### SPORTSMEN WILL MEET ON THURSDAY EVENING

The regular meeting of the Cambria County Sportsmen's Association will be held in the Court House in Ebensburg, Pa., on Thursday evening, June 29th.

### A MAN TO REMEMBER

ONE OF THE SCREEN'S GREATEST GIFTS TO THE HUMAN HEART! THE PICTURE THAT LEAPED TO OVERNIGHT FAME—AND THE PICTURE THAT IS COMING TO THE

GRAND Theatre JULY 4  
PATTON

Plans for the Field Day are progressing satisfactorily with the different shooting and casting events in good shape, these being cared for by different member clubs.

The committee in charge of the dog show met last week and arranged classes for the following breeds: Pointer, English Setter, Irish Setter, Cocker Spaniel, Springer Spaniel, Fox Hound, Beagle (Standard Type), Beagle (Field Breeding), Collies and Long Haired and Short Haired Pets.

There will be an entrance fee of 50c per dog and a large percentage of this fee will be apportioned among the winners. There will also be valuable merchandise prizes.

There will be classes for puppy, male and female in each breed except beagles, and handsome ribbons will be awarded for first, second and third prizes in each class.

Competent judges will be secured for this show. The sale of tickets is being handled by the member clubs.

### Cat Forms Affection

**For a Burglar Alarm**  
RICHMOND, IND.—A burglar alarm sounded from a candy warehouse. Police hurried to the place. They walked inside, expecting to surprise a thief. It was only the office cat.  
Later a burglar alarm sounded from the same warehouse. Police hurried to the place. They walked inside, expecting to surprise a thief. I was the cat again.

### BIG COYOTE TRICKS AND KILLS CANINES

#### But Beast Not Wily Enough For Man's Cunning.

KEDDLESTON, SASK.—Having raised havoc with all local canines, an unusually large coyote was finally tricked and shot by Arthur Thompson near here when the wily animal proved not wily enough against man's cunning.

The coyote had engaged in battle almost every dog willing enough to give chase, but there was usually a flow of blood before the battle was over, as the coyote's razor-sharp fangs gashed the dog's throat. The marauder's prowess was known over the countryside and many attempts had been made by hunters to kill it.

The wily animal would lure the dogs away by running from the smaller animals, but when out of sight of man, would turn on the dog and maul it mercilessly.

Thompson, hearing of the coyote's cunning and viciousness, decided to set a trap. He baited and set one of the largest traps he could find and concealed it.

The coyote was hungry. It sniffed the air, tainted with the scent of the bait, and walked right into the trap.

But it wasn't to stay there long. The animal's size enabled it to break the chain and spring away from the log which held the trap.

Following the telltale trail of the dragging chain, Thompson took his gun and set off. He found the great, shaggy beast after traveling several miles and although the old raider showed fight, a bullet ended its life.

Thompson measured his kill and found, to his amazement, that the animal measured six feet from head to tail, with the latter 21 inches long.

### Bachelor at 100 Regrets Now He Never Married

SYDNEY, N. S. W.—William S. Jackson, who has just celebrated his 100th birthday here, has one regret—he has never married.

He confessed that for most of his life he had a "prejudice" against women. But now he has revised his views, he said, and advises all young men to marry.

Jackson, who was born in Ireland and came to New South Wales as a young man, attributes his long life to a virile outdoor life, ample exercise and good food.

He has been a builder, contractor, gold miner, fisheries inspector and surveyor. Jackson still is fairly active, and his only disability is poor eyesight. He had three brothers, all of whom married. His only sister, Mrs. McGrath, is now 95.

### 'Lie Detector' Exposes

#### Saboteur in CCC Camp

CANYON CITY, ORE.—The efficacy of the "lie detector," that controversial aid to criminal detection, was convincingly demonstrated when law enforcement officers solved a case of sabotage at CCC camp near here.

Under the direction of Dr. Frank Menne of the University of Oregon medical school, 21 CCC youths were strapped to machines and questioned. The first 20 recorded an even line as they answered the queries.

But when the twenty-first youth was asked about the unsolved crime, the needle fairly leaped.

When shown the record made by the recording needle, the youth confessed.

### Needle in Seven Years

#### Travels Through Foot

RED HILL, PA.—It required seven years for a needle point to travel "one foot."

The foot was that of James L. Wood, Red Hill farmer. He stepped on a needle seven years ago. The point penetrated the big toe of his right foot and broke, leaving a half inch of steel in the flesh. Wood forgot about the accident.

Recently, his right heel became sore and he consulted a physician. The latter made a small incision at the sore spot and extracted the needle point, explaining that it probably had traveled from the toe across the top of the foot, and into the heel.

### Bungling Burglars Lock

#### Safe That Was Unlocked

HANNA, ALTA.—The tables were turned on the thieves who entered the store of S. H. Smith, shoe dealer. Burglars found a sign hanging on the safe door: "This safe is not locked."

Apparently not believing the sign, the intruders began turning handles on the safe door and eventually locked it, much to their amazement. The safe, which had actually not been locked in the first place, took a machinist two days to open.

### CANDIDATES MUST PAY FEES BEFORE FILING

Harrisburg.—Candidates for local offices in the 1939 elections must pay the same filing fees as two years ago, despite the fact the recently adjourned legislature voted to reduce them. The fees to be paid when a candidate files his nomination petitions this

year are those fixed in 1937.

The 1939 legislature reduced the rates but failed to put an effective date in the act, signed recently by Governor James. Automatically, the law, therefore, does not go into effect until September 1st.

All nomination petitions must be filed by July 24. Circulation of the petitions began last Saturday. The 1939 act does not alter the fees

for running for the State Superior or Supreme Court, where there are vacancies this year, or for county wide offices. Candidates for state courts or any other state wide office must continue to pay \$50. County officials, except Jury Commissioners, will continue to pay \$25 even after September 1.
