MAYBE YOUR WRONG!

Maybe there IS something better in life than a soft spot and plenty of dough!—And maybe a picture about that kind of "stuff" can knock your hat right off—

WE THINK SO—And we offer in proof this great picture about folks like you and me—and a fire eating country doctor who taught his town what life is all about!—Take for granted all the young romance, excitement, drama and laughter that you expect in any good picture—Add a LIFT that only the once in a great while picture has—and you begin to get an idea of the treat in store for you!—JIMMIE FIDLER, national radio commentator, said: "Don't miss it. GEORGE McCALL, over his net-work, said, "A Grand Picture" and DOUG CHURCHILL, famous syndicate writer, called it "A Picture for your 'must-see' list."
