Charity Begins At Home With Jimmie

By GENE BYRNES

WEEKLY HEALTH TALK

"In the Christmas mail of 1904 a letter from Denmark was received by Jacob Riis, the noted journalist, author and social service leader. In addition to the regular postage, it bore eight stamps, each, with the word 'Julen,' or Christmas, on it. There were, 4,113,000, of these stamps sold from December 9th to January 6th, in Denmark in that year—about two for every man, woman and child in the country. Inspired by this idea of a Copenhagen postal official, Jacob Riis vigorously urged the use of the Christmas seal in the United States. And you know the rest," said Doctor Theodore B. Appel, Secretary of Health, Tuesday.

"The little stamp at this season now greets us on letters and packages, carrying its message of good will and rendering a truly great service in terms of health and happiness throughout the nation. Thus, in a beautiful way it exemplifies the true spirit of Christmas.

"However, there are many persons in Pennsylvania who from a personal standpoint actually limit their health activities to the purchase of these stamps. And no matter how wonderful a job these cheery little stickers accomplish for the other fellow, it is evident that the direct benefit to the purchaser from the standpoint of physical well-being amounts to little, if he refuses to permit them to carry their message to his own heart.

"The Christmas Seal in the last analysis is an eloquently silent plea for the good health of all persons. Its first concern is for the physical; its second concern is for you. Why not, therefore, enter into the real spirit of the Christmas seal by giving to yourself the very best possible kind of a Christmas gift?

"Let Santa Claus take care of the material blessings. But permit the Christmas seal inspiringly to suggest to you that vigorous and abundant health is the very best gift that it is possible for anyone to acquire.

"No more appropriate season of the year exists for the development and maintenance of healthy, personal habits than the present one, to the end that the joy of life and living will be maintained at a hitherto unthought-of degree of efficiency.

"To eat moderately, but never too little nor too fast.

"To sleep sufficiently, and rest when the voice of fatigue so indicates.

"To exercise daily in the open air and at the same time keep play strictly geared to one's age.

"To visit the dentist twice a year.

"To have an annual physical examination.

"To eliminate the worry complex.

"To develop a cheery frame of mind.

"These are the admonitions that the Christmas seal should carry to all of us. Therefore, this year let it not only continue to do its marvelous work with the tuberculous but permit it to complete its job by working for you as well."

CHEST SPRINGS

A square dance will be held in the local hall on Saturday, Dec. 27. The Melody Makers of Patton will furnish the music.

Mr. and Mrs. Vincent Weakland were among the Christmas shoppers in Altoona Thursday.

William Adams, who is employed at Carmichael, is spending the holidays with his parents, Mr. and Mrs. Augustine Adams.

Alex Conrad and Robert Carroll were business callers in Altoona recently.

Mr. and Mrs. Augustine Storm announce the birth of a daughter which has been named Rose Marie.

Mrs. Jacob Stoltz of Akron, Ohio, is visiting her mother, Mrs. Edward Myers.

Mr. and Mrs. Walter Little, of Altoona, visited at the home of Hubert Little's brother, John Little, last week.

The new committee for the Chicken Supper and Cinch party to be held in the Grange Hall, Tuesday, December 30, is as follows: Mr. and Mrs. George Kibler, Mr. and Mrs. Kaylor Little, Mr. and Mrs. E. J. Wese, Mr. and Mrs. Geo. Wade, Mr. and Mrs. Geo. Plunkett and Mr. and Mrs. Frank Miller.

Peter Fogle and his sister, Syvilla, of Altoona, visited their parents, Mr. and Mrs. Edward Fogle, of this place, recently.

The Parochial school here closed on Tuesday, Dec. 23, for the Christmas vacation and will open again Jan. 5, 1931.

Mr. and Mrs. Kaylor Little were in Johnstown Saturday.

George Conrad and Clyde Kelly have returned to their homes here after a few days spent with friends in Wilkes-Barre.

Mr. and Mrs. Henry Nealen announce the birth of a son.

Miss Mary Jane Mulligan who has

been spending a few weeks with relatives in Patton has returned home.

