the aforementioned volunteer cupids, who eventually manage to bring it to a satisfactory conclusion.

Spencer Tracy, Broadway star of "The Last Mile," and Ward Hymet, play the roles of love's little helpers, with Humphrey Bogart and Claire Luce in the romantic leads. A mighty good supporting cast is included.

The outstanding feature of the offering and the one which has made it a sensation wherever it has played, is the manner in which the comedy is sustained throughout the story. With a few well scattered lapses into seriousness to heighten the effect, the production is said to be a continuous roar from start to finish.

PLANS TEST CASES IN COST OF PRISONERS

County Seen Return of Women Inmates Because of Material Maintenance Increase

County Controller Henry L. Cannon announced on Wednesday morning that he had written two letters in regard to the keeping of county wards and prisoners at state institutions which, he says, will eventually lead to test cases which will be of almost importance and of great interest to other counties throughout the state. The case will determine whether or not the court has the authority to order the release of county prisoners from institutions of correction where they have been confined by court order.

President Judge John E. Evans is particularly interested in a decision in this case for the reason that the per capita cost of keeping these prisoners at Muncy has increased from \$100 per day to \$23 per day. It applies to females sentenced to the county jail and transferred later to Muncy. On account of the increased cost the court has ordered the transfer of certain prisoners back to Cambria county and the authorities at Muncy have refused to comply with the last order of the court.

The second letter is addressed to the Fairview State Hospital, Waymart, Pa. and has to do with the Mental Health Act, to determine whether or not inmates confined to this institution on technical charges of insanity, on peace, are to be charged for at the rate of the full per capita cost of the criminal insane. The county controller takes the position that these people are not criminally insane and should come under the provisions of the Mental Health Act, because they have never been indicted or convicted of any crime and are under no sentence, imposed on them. The legal charge of insanity of the peace is brought against these persons, thought to be mentally deficient in order to bring them under observation.

Controller is taking this action because of the expense of maintaining these inmates. In one instance the charge is \$3 per week, while in the case where the inmates are under sentence the cost is \$6.72 per week.
