TRINITY METHODIST EPISCOPAL CHURCH

James A. Turner, pastor.

Church school at 9 a. m. Preaching at 10 a. m. and 7:30 p. m. Midweek bible class on Wednesday at 7:30 p. m. in the UPPER ROOM for Tuesday, June the 27th. Mr. Charles R. Bair said: "The Bible is not just a book, a compendium of facts, or a mere conveyor of truths. It mediates a Living Presence to you as you read. Its power to do this is its distinction.

For this reason the Bible is precious to Christians. No other literature has such power to produce in us the sense of Divine nearness. It does not monopolize this field but it does excel in it.

Practically all leaders of religious activity today concur in the opinion that we have lost the realization of God out of our lives to too great an extent. Nothing will restore God to our thinking and to the center of our living more quickly than a return to the habitual and devout reading of the Bible.

Sir William Jones says: "The Bible contains more true sublimity, more exquisite beauty, more pure morality, more important history, and finer strains of poetry and eloquence, than can be collected from all other books, in whatever age or language they may have been written."

Come out to the mid-week Bible class on Wednesday evening and study this great Book. It will educate you, culture you, uplift you, enlighten you.