Mr. and Mrs. Earl Little and children spent a few days in Altoona with Mrs. Little's parents, Mr. and Charles Conrad, last week.

After visiting relatives in Ebensburg, last week, Miss Anna Wharton has returned to her home here.

Mrs. Robert Carroll and daughter, Pattie, have returned home after spending a week with her sister, Mrs. Gordon Saker in Altoona.

William Mulligan, Jr., and Leo Horbar were business callers in Altoona on Friday.

COMMUNICATION

News of Billy Allen, Former Well Known Local Musician.

Detroit, Mich., Dec. 16, 1930. To the Editor of the Courier:

It has been my very good fortune to meet an old resident of Patton, one who distinguished himself while there as Patton's first band leader while he was yet quite a young man. As I recall the story of this gentleman, at the time he was leading the band he was still wearing knee pants.

To the old residents of Patton it would be quite unnecessary to mention the name of Richard E. Allen who by them will be better known as Dick Allen, the Boy Band Master.

Mr. Allen is living in Monterey, California with his family, having established a business of his own. He is also quite active as a musician, being at the head of the local union and he is quite widely known for his playing and his ability to teach music. Mr. Allen was also Ranking Lieutenant in the United States Army Band Overseas and for quite some time on the return to the United States after the war.

In talking to Mr. Allen he requested that in my next letter home I remember him to his old friends there and I could think of no better way than by the medium of the Patton Courier. And to give you something of a story it was necessary for me to find out some things about Mr. Allen's life, which was done through the assistance of Mr. Allen's brother-in-law who resides at the boarding house that I have made my home since my arrival in California. I am sure that Mr. Allen would be glad to hear from any of his old friends and the only address necessary is Mr. R. E. Allen, Monterey, Calif. I will also request that you send a copy of the Patton Courier to Mr. Allen containing this article.

I thank you for the attention that you will give my letter and offer you my friendliest wishes for your happiness during the Holiday Season. With kindest regards. Sincerely yours,

W. T. GRANT.

CARROLLTOWN

Mr. and Mrs. Howard Miller have returned to their home in Strongs-town after a brief visit at the home of Mrs. Mary Lauer.

Mrs. Claire Bearer and twin sons, of Ebensburg, visited at the home of Mrs. Bearer's parents, Mr. and Mrs. M. A. Buck, recently.

Mrs. Elmer Dietrick and son, Jerome, of Patton, and Miss Anna Buck of Hastings were recent visitors at the home of Mr. and Mrs. Frank N. Donahue.

John Bloom of Ebensburg was a caller in Carrolltown Thursday.

Mrs. Henry Potthoff, of Latrobe, underwent an operation on Wednesday evening of last week at the Latrobe hospital. Mrs. Potthoff is a sister of Mrs. Josephine Mangold of this place and is well known in Carrolltown.

Mr. and Mrs. Morris Westrick, Harry Bearer, and Miss Alma Stoltz were callers in Johnstown last week.

Clem Wyrrough and daughter, Bernadette, of Pittsburgh, are visiting Mr. Wyrrough's parents, Mr. and Mrs. James Wyrrough at the St. Lawrence hotel.

Mr. and Mrs. Monroe Bearer and Mr. and Mrs. Lambert Weakland recently visited in Johnstown.

Miss Marcella Maucher, of this place, and Mrs. Raymond Buck of Patton, motored to Johnstown last Thursday.

Mrs. Josephine Mangold has been confined to her home for the past ten days with illness.

Dr. A. Kesch, of Altoona, was among friends in town on Wednesday, enroute to the Spangler hospital where a clinic was held. Luncheon was served the doctors after the clinic.

Henry Lachney, school student, is ill at his home here.

Pupils of St. Benedict's Parochial school presented a Christmas program on Wednesday afternoon.

Practically all of the Carrolltown delegation of students attending various schools are home for the holiday vacation.

Mr. and Mrs. Ligouri Lacey announce the birth of a son at the Miners' hospital, Spangler, on Saturday.

Robert Hopler, who has been in the United States Naval Service for a number of years is a guest of his parents, Mr. and Mrs. Thomas Hopler.

Farm Calendar

Timely Reminders from The Pennsylvania State College School of Agriculture

ORDER GARDEN SEEDS EARLY—Successful vegetable growers find that they get the best seeds for their gardens and commercial production when they order early. The supply of popular varieties and strains often becomes exhausted before planting time. Already the mails are delivering seed catalogs from which selections can be made.

STOP PEACH DISEASE—Plant pathologists of the Pennsylvania State College emphasize the need of spraying for the control of peach leaf curl before the buds begin to swell in the spring. After the buds, crack spraying is ineffective because already has attacked the buds.

SHOW FARM CROPS—Corn, potatoes, tobacco, and small grains will be exhibited by farmers, club members, and vocational students at the Pennsylvania Farm Show in Harrisburg, January 19 to 23, 1931. Liberal prizes are offered.

PRUNE TREES PROPERLY—In pruning young trees have in mind a picture of what the mature tree will look like. Proper training of young trees, which includes light pruning, will result in a strong framework of well spaced branches. Profitable production and early bearing are the objectives.

PROLONG LIFE OF BLOOMS—When in bud, bulbs should be kept in a sunny place and given occasional applications of plant food. After the flowers have opened, remove the plants to a cooler and partly shaded location so as to keep the blooms from fading early.

TAKE FARM INVENTORY—A farm inventory is the first step in keeping farm accounts. On the average farm it requires about one-half a day to take it.

GLASGOW

Miss Anna Fox, of Greenwich, Conn., is visiting at the home of Mrs. Lucy Fox. She expects to spend some time with Mrs. Beulah Litgow, of Washington, D. C., is visiting with relatives here.

Mr. and Mrs. Ray Benn and children were visitors at the home of Mr. and Mrs. A. S. Jackson on Sunday.

Mr. and Mrs. Frank Mulhollen and children spent Sunday with Mrs. G. W. Troxell.

Mr. and Mrs. Clayton Bowman were Sunday callers at the home of Charles Bowman.

Mr. and Mrs. Raymond Jackson, of Blandburg and Mr. and Mrs. Rex Keith of Van Ormer motored to Altoona on Friday.

Vincent Fox left for Altoona Sunday when he will be employed for a few days in U. S. Government work.

Miss Genevieve Troxell was an Altoona shopper on Friday.

There will be a New Year's Program and Watch meeting at the Roseland U. B. Church on edc. 31st, 1930, everybody welcome.

2,000,000 CHRISTMAS TREES WILL BE USED IN STATE THIS YEAR

Upwards of two million Christmas trees will be used in Pennsylvania during the Holiday Season, according to estimates by officials of the State Department of Forests and Waters.

As usual, large quantities of trees will be imported into southeastern Pennsylvania particularly Philadelphia, as well as the Pittsburgh district and the anthracite region. The imported trees are mostly spruce and fir from the New England and Lake States, or from Canada.

Six or seventh hundred thousands of Christmas trees are sent into Michigan and as far west as the state of Washington. The latter trees were Douglas fir. This tree is not related to the Balsam fir of the East, but both species are in demand due to their great beauty and symmetrical form.

Larger numbers of trees than ever before will be cut this year from forest tree plantations in Pennsylvania. Some of these trees are on the market. Although seedlings, for reforestation now distributed by the Department are to be set out for timber plantations rather than Christmas tree use, many of the trees now being cut for this purpose are from plantations established more than eight years ago, before the present ruling. Others are from plantations made with seedlings purchased from commercial nurseries. The sales of planted Christmas trees from one estate in eastern Pennsylvania now amount to several thousand dollars annually.

The advantage of home grown Christmas trees is obvious, since they are freshly cut and not liable to injury in shipment. The imported trees gathered in the forests of Canada and the North Woods are commonly cut from six weeks to two months or more before Christmas. They are also tightly bound for freight shipment and are handled frequently.

In the management of Christmas tree plantations it is estimated that if sturdy seedlings or transplants are set out the trees may be cut from five to ten years after planting. A block of trees may be planted each year and after the first block becomes old enough to harvest, a subsequent block is of suitable size for each year's crop thereafter. As each block is cut it is replanted. The trees are planted from our to five feet apart, using two to three thousand to the acre.
